PRIMARY RATE ISDN: SMARTTRUNK® (cont'd)

K. Service Terms (cont'd)

3. Options Available Upon Expiration of the Service Term

Upon the expiration of the 12-, 24^{1/1}-, 36^{1/1}-, 48^{1/1}-, or 60^{1/1}-Month Service Term, the customer may:

- a. At any time during the Service Term or an existing term extension as provided in this paragraph, extend the Service Term contract for an additional 12^{1/1}-months at the current published rate in the Guidebook on the date of the extension. SmartTrunk Port term extensions do not include associated DS1 facility when provisioned over higher level transport service's vacant bandwidth. The availability of this term extension option at any time is subject to the Company's right to discontinue or to otherwise change this option. Customers who exercise the term extension are not entitled to a different rate based on the overall term as extended (e.g., customers who initially have a 36-month Service Term and extend it by an additional 12^{1/1} months are not entitled to the rates allowed under a 48-month Service Term). An extension will begin on the expiration date of the existing Service Term contract or term extension. The customer will be required to sign an addendum to their Service Term contract for each term extension. (C)

During the 12^{1/1}-month Service Term contract extension period(s), the customer may terminate the service, or any service components, at any service location on thirty (30) days' notice without incurring a termination charge. (C)

Terms outlined in Paragraph M.1, disallowing any Company-initiated rate increases for the duration of either the 12-, 24^{1/1}-, or 36^{1/1}-month Service Term, do not apply to 12-, 24^{1/1}- or 36^{1/1}-month Service Term extension rates. The Company reserves the right to change 12-, 24^{1/1}- or 36^{1/1}-month Service Term extension rates (increase or decrease) at any time. Pursuant to applicable requirements, the Customer will be notified in advance of any price increases to their 12-, 24^{1/1}- or 36^{1/1}-month Service Term contract extension rates.; or (C)

- b. if customer has not entered into a new Service Term contract (per Paragraph c.), or term extension (per Paragraph a.):
 - for customer contracts expiring prior to November 1, 2017, continue service at the Month-to-Month price then currently in effect for the Month-to-Month Payment Plan, subject to the Company's right to modify rates upon notice, or (C)
 - for customer contracts expiring on or after November 1, 2017, continue service at the Monthly Extension rates in effect at the time the Service Term contract expires, subject to the Company's right to modify rates upon notice. Subject to the requirement to sign an addendum, customers under the Monthly Extension rates may convert their existing service to a 12^{1/1}-month Service Term at the then current published rate in the Guidebook on the date of extension. The customer will not be assessed any associated non-recurring charges as long as the physical serving arrangement does not change. (C)

Monthly Extension rates are equal to one hundred fifty percent (150%) of the customer's expiring contractual rate, subject to the Company's right to increase Monthly Extension rates at any time pursuant to notice to the Customer in advance of any rate increase; or (C)

/1/ Effective September 30, 2024, SmartTrunk term periods exceeding 12 months will no longer be available. The Company will renew SmartTrunk Service only for additional 12-month terms by written amendment. If a 12-month term amendment is not signed, upon expiration of the term the month-to-month Volume Price Rates listed in the applicable Guidebook will apply.

PRIMARY RATE ISDN: SMARTTRUNK® (cont'd)**L. Calling Scopes And Distance Sensitive Rates**

The application of any distance-sensitive rates for services associated with SmartTrunk (e.g., toll rates, private lines, etc.) will be based upon the V & H coordinates of the customer's SmartTrunk serving office or by the normal serving office. The local calling scope associated with SmartTrunk will be determined by the local calling scope of the SmartTrunk serving office or by the calling scope of the normal serving office, as defined in Part 4, Section 2.

M. Rate And Charge Applications

1. Recurring, installation, and Nonrecurring charges are applicable according to the specific schedule for the service quoted under this plan.
2. The monthly rate applicable at the time a customer subscribes or elects an additional service term for the SmartTrunk Interface (SI) or Port under this plan, are subject to Company initiated rate increases for the duration of the applicable^{/1/} Service Term. (C)
3. Installation charges for SmartTrunk are normally billed in full at the time of installation. Special construction charges are normally billed under one of the options detailed Part 2, Section 5. Additional options are available for special construction charges and installation charges associated with SmartTrunk. When requested by the customer prior to installation, these charges may be paid by making a series of monthly payments over a specific payment period. SmartTrunk installation charges may be deferred over a payment period of 12, 24^{/1/}, 36^{/1/}, 48^{/1/} or 60^{/1/} months. For special construction charges, the customer may choose from the options detailed in the Part 2, Section 5, or choose a payment period of 24^{/1/}, 36^{/1/}, 48^{/1/} or 60^{/1/} months. The payment period selected for the installation charges and/or special construction charges must not exceed the selected Service Term for the customer's SI. (C)

To compute the value of the monthly-deferred charge payment, the installation and/or special construction charge is multiplied by the annuity factor for the appropriate term. A charge equal to the sum of the remaining payments will be due immediately should the service be terminated early.

A table of annuity factors is listed in Part 2, Section 2.

4. In the event that the SmartTrunk Interface (SI) or Port is disconnected after the service is established, but prior to expiration of the Service Term, the customer will be required to pay a termination charge for the SI or Port disconnected. Payment of the termination charge does not release the customer from other previous amounts owed to the Company. The termination charge for the SI or Port will be, in addition to any unpaid Special Construction or Nonrecurring Charges (excluding waived charges), equal to fifty percent (50%) of all recurring charges for the remaining months of the customer's Service Term

^{/1/} Effective September 30, 2024, SmartTrunk term periods exceeding 12 months will no longer be available. The Company will renew SmartTrunk Service only for additional 12-month terms by written amendment. If a 12-month term amendment is not signed, upon expiration of the term the month-to-month Volume Price Rates listed in the applicable Guidebook will apply.

/1/ Rates and charges stated are in addition to those specified for Direct Inward Dialing (DID), Direct Outward Dialing (DOD), Private Line Service and Special Access Service in other service publications of the Company and are applied as stated in paragraph M.8.

/2/ Applies only when an additional unit is ordered and installed with an initial unit per customer, per request, per due date.

/3/ Business customers who currently have service with another carrier and now establish SmartTrunk service with the Company will receive a waiver of all Installation Charges, Service Connection Charges, and Conversion Charges associated with this rate element. This offer cannot be combined with any other nonrecurring and/or conversion charge credits or waiver offers.

/4/ SmartTrunk Port has the same functionality as the SI but does not include the facility between the customer's premises and the SmartTrunk serving office. The connection is made using a Company provided facility purchased separately. This facility must be at a minimum of DS1 level and must conform to Technical Specifications listed in paragraph E.

/5/ Effective September 30, 2024, SmartTrunk term periods exceeding 12 months will no longer be available. The Company will renew SmartTrunk Service only for additional 12-month terms by written amendment. If a 12-month term amendment is not signed, upon expiration of the term the month-to-month Volume Price Rates listed in the applicable Guidebook will apply.

/6/ Upon expiration of the Service Term, if customer has not entered into a new Service Term contract or term extension, or disconnected service, Monthly Extension rates will apply (see Paragraph K.3.b.). Monthly Extension rates are equal to one hundred fifty percent (150%) of the customer's expiring contractual rate, subject to the Company's right to increase Monthly Extension rates at any time pursuant to notice to the customer in advance of any rate increase.
