#### A40.13.2 Terms and Conditions (Cont'd)

##### F. Migration to AT&T Switched Ethernet Service

If the customer migrates from BellSouth Metro Ethernet Service to AT&T Switched Ethernet Service, the customer may do so without incurring Termination Charges, given all of the following conditions are met:

1. The customer must issue a disconnect order for their existing BellSouth Metro Ethernet service and place a service order for AT&T Switched Ethernet Service. If over-lapping service is required, billing will apply.
2. Standard nonrecurring charges to install AT&T Switched Ethernet Service, if applicable, will apply.
3. The term of the new contract must be equal to or greater than the remaining time left on the existing BellSouth Metro Ethernet contract. (C)
4. The new AT&T Switched Ethernet Service and the BellSouth Metro Ethernet service must be billed to the same customer of record at the same location(s).
5. The customer's existing BellSouth Metro Ethernet service must have been in service at least 12 months.
6. Migration is contingent on availability of fiber and equipment to serve the location being migrated. Other Special Construction charges, as necessary, may apply.
7. If Special Construction charges were applicable to the existing BellSouth Metro Ethernet service being replaced, and those charges were not already paid, they must be carried forward to the new AT&T Switched Ethernet Service contract.
