1. Changes, additions, or rearrangements for station lines and/or optional features:
    - a. Nonrecurring charges from this section will apply.
    - b. Service charges from Section A4 will apply. (T)
  - C.** Subscribers of BellSouth Centrex service, upon the conversion of the central office facilities from one switch type to another, must convert to corresponding switch type features. (T)
    1. Conversion will be within thirty (30) days of the central office conversion.
    2. Nonrecurring charges from this section will not apply.
    3. Cancellation charges for original service will not apply.
    4. If subscriber had a Rate Stability Plan in effect, it will continue uninterrupted.
    5. Service charges from Section A4 will not apply. (T)
    6. Changes, additions, or rearrangements:
      - a. Nonrecurring charges from this section will apply.
      - b. Service charges from Section A4 will apply. (T)
  - D.** Conversions will not be allowed on suspended service.

#### A12.25.6 Payment Schedules

- A.** General
1. BellSouth Centrex service is offered at the rates and charges indicated in this section. (T)
  2. The subscriber may choose from the Payment Plans and Rate Stability Plans as offered in this section.
  3. The rates applicable for the Common Equipment and Station Links must be under the same Payment Plan.
  4. The rates for the Common Equipment indicated in this section may be stabilized for 12, 24, 36, 48<sup>l</sup>, or 60<sup>l</sup> months, as selected by the subscriber, with a Rate Stability Plan under the rules and regulations in this section. (C)
  5. Subscribers will have the BellSouth Centrex service Common Equipment rates indicated in this section stabilized for their chosen Payment Plan and Rate Stability Plan period. Stabilized rates will not be subject to Company initiated increases for the duration of the stabilized period. Rates for the Station Links, Standard Features, Optional Features, and other rate elements in this section associated with BellSouth Centrex service will not be increased for the Rate Stability Plan period associated with the Common Equipment. Decreases for any rate element will automatically flow through to all customers. (T)
  6. Except as indicated in A12.25.6.A.5., the Common Equipment Payment Plan recurring rate will be applicable for the length of the Rate Stability Plan period subject to the Cancellation Charge indicated in A12.25.6.C. Station Links, Standard Features, and Optional Features may be added or removed without the application of a Cancellation Charge. (T)
  7. The Company is allowed the option to provide BellSouth Centrex service under a Contract Service Arrangement according to the rules and regulations in Section A5 in either of the following circumstances. (T)
    - a. In the Company's judgment, the cost of providing BellSouth Centrex service is significantly different from the cost developed to support the rates in this *guidebook* section, or (T)
    - b. The customer willingness to pay for an individual service, due to competitive alternatives, is above our cost to provide the customer's service but below the *guidebook* price. (T)
- B.** Expiration of Rate Stability Plan Period
1. BellSouth Centrex service subscribers may upon the expiration of their contract choose either a. or b. following. (T)
    - a. The subscriber may continue to receive BellSouth Centrex service under their previously selected Payment Plan and Rate Stability Plan period for their Common Equipment. The currently effective rates will apply for the Common Equipment, Standard Features, Optional Features, and other rate elements in this section. (T)

**Note 1:** Effective September 1, 2013, payment periods greater than 36 months are no longer available for new or renewing subscribers of BellSouth Centrex Service. (N)

**A12.25.11 Standard Features**

**A. General**

1. The quantity of features offered as standard and optional will be dependent on the switch type.
2. The maximum number of features that can be provisioned on a station line is dependent on the serving central office.
3. All features are offered where facilities permit. This will be dependent on the serving central office.
4. Feature operation may vary based on the serving central office.
5. The operation of some features may make them incompatible with other features requested by the subscriber. Incompatible features will not be provisioned on a station line.
6. A list of the Standard Features is available for each switch type as indicated in A12.25.21. As additional features become available in each switch type and are offered by the Company with this service as Standard Features, those additional features will be added to the Standard Features lists. As features are no longer made available by the Company with this service, those features will be deleted from the Standard Features lists.
7. Standard Features for BellSouth Centrex ISDN service are listed in A12.26.
