Ordering and installation of the following services can be expedited for an additional Order Charge:

- Analog Channel Services Series 1000, 2000 and 3000 (C)

If a Carrier's customer desires that service be provided on a due date earlier than the standard established ordering or provisioning interval, the Carrier's customer may request that service be provided on an expedited basis.

The provisioning of the expedited request is based upon available facilities and is limited to twelve (12) two-point or six (6) multi-point Analog/DS0 circuits at the same location and a limit of four (4) DS1 circuits at the same location. Expedited order requests do not apply to services that are jointly provided by AT&T Illinois and an Independent Telephone Company.
