**6.8.2 Description and Application of Rates and Charges (Cont'd)**

(D) Application of Rates (Cont'd)

(5) Entrance Facility and Direct Transport Service Rate Application  
(Cont'd)

(b) Direct Transport Services (Cont'd)

The rates for Entrance Facilities, Direct Transport Channel Mileage Terminations and Direct Transport Channel Mileage are set forth in Section 6.9.6 following.

(6) Optional Payment Plan (OPP) for LT-1 and LT-3 Switched Transport Services

(a) General

The Optional Payment Plan is a provision that allows a customer to select LT-1 and LT-3 Entrance Facilities, Direct Transport and Multiplexing Service over a 12, 36 or 60 month<sup>/1/</sup> payment period. Monthly rates for service installed under this Payment Plan will change as Telephone Company initiated rate charges become effective but during the OPP term will not exceed the monthly rate in effect at the beginning of the customer's OPP term. (C)

During the term of the selected OPP, Telephone Company initiated rate changes (increases or decreases) will automatically be applied to the monthly payments for the remaining months of the current OPP term. But in no case will any rate change cause the monthly rate during the OPP term to exceed that in effect at the beginning of the customer's OPP term.

LT-3 OPP Entrance Facilities with an Optical Interface are composed of two rate elements, LT-3 Service Packages (SP) and LT-3 Service Channels (SC) as described in 6.8.2(D)(6)(f) following. LT-1 and LT-3 Switched Transport Service rates and charges for which the OPP is available are listed in 6.9.1 and 6.9.6 following.

Customers subscribing to the OPP will be subject to nonrecurring charges as specified in 6.9.6(B) for installation and rearrangements of services covered by the plan. The nonrecurring charges will not be spread over the OPP term. If the customer subscribes to the OPP on an existing service with no other changes, no nonrecurring charges will apply.

<sup>/1/</sup> Effective on March 1, 2019, Switched Access Term Plans of greater than 36 months are no longer available, including for any otherwise available renewals, extensions or conversions. Circuits already subject to a Switched Access Term Plan of greater than 36 months, as of March 1, 2019, will continue to be provided under that plan for the remainder of that term. (N)
