**E12. SPECIALIZED SERVICE OR ARRANGEMENTS**

**E12.1 General**

**E12.1.1 Provision of Specialized Service or Arrangements**

- A. Specialized service or arrangements may be provided by the Company, at the request of a customer, on an individual case basis if such service or arrangements meet the following criteria:
1. The requested service or arrangements are not offered under other sections of this Tariff.
  2. The facilities utilized to provide the requested service or arrangements are of a type normally used by the Company in furnishing its other services.
  3. The requested service or arrangements are provided within a LATA.
  4. The requested service or arrangements are compatible with other Company services, facilities, and its engineering and maintenance practices.
  5. This offering is subject to the availability of the necessary Company personnel and capital resources.

**E12.2 Rates And Charges**

**E12.2.1 Application Of Move Charges**

- A. When service without a maximum termination liability charge associated with it is moved to a different building, the nonrecurring charge applies; when moved to a new location in the same building, a charge of one-half the nonrecurring charge applies.
- B. When service with a maximum termination liability charge associated with it is moved and is reinstalled at a new location, the customer may elect:
1. To pay the unexpired portion of the maximum termination liability charge for the service, if any, with the application of a nonrecurring charge and the establishment of a new maximum termination liability charge for such service at the new location, or
  2. To continue service subject to the unexpired portion of the maximum termination liability charge, if any, and pay the estimated costs of moving such service, provided that the customer requests these charges be quoted prior to ordering the service move. Charges for moving such service will be based on estimated costs attributable to the move.
- C. Move charges include the estimated costs of removal, restoration of services or facilities necessitated by the move, transportation, storage, reinstallation, engineering, labor, supervision, materials, administration, and any other specific items of cost directly attributable to the move.

**E12.3 Contract Service Arrangements**

(N)

**E12.3.1 General**

(N)

- A. When economically practicable, customer specific contract service arrangements may be furnished in lieu of existing tariff offerings provided there is reasonable potential for uneconomic bypass of the Company's services. Uneconomic bypass occurs when an alternative service arrangement is utilized, in lieu of Company services, at prices below the Company's rates but above the Company's incremental costs. (N)
- B. Rates, Charges, Terms and additional regulations, if applicable, for the contract service arrangements will be developed on an individual case basis, and will include all relevant costs, plus an appropriate level of contribution. (N)
- C. Unless otherwise specified, the regulations for contract service arrangements are in addition to the applicable regulations and rates specified in other sections of this Tariff. (N)
