

## ACCESS SERVICE

### 3. Carrier Common Line Access Service

The Telephone Company will provide Carrier Common Line Access Service (Carrier Common Line Access) to customers in conjunction with Switched Access Service provided in Section 6 of this tariff.

#### 3.1 General Description

Carrier Common Line Access provides for the use of end users' Telephone Company provided common lines by customers for access to such end users to furnish Intrastate Communications. The rate elements included in Carrier Common Line are the Carrier Common Line Charge (CCL) and the Special Access Surcharge.

The CCL is a usage sensitive element that applies to switched access minutes of use as a premium rate. The application of premium rate for a specific customer depends upon the type of service. The rules for applying CCL rates are provided in Section 3.8.

(D)  
(D)  
(D)

The Special Access Surcharge, as set forth in Section 7.4.2(E), will apply to intrastate special access service provided by the Telephone Company to a customer, in accordance with regulations as set forth in Section 7.4.2.

(T)  
(T)

**ACCESS SERVICE****3. Carrier Common Line Access Service****3.2 Limitations#****3.2.1 Exclusions**

Neither a telephone number nor detail billing are provided with Carrier Common Line Access. Additionally, directory listings and intercept arrangements are not included in the rates and charges for Carrier Common Line Access.

Switched Access Services minutes that are determined to be intrastate intraMSA shall not be assessed Carrier Common Line Access per minute charges.

**3.2.2 Access Groups**

All line side connections provided in the same access group will be limited to the same features and operating characteristics.

All trunk side connections provided in the same access group will be limited to the same features and operating characteristics.

**3.2.3 Dedicated Access Lines**

Where Switched Access Services are provided in conjunction with Special Access Services at Telephone Company Designated WATS Serving Offices for the provision of WATS or WATS-type Services, Switched Access Service minutes which are carried on that end of the service, (i.e., originating minutes for outward WATS and WATS-type services and terminating minutes for inward WATS and WATS-type services) shall not be assessed Carrier Common Line Access per minute charges.

**3.3 Undertaking of the Telephone Company**

**3.3.1 Provision of Service**

Where the customer is provided Switched Access Service under other sections of this tariff, the Telephone Company will provide the use of Telephone Company common lines by a customer for access to end users at rates and charges as set forth in 3.9 following.

**3.3.2 Interstate and Intrastate Use**

The Switched Access Service provided by the Telephone Company includes the Switched Access Service provided for both interstate and intrastate communications. The Carrier Common Line Access rates and charges as set forth in 3.9 following apply to interstate Switched Access Service access minutes in accordance with the rate regulations as set forth in 3.8.4 following (Percent Interstate Use - PIU).

(C)

**3.4 Obligations of the Customer**

**3.4.1 Switched Access Service Requirements**

The Switched Access Service associated with Carrier Common Line Access shall be ordered by the customer under other sections of this tariff.

**3.4.2 Supervision**

The customer facilities at the premises of the ordering customer shall provide the necessary on-hook and off-hook supervision.

### 3. Carrier Common Line Access Service (Cont'd)

#### 3.6 Determination of Usage Subject to Carrier Common Line Access Charges

Except as set forth herein, all Switched Access Service provided to the customer will be subject to Carrier Common Line Access charges.

##### 3.6.1 Determination of Jurisdiction

When the customer reports interstate and intrastate use of Switched Access Service, the associated Carrier Common Line Access used by the customer for both interstate and intrastate will be determined as set forth in 3.8.5 following (Percent Interstate Use - PIU).

##### 3.6.2

(D)

##### 3.6.3 Local Exchange Access and Enhanced Services Exemption

When access to the local exchange is required to provide a customer service (e.g., MTS/WATS-type, telex, Data, etc.) that uses a resold private line service, Switched Access Service Rates and Regulations, as set forth in Section 6 following will apply, except when such access to the local exchange is required for the provision of an enhanced service. Carrier Common Line Access rates and charges as set forth in 3.9 following apply in accordance with the resale rate regulations as set forth in 3.7.4 following.

**ACCESS SERVICE****3. Carrier Common Line Access Service (Cont'd)****3.6 Determination of Usage Subject to Carrier Common Line Access Charges (Cont'd)****3.6.4 Switched Access Service Provided in Conjunction with a Cellular Carrier or a Radio Common Carrier**

For Switched Access Service provided in conjunction with public mobile service to a customer subject to Switched Access charges, where Telephone Company common line facilities are not used, Carrier Common Line charges do not apply.

**3.6.5 Switched Access Dedicated Network Access Link**

For Switched Access Dedicated Network Access Links, Carrier Common Line charges do not apply.

**3.7 Resold Access Services****3.7.1 Scope**

Where the customer is reselling MTS and/or MTS-type service(s) on which the Carrier Common Line and Switched Access charges have been assessed, the customer may, at the option of the customer, obtain Feature Group A, Feature Group B or Feature Group D Switched Access Service under this tariff as set forth in Section 6 following for originating and/or terminating access in the local exchange. Such access group arrangements, whether single lines or trunks or multiline hunt groups or trunk groups, will have Carrier Common Line Access charges applied as set forth in 3.9 following. Rate regulations for the Carrier Common Line (CCL) charge are described in 3.8. In addition, the CCL will apply in accordance with the resale rate regulations set forth in 3.7.4 following. For purposes of administering this provision:

(T)

Resold interstate terminating MTS and MTS-type service(s) shall include collect calls, third number calls and credit card calls where the reseller pays the underlying carrier's service charges; and shall not include intrastate minutes of use.

