FUND RAISING SERVICE (PHONE-A-THON)

A. General

1. Phone-A-Thon Service provides the use of telephone facilities on Company premises during non-business hours, by non-profit groups making fund raising calls for educational, charitable and similar institutions, contributions to which are deductible for federal income tax purposes.
2. The service is provided where suitable facilities are available and during the following hours:
 5:00 P.M. to 10:00 P.M. Monday through Friday
 9:00 A.M. to 5:00 P.M. Saturday and Sunday
3. Charges for the service are covered on one bill for each campaign period.
4. All calls must be on a dial station-to-station basis.

B. Rates and Charges

1. Local calls are bulk billed in total on a minutes-of-use basis as shown for Business Usage Service in Part 4, Section 2. Calls are rated from the originating district where the telephone facilities of the Company are located.
2. Long Distance Message Service rates as shown in Part 9, Section 1 are applicable to calls beyond the local calling area.
3. The minimum daily charge is \$25.00 for all calls.

LOBBY INTERPHONE SERVICE FOR MULTIPLE APARTMENT BUILDINGS

Push Button Type Service

A. Regulations

1. This service provides for the origination of telephone calls from a building lobby to apartment telephones through the use of lobby telephones equipped with push-buttons. The lobby interphone system can process only one call at a time.
2. Lobby interphone service can be associated with only one exchange line in a tenant's apartment. Each apartment telephone connected to the service is arranged to pick up and hold one central office line and one lobby interphone line and is furnished with a lobby door unlocking feature. The service provides a distinctive ring for each type of incoming call, central office or lobby interphone, when the tenant's line is not in use. A tone signal indicates to the tenant when a lobby interphone call is waiting if his line is in use on an exchange call or vice versa.
3. Where tenants do not have residence service or have residence service, but prefer that their lobby door answering service not be associated with their residence service, lobby door answering service to a tenant may be provided through the use of a Type 2001 Channel, as specified in Part 15, Section 2.
4. One lobby interphone system with a maximum of three digits and without apartment number correspondence may serve several buildings when:
 - all buildings are served by the central office where the common equipment is located.
 - the lobby telephone provides communication only to apartments served by that lobby.
5. The building is responsible for all Lobby Interphone Service furnished except the auxiliary apartment door answering service.

B. Rates and Charges
