A100.1 General

- A.** Service offerings listed herein are classified as obsolete. Conditions applicable to these offerings are set forth in paragraphs following.
1. Basic local services
Coding to indicate those classes of basic local service which are not offered at all or which have been obsoleted may be shown in Section A3 with appropriate footnotes. The footnotes are keyed to the specific exchanges to which they apply.
 2. On or after May 1, 2022, service offerings (other than classes of basic local exchange service) which have been made obsolete are found in the section(s) for that service, and the specific provisions in each case being stated at the beginning of the text for the obsoleted service offerings affected. (N)
 3. Prior to May 1, 2022 service offerings which have been made obsolete (other than those shown in Section A3) are classified according to the categories shown following: (N)

 Type B - Not available for new installations, additions or on transfers of service to new location.
 Type C - Unit no longer being manufactured; offered for new installations only as obtainable from existing stock.
 Type D - Any other arrangement; the specific provisions in each case being stated at the beginning of the text for the obsolete service offering affected. (C)
- B.** Obsolete services are furnished subject to all the Terms and Conditions of the Guidebook the same as would be applicable if the service offering were not obsolete. (C)
- C.** Unless additions are specifically provided for in the obsolete offering, rates and charges for all equipment which is ordered subsequent to it becoming obsolete will be based on estimated costs. However, when the same or a similar equipment is a current offering, then the current rate or charge applies instead. Regular service charges apply in addition. (D)
- D.** Items of equipment which are continued in service for existing customers only may be retained by a customer as long as the equipment is repairable and the Company is able to obtain repair parts under normal supply conditions. When this equipment becomes unrepairable or repair parts are unobtainable, the service will be discontinued and the equipment removed by the Company.
