The respective charge for each such portion shall be as follows:

- a. Between the originating station line and call forwarding location.

The charge for this portion of a remotely forwarded call shall be the charge specified in this Guidebook, or any other applicable guidebook, for the type of call involved, either local or toll, for the entire duration of the call, but measured only the distance to the call forwarding location. This portion of the call may be billed to the originating station line, if appropriate for the type of call involved.

For purposes of rating this portion of the Remote Call Forwarding Service, all such calls will be rated and billed as if they are "sent Paid" regardless as to the status of the portion of the call described in a. preceding.
