## A3. BASIC LOCAL EXCHANGE SERVICE A3.47 AT\&T Business Local Calling (BLC) (Cont'd)

## A3.47.4 Termination Liability and Shortfall (Cont'd)

B. Termination charges are not applicable if, during the term period:

1. the customer converts to another Company access and local usage plan with a term equal to or greater than the time remaining on the AT\&T Business Local Calling term plan. For 20+ line agreements the customer must also establish a new line commitment at least as great as in their initial subscription in order to qualify; or
2. the customer converts to an upgraded technology with the Company (e.g., network access lines to PBX Trunks, Centrex, ISDN) and commits to a term equal to or greater than the time remaining on the AT\&T Business Local Calling term plan. It is at the Company's sole determination whether a product change satisfies the requirements for waiver of the termination liability under this clause; or
3. the customer chooses to terminate their agreement and to negotiate a new AT\&T Business Local Calling agreement with a term period greater than the time remaining on the existing AT\&T Business Local Calling agreement. The new service agreement will be based on the term plan rates in effect at the time of establishing the new agreement. For 20+ line agreements the customer must also establish a new line commitment at least as great as in their initial subscription in order to qualify.
C. For customers who initially subscribe to $20+$ lines: in any month during the term of an AT\&T Business Local Calling agreement if the customer's total number of subscribed lines falls below $80 \%$ of the number of lines subscribed to on the agreement, then a shortfall adjustment charge will be applicable and will appear on the customer's bill for each of those months. This shortfall adjustment charge is equal to $\$ 10.00$ times the number of lines below the $80 \%$ requirement.