Resold interstate originating MTS and MTS-type service(s) shall not include collect, third number, credit card or intrastate minutes of use.

**3.7.2 Customer Obligations Concerning the Resale of MTS and MTS-type Services**

When the customer is reselling MTS and/or MTS-type service as set forth in 3.7.1 preceding, the customer will be charged Carrier Common Line Access charges in accordance with the resale rate regulations as set forth in 3.7.4 following if the customer or the provider of the MTS service furnishes documentation of the MTS usage and/or the customer furnishes documentation of the MTS-type usage. Such documentation supplied by the customer shall be supplied each month and shall identify the involved resold MTS and/or MTS-type services.

(D)  
—  
(D)

The monthly period used to determine the minutes of use for resold MTS and/or MTS-type service(s) shall be the most recent monthly period for which the customer has received a bill for such resold service(s). This information shall be delivered to the Telephone Company, at a location specified by the Telephone Company, no later than 15 days after the bill date shown on the resold MTS and/or MTS-type service bill. If the required information is not received by the Telephone Company, the previously reported information, as described preceding, will be used for the next two months. For any subsequent month, no allocation or credit will be made until the required documentation is delivered to the Telephone Company by the customer.

##### (A) Apportionment and Adjustment of Resold Minutes of Use

When the customer is provided with more than one access group in a LATA in association with the resale of MTS and/or MTS-type services, the resold minutes of use will be apportioned as follows:

##### (1) Originating Services

The Telephone Company will apportion the resold originating MTS and/or MTS-type services and originating minutes of use for which the resale credit adjustment applies, among the access groups. Such apportionment will be based on the relationship of the originating usage for each access group to the total originating usage for all access groups in the LATA. **(1) Originating Services (Cont'd)**

Resold originating MTS and/or MTS-type services minutes shall be only those attributable to intrastate originating MTS and/or MTS-type minutes and shall not include collect, third number, credit card or interstate minutes of use. (C)

The resale credit adjustment shall apply for resold originating MTS and MTS-type services and minutes of use, provided Carrier Common Line and Switched Access Charges have been assessed on such services. (C)

**(2) Terminating Services**

The Telephone Company will apportion the resold terminating MTS and/or MTS-type services and terminating minutes of use for which the resale credit adjustment applies, among the access groups. Such apportionment will be based on the relationship of the terminating usage for each access group to the total terminating usage for all access groups in the MSA. For purposes of administering this provision:

Resold terminating MTS and/or MTS-type services minutes shall be only those attributable to intrastate terminating MTS/MTS-type (i.e., collect calls, third number calls, and credit card calls) and shall not include interstate minutes of use or MTS/MTS-type minutes of use paid for by another party. (C)

The resale credit adjustment shall apply for resold terminating MTS and MTS-type services and minutes of use, provided Carrier Common Line and Switched Access Charges have been assessed on such services. (C)

##### 3.8.1

##### 3.8.2 Billing of Usage Charges

Carrier Common Line charges will be billed to each Switched Access Service provided under this tariff in accordance with the regulations as set forth in 3.8.5 following (Determination of Premium Charges) except as set forth in 3.7.4 preceding (Resale) and 3.8.5 following (Percent Interstate Use - PIU).

(D)

##### 3.8.3 Measuring and Recording of Call Detail

When access minutes are used to determine Carrier Common Line charges, they will be accumulated using call detail recorded by Telephone Company equipment except as set forth in 3.8.4 following (Unmeasured FGA Usage) and automated operator services systems call detail such as pay telephone sent-paid, operator-DDD, operator-person, collect, credit-card, third number and/or other like calls recorded by the customer. The Telephone Company measuring and recording equipment, except as set forth in 3.8.4 following (Unmeasured FGA Usage), will be associated with end office or local tandem switching equipment and will record each originating and terminating access minute where answer supervision is received. The accumulated access minutes will be summed on a line by line basis, by line group or by end office, whichever type of account is used by the Telephone Company, for each customer and then rounded to the nearest minute.

if the customer does not provide a Percent Common Line report, the percent of calls or minutes that terminate to a common line will be assumed to be 100. When a customer provides a report, the percent will continue to be used until it is superseded by a subsequent report. When the customer determines that any currently effective PCL is no longer accurate, the customer shall report a revised percent. The revised PCL will become effective on the first day of the next monthly billing period which begins at least 15 business days after the day on which the customer reports the revised percent to the Telephone Company.

when the customer makes this report available to the Telephone Company in advance of billing, these minutes of use will be charged on the current bill as originating minutes of use as set forth in (E) following. If a billing dispute arises concerning the customer provided report, the Telephone Company will request the customer to provide the data the customer used to develop the report. The Telephone Company will not request such data more than once a year. The customer shall supply the data within 30 days of the Telephone Company request.

when this report is not available to the Telephone Company until after billing, it shall be used by the Telephone Company to calculate and post a credit to the customer's account. The credit shall be posted to the customer's account within 30 days of receipt of the report. The credit shall be calculated by multiplying the number of access minutes of use, for which a credit is determined to be applicable, times the difference between the terminating and originating Carrier Common Line charges in effect when the calls were completed.
