A113. OBSOLETE SERVICE OFFERINGS - MISCELLANEOUS SERVICE ARRANGEMENTS

A113.19 TouchStar Service

(Obsoleted April 1, 1995, Type D) Existing Caller ID - Multi-Line² customers may retain their existing service as specified in this section of the Guidebook if they so choose. However, if these customers want to change or add to their existing service, they will have to convert to Caller ID - Basic or Caller ID - Deluxe¹ as specified in A13.19. Service charges from Section A4 shall not apply for such conversions. All new customers desiring a TouchStar service calling information delivery feature will have to use A13.19. (C)

A113.19.1 Reserved For Future Use

A113.19.2 Definitions Of Feature Offerings

A. Caller ID - Multi-Line² (C)

This feature allows residence and business customers with Rotary (Grouping) arrangements to receive and view on a display unit call related information on certain incoming telephone calls.

The following information is transmitted to the Caller ID - Multi-Line customer and displayed on the called CPE during the first long silent interval of the ringing cycle: calling Directory Number, time of day (hours and minutes) the call was received, and date (month and day) the call was received.

A service order is required to establish or discontinue Caller ID - Multi-Line. Subsequent to establishment, the feature can be activated and deactivated at the customer's discretion through the use of preassigned feature access codes.

Any customer subscribing to Caller ID - Multi-Line will be responsible for the provision of a display device which will be located on the customer's premises. The installation, repair and technical capability of that equipment to function in conjunction with the features described herein will be the responsibility of the customer. The Company assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the network feature described herein.

If the incoming call is from a line equipped with RingMaster service, the telephone number transmitted will always be the main number rather than any dependent RingMaster service number.

If the incoming call is from a caller served by a Private Branch Exchange (PBX), only the main number will be transmitted and available for display.

If the incoming call originates from a Multi-Line Hunt Group, the telephone number transmitted and available for display will always be the main number of the hunt group unless the telephone number is Telephone Number (TN) identified.

Caller ID - Multi-Line is not available on operator handled calls.

Note 1: Effective August 1, 2016, Caller ID - Deluxe (without ACB) is no longer available for residence subscribers.

Note 2: Effective July 1, 2017, Caller ID - Multi-Line is no longer available for residence subscribers. (N)

A113.20 Reserved For Future Use

Note 1: Caller ID - Multi-Line should not be included in the determination of appropriate rates when purchased in combination with other TouchStar service features.

Note 2: Effective April 1, 1995, all existing Caller ID - Multi-Line customers may retain this service as specified in this section of the Guidebook or change to the service provided under Caller ID-Basic or Caller ID as specified in A13.19. If existing Caller ID - Multi-Line customers change or add to their existing service, then they will have to convert to Caller ID-Basic or Caller ID. Service charges from A4 shall not apply for such conversions. All new single and multi-line residence and business customers desiring a TouchStar service calling information delivery feature will have to use Caller ID-Basic or Caller ID. Call Tracking (BCLID) is available for PBX customers as well as business multi-line customers.

Note 3: Effective July 1, 2017, Caller ID - Multi-Line is no longer available for residence subscribers.
