

This section sets forth Advanced Telecommunications Services made available by the Company for resale to its customers. General terms, conditions and service descriptions as described in Tariff ILL. C.C. NO. 23 apply where appropriate unless otherwise specified in this Part.

The application thereof is to Carrier with regard to service ordering, repair requests or billing responsibility and to Carrier's customer when designating service location, use, activation, configuration or sizing.

ADVANCED TELECOMMUNICATIONS SERVICES (Frame Relay and ATM Services)

Asynchronous Transfer Mode (ATM) Data Service and Frame Relay Data Service (FRS) defined in this Tariff were, prior to November 1, 2011, provided by AT&T Corp., also known as AT&T Advanced Services. These services are not available to new customers. These services are only available to carrier's existing customers or carriers whose customers were subscribers to the services from AT&T Corp. as of October 31, 2011. Existing term plan customers may add, move, remove or change lines and/or locations in accordance with the terms and conditions of their current term plan agreement for the duration of their current term plan agreement, but may not enter into any new term plan agreements except a new 12 month term for service additions as permitted above. The Company will support one extension of an existing non-expired term plan agreement (other than a new term plan for service additions as provided above) past its current term for twelve (12) months, provided the extension is signed on or before June 30, 2013 and the extension period expires no later than June 30, 2014. Upon expiration of the extension and for existing customers who do not extend an existing non-expired term plan agreement, service will continue on a month-to-month basis until the service is discontinued on at least 30 days prior notice by the customer or 60 days notice by the Company.
