A2. GENERAL TERMS AND CONDITIONS

A2.3 Establishment And Furnishing Of Service (Cont'd)

A2.3.1 Availability Of Facilities (Cont'd)

E. Exchange Boundary Administration Procedures (Cont'd)

1. Intracompany Procedures (Cont'd)

- f. All buildings and premises of a subscriber on his continuous property are considered to be in the same area.
- g. All buildings and premises on the continuous property of a common endeavor, such as an estate, amusement park, or airport, are considered to be in the same area as the owner or operator of the common endeavor. Each occupant of such building or premises may subscribe to his own service; however, this procedure is applicable to every occupant of such building or premises, whether or not a part of or concerned in the common endeavor.
- h. In developments, such as trailer parks, tourist camps, and housing projects, where the buildings, trailers, or other structures are occupied by persons who are not a part of a common endeavor, private streets, roads, and driveways in such developments are considered, under the provisions of the preceding paragraphs, to be public roads for the purpose of determining the road to which a building, trailer or other structure has an entrance. Each building, trailer and other structure is considered separately for the purposes of determining the area from which it will be served.

2. Intercompany Procedures

Beginning on April 8, 1989, the following procedures will be used with respect to establishing intercompany boundaries of exchange areas. Intercompany exchange boundaries will be administered according to the geographical location of the customer's principal premises except in the following cases:

- a. All units of a multi-unit building, such as a two family house, an apartment house, or an industrial building, are considered to be in the same area.
- b. All buildings and premises on the continuous property of a common endeavor, such as an estate, amusement park, or airport, are considered to be in the same area as the owner or operator of the common endeavor. Each occupant may subscribe to his own service; however, this procedure is applicable to every occupant of such buildings or premises, whether or not a part of or concerned in the common endeavor.

- F. The Company may discontinue certain Company services in geographic areas for which the Company has no customers subscribing to those services. (N)

A2.3.2 Flat, Measured¹ And Message¹ Rate Service

- A. When Flat, Standard Measured, Low-Use Measured, Message rate or Area Calling Service types of service are offered in an area, an applicant may, at his option, select either type of service or combination of services for the applicant's private residence location.

An applicant at a business location may select either flat, measured or message rate service when they are available in the exchange. However, a combination of these different types of services will not be furnished to the same subscriber at the same business location. Different applicants at the same business location, even in the same office, may each subscribe to a different type of service as long as each applicant has a different account and the applicants do not share a communication or other key-type system. The exceptions to the mixing restrictions for business locations are listed following:

- 1. To hotel and hospital premises where Flat Rate Service may be provided for the exclusive use of hotel or hospital management, in addition to the Area Calling Service, Measured or Message Service ordinarily provided in guests' or patients' rooms and lobbies, or Flat Rate Service may be provided in guests' or patients' rooms in addition to Flat Rate Service for management use in hotels and hospitals. This exception does not permit the combining of Area Calling Service, Measured and Message Rate Trunks. Guests or patients may contract separately for one of the services that may otherwise be available to them.
- 2. To premises where pay telephones may properly be located.
- 3. To premises where Back-Up Line service may properly be located with flat rate primary line service.
- 4. To premises where Flat Rate Service is used for voice transmission and usage rate service is used for transmission of medical information only, for emergency purposes only, for answering machines only, for fax machines only, or for computer data communications only, and the usage lines are not part of the primary voice system at that location. It shall also apply for premises where usage service is used for voice transmission and flat rate service is used for the same purposes stated above.
- 5. To premises where toll terminals are located.
- 6. To premises which have Premium Area Calling Service and request Business Flat Rate Service for additional lines or which have Business Flat Rate Service and request Premium Area Calling Service for additional lines.

Note 1: Business only.

B2. TERMS AND CONDITIONS

B2.1 Undertaking Of The Company (Cont'd)

B2.1.4 Provision Of Facilities

- A. The Company or the Company and other carriers will provide all facilities necessary for private line service, to the demarcation point at a customer premises, except that, the customer or authorized user may provide his own terminal equipment or communications systems for use with such service as specified in 1 through 6, or as otherwise specified hereinafter.
1. When a private line is used for voice communications for the purpose of remote operation of mobile radiotelephone systems, it is contemplated that the customer or authorized user shall provide all station apparatus for such use.
 2. Where the customer or authorized user provides his own communications system or terminal equipment, the customer or user, except as provided in B2.6.3.A, may provide all station apparatus and associated channels which are a part of the system and which are located on the same customer's premises as the system.
 3. When a private line is used for teletypewriter transmission, the teletypewriter equipment may be provided by the customer or authorized user. On a given private line at a given premises all such equipment must be provided by the customer or authorized user. Such equipment must operate at a line signaling speed not to exceed that specified for the channel facilities furnished.
 4. When a private line is used for data transmission which requires terminal equipment (data sets) as specified in B2.6.4.G, such data sets may be provided by the customer or authorized user except that the Company shall furnish all data sets, located in the Company's central offices. Where the customer or authorized user elects to provide his own data set(s) on a given private line, it shall be the responsibility of the customer or authorized user to ensure the continuing compatibility of such data set(s) with the facilities furnished by the Company.
 5. When a private line is used for transmission purposes other than voice and teletypewriter except as specified in 1, 2, and 3, it is contemplated that the customer or authorized user will provide the station equipment for such other purposes.
 6. A private line furnished for voice transmission or in connection with Foreign Exchange Service may be connected with broadcasting equipment at a radio or television station to permit broadcasting of a recording of a telephone conversation during the period of the recording provided that in the interest of protecting the privacy of the telephone service the recording is made in accordance with B2.6.4.
- B. The Company undertakes to maintain and repair the facilities which it furnished. The customer or authorized user may not rearrange, disconnect, remove or attempt to repair any equipment installed by the Company except upon the written consent of the Company.
- C. The Service Installation Guarantee, as set forth in B2.4.17 is applicable to specified services offered in this Guidebook. The Service Installation Guarantee is applied on a per circuit basis for Private Line services. The following list identifies some of the individual Private Line services which are eligible for credit of nonrecurring charges under "Service Installation Guarantee" found in B2.4.17:
- MegaLink Channel Service
 - MegaLink ISDN Service¹
 - MegaLink Service
 - SynchroNet Service
 - Voice Grade Service (Series 2000)
- Other services eligible for credit of nonrecurring charges under Service Installation Guarantee provisions are noted in their respective Sections.
- The following service(s)/service elements are not eligible for such credit:
- Custom Network Service
 - FlexServ Service
 - BellSouth 256 DSL Service
- D. The Company may discontinue certain Company services in geographic areas for which the Company has no customers subscribing to those services. (N)

B2.1.5 Reserved For Future Use

Note 1: MegaLink ISDN service obsoleted 10/30/96. (See Section B107)
