NPA-NXX Listing Files may be sorted in any of the following customer designated sequences: NPA-NXX code, zip code (when available on records), residential customer, business customer and/or "A to Z" extractions. NPA-NXX Listing Files will include subscriber listing information associated with foreign exchange, remote call forwarded and 800 numbers.
- D. Directory Publishers Database Service (DPDS) makes optionally available an Update Service, which provides changes in subscriber listing information as reflected in daily service order activity affecting the designated database of listings maintained by the customer sorted in any sequence described in paragraph C. DPDS update information is provided in daily, weekly or monthly increments, as specified by the customer.

- F. A New Connect Report (NCR) option, which utilizes only "N" type service order activity, is made available via Directory Publishers Database Service (DPDS). The NCR provides the listed name, address and telephone number (as well as the billing address if different from the listed address) of only new residential and/or business subscribers (ordering DPDS customers may specify residence, business or both). The listing data provided includes only the name and complete mailing address for new subscribers with non-listed and non-published numbers. Listing data provided via the NCR may be used for updating and/or delivery of directories. NCR does not, however, provide data sufficient in and of itself to make current any existing customer listing files that would later be used to publish a directory of all subscriber lines in a given area. In addition, Business listings provided via the NCR may be used for soliciting yellow page advertising.
- G. DPDS provides subscriber listing information detail as follows:
 - 1. NPA-NXX Listing File
An extract containing the listed names, addresses, zip codes (when available on records), primary business classification (when available on records) and telephone numbers of Company subscribers located within the NPA-NXX codes requested. The extract also contains only the name and complete mailing address for non-listed and non-published subscribers.
The Company will require two (2) weeks after receiving an order to prepare and provide a requested NPA-NXX Listing File.
