A2.18.1 General TDM to IP Transition Provisions

As a result of evolving network technology, the Company is able to offer new, advanced services. At the same time, certain older services will no longer be available in some geographic areas, as those services are no longer technically or economically feasible. The table below identifies services that have been withdrawn, by wire center and exchange, along with additional information related to these service withdrawals.

<u>Product Name</u>		<u>Reference</u>	
Sub Voice Grade Services – Series 1000 Channels		B103.2.1	
Voice Grade Service – Series 2000		B103.2.2	
SynchroNet Service		B107.2

B2.17 Reserved for Future Use

(M)

B2.18 Reserved for Future Use

(M)

(M)

B2. TERMS AND CONDITIONS

B2.19 Resale of Service Provisions (M)

The following terms and conditions are applicable for the resale of services offered in this Guidebook by certificated Competitive Local Exchange Carriers (CLECs). (M)

B2.19.1 General (M)

- A. Unless specific exceptions are made to the contrary elsewhere in this Guidebook, TSPs may resell those Private Line Services identified in this Guidebook subject to the same terms and conditions under which those services are available for sale to end users or other customers under the Company's guidebooks as well as pursuant to the terms and conditions specific to Resellers as set forth in this and other sections of this Guidebook. (M)
- B. The provision of such services by the Company as set forth in this Guidebook does not constitute a joint undertaking with the CLEC for the furnishing of any service. (M)
- C. The Reseller will be the customer of record for all resold services. Except as specified in B2.19.6.F., the Company will take orders from, bill and expect payment from the Reseller for all services. (M)
- D. The Reseller will be the Company's single point of contact for all resold services provided in connection with the resale of private line services. (M)
- E. The Company will continue to bill the end user for any services that the end user specifies it wishes to receive directly from the Company. However, the Company will not bill the end user for any services it receives from a CLEC (e.g., toll charges, etc.). (M)
- F. The Company maintains the right to serve directly any end user within an identified resale service area. The Company will continue to directly market its own products and services and in doing so may establish independent relationships with end users of CLECs. (M)
- G. A CLEC must not interfere with the right of any person or entity to obtain service directly from the Company. (M)
- H. The Company may provide any service or facility for which a charge is not established herein, as long as it is offered on the same terms to all Resellers for a charge not less than the Company's cost. (M)
- I. The Company will also bill unauthorized change charges as specified in B2.19.6.G as appropriate. (M)
- J. The Company will provide the standard service interval of any class of service upon request by the Reseller. Also, all classes of service will be provided in a nondiscriminatory manner. (M)

B2.19.2 Unlawful Use of Service (M)

- A. Service is furnished subject to the condition that it will not be used for any unlawful purpose. (M)
- B. Service will be discontinued if any law enforcement agency advises that the service being used is in violation of the law. (M)
- C. The Company can refuse service when it has grounds to believe that service will be in violation of the law. (M)
- D. The Company accepts no responsibility to any person for any unlawful act committed by a Reseller as part of providing service to the Reseller's customers. The Reseller accepts no responsibility to any person for any unlawful act committed by the Company as part of providing service to the Reseller's customer. (M)
- E. The Company will cooperate fully with law enforcement agencies with subpoenas and court orders for assistance with the Company's customers. Law enforcement agency subpoenas and court orders for assistance for customers that are not the Company's end users will be directed to the Reseller. If the Company receives a request from a law enforcement agency that requires action by the Company, the Company will respond to the request. The Company will forward a copy of the request to the Reseller within a reasonable time. The Company will attempt to notify the Reseller regarding any request from a law enforcement agency affecting the Reseller's customer prior to taking any action that will result in costs being incurred by the Reseller, unless such prior notification is prohibited by law. The Company will bill the Reseller for implementing any requests by law enforcement agencies on the Resellers' end users. (M)

B2.19.3 Interference and Impairment (M)

- A. The characteristics and methods of operation of any circuits, facilities or equipment provided by other than the Company shall not: (M)
 - 1. Interfere with or impair service over any facilities of the Company, its affiliates, or its connecting and concurring carriers involved in its service; (M)
 - 2. Cause damage to their facilities and equipment; (M)
 - 3. Impair the privacy of any communications; or (M)
 - 4. Create hazards to any employees or the public. (M)
