For calls forwarded inside the Local Calling Area, a measured or message Call Forwarding customer is responsible for the applicable customer-dialed Measured Rate or Message Service charges specified in this Guidebook, as appropriate for each call answered at the answering location.

Such charges apply to all calls answered at the terminating station line, including person-to-person and collect calls, even though such calls might not be accepted at the answering location.

 - 3. It is not available with Direct Inward Dialing trunks.
 - 4. If the feature is proposed on a facility on which hunting is also to be provided, this service is available only with Multi-Line and Series Completion hunting arrangements and is subject to the limitations of these arrangements.
