### A107.4 Access Line Service For Custom er-Provided Public Telephones

(T) (D)

Obsolated June 1, 2021; Type D. Beginning June 1, 2021, new orders for this service will no longer be accepted. Current subscribers may keep their service at its existing location. The Company currently plans to discontinue this service on or after June 1, 2025.

(N)

#### A107.4.1 Definition And Requirements

(T) (D)

A. Access line service for custom er-provided public telephones is an exchange line service provided at the request of a subscriber for telecommunication use by the general public.

(D)

1. This access line service is provided on a flat rate basis in wire centers noted in paragraph A107.4.2.
2. This access line service is provided for use with custom er-provided non-coin-operated public telephones or custom er-provided coin-operated public telephones.
3. Completion of local messages is provided by the Company.
4. The subscriber shall be responsible for the installation, maintenance and operation of custom er-provided public telephones used in connection with this service.
5. Custom er-provided public telephones must be connected to the Company network in compliance with Part 68 of the F.C.C. Rules and Regulations.
6. The service is furnished subject to the condition that all applicable terms and conditions in Section A2. will be adhered to, with the exception of A2.2.A. and A2.2.B., which restrict the use of service and prohibit payment to the custom er by another for use of the service.
7. The service is provided for use by the subscriber but may be used by others when so authorized by the subscriber, provided that all such usage is subject to the provisions of this Guidebook.
8. This service is not subject to concessions.
9. This service may not be suspended at a reduced rate.
10. Access line service for custom er-provided public telephones cannot be included on accounts containing other classes of service. A separate account is required for this offering at each location.
11. This access line may include an optional screening feature to prevent the operator from allowing toll charges against the subscriber's line. The operator also cannot perform coin collecting functions.
12. The Company is not responsible for refunds of coins deposited in custom er-provided coin-operated public telephones.
13. Custom er-provided public telephones may not be attached to other types of access lines.
14. The subscriber to this service will be responsible for any and all toll charges billed to the subscriber's account.

**A. (Cont'd)**

(D)

15. The following public service considerations are applicable to Customer-Provided Public Telephones:
- a. All customer-owned instruments must be registered under Part 68 of the FCC Regulation Program to be connected to the Exchange Network. (D)
  - b. Must apply for and receive a Certificate of Authority to Operate number from the Louisiana Public Service Commission (LPSC), as required by LPSC General Order dated March 30, 1995, before the Company connects the public telephone access line(s). Proof of Certification must be furnished to the Company. (D)
  - c. The instruments must be able to accommodate the hearing impaired and handicapped persons. (D)
  - d. The instruments must be installed in compliance with the National Electrical Safety Code. (D)
  - e. There shall be no charge to the station user for Directory Assistance calls dialed (1+411 and 1+555-1212) from a ten-cent customer-provided public telephone. The charge to the station user for Directory Assistance calls (1+411 and 1+555-1212) from any other customer-provided public telephone is not to exceed the maximum amount authorized by the Commission for a Company coin telephone in that exchange. (D)
  - f. Non-chargeable Operator, 911 and 800 numbers, must be able to be made without a coin deposit, and with no time limitation. (D)
  - g. Emergency numbers (Operator Assistance and 911) must be clearly posted at each instrument location. (D)
  - h. Information must be displayed on the instrument consisting of (D)
    - (1) the Certificate of Authority to Operate number issued by the Louisiana Public Service Commission, (D)
    - (2) the address and telephone number where a caller can obtain assistance in the event the instrument malfunctions in any way, and (D)
    - (3) procedures for obtaining a refund from the owner. (D)
  - i. The instruments must have any and all operating instructions posted thereon. (D)
  - j. The charge to initiate a local call is not to exceed the maximum amount authorized by the Commission for a Company coin telephone in that exchange including those stations located in public assisted housing projects, hospitals, and nursing homes. (D)
  - k. Coins must be returned by the instruments for any incomplete calls. (D)
  - l. All repairs shall be performed on the instruments, within a reasonable amount of time, the responsibility for which is placed upon the owner of the telephone. (D)
  - m. (DELETED) (D)
  - n. A subscriber must order a separate public access line for each instrument installed and will be billed the guidebook rate for each such access line. (D)
  - o. In order to protect the public access line user's right to privacy, the customer-provided instrument must be capable of disabling any extension telephone also on the line during the time the public telephone is in use. (D)
  - p. Local telephone directories shall be provided by the instrument owner for each access line capable of completing local calls. (D)
  - q. Violations of Commission rules pertaining to public telephone service, of these guidelines and certification requirements contained in this Order will subject these access lines to disconnection of service if the deficiency is not corrected within ten (10) days from the date of notification to the subscriber. (D)
16. For customers subscribing to Caller ID - Deluxe, if the incoming call originates from a customer-provided public telephone, the name information transmitted will always be "Pay Phone". (D)

A107.4.7 Customer Provided Public Inmate Calling Service (CPPICS)

(T) (D)

- A. Access line service for customer-provided public telephone service when provided for exclusive use of inmates (hereafter called Customer-Provided Public Inmate Calling Service, or CPPICS) served within the confines of a penal, correctional or mental institution. (D)
- B. Access lines to this service must be dedicated with one line for each station located within the inmate served area. (D)
- C. Charges to initiate public calls utilizing these access lines are not to exceed the amounts specified in this Section for Public Telephone Service. (D)
- D. In lieu of Public Telephone Access Service as described elsewhere in A107.4, CPE stations subscribing to CPPICS are provisioned by the customer as follows: (T) (D)
  - 1. May be arranged for outward only calling. (D)
  - 2. May be arranged to terminate calls after a certain amount of conversation time, or in cases of an emergency in accordance with any Rules and Regulations of the Commission and upon notification to the Company of such an arrangement. The Company will not provide credit or equivalent service to the called or calling parties for such calls. (D)
  - 3. Shall be arranged to block Directory Assistance calls. (D)
  - 4. Unrestricted public telephone service may be provided at the administrator's request in a fully supervised location. (D)
  - 5. Shall be arranged to allow only 0+ collect calls for local, intraLATA, and interLATA calls and to block all other calling including, but not limited to, local direct, third number, 1+ sent-paid, 0+ sent-paid, 0- sent-paid, all 0-, 700, 800, 900, 950, 911, and 101XXXX. Where here, however, the customer-provided stations can block additional digit dialing after initial call set-up, 1+ long distance and seven digit local calling may be permitted. (D)
  - 6. May be arranged for seven digit sent-paid local calling and for 0+ collect calling for intraLATA, and interLATA calling. (D)
  - 7. May be arranged to limit individual inmate calls to approved telephone numbers. (D)
  - 8. May be arranged to block access to certain telephone numbers. (D)
  - 9. At the request of the facility administrator, call detail information, such as date and time of call, duration of calls, and called and calling telephone numbers, may be furnished to the facility where prison authorities stipulate such information appropriate in preventing or identifying abuse or unlawful use of service and where the prison authorities stipulate that the provision of such information is not in violation of any federal, state or local laws, regulations or orders. (D)
- E. Rates and charges for access line service for CPPICS are provided in A107.4.5. At the request of the facility administrator, blocking of equal access calls (101XXXX) may be provided on telephones for exclusive use of inmates at the rate following. (T) (D)

(1) Blocking of equal access calls (101XXXX) from completion

	Rate	USOC
(a) Per line	\$1.04	PSE

- F. Except as modified herein, applicable terms, conditions and requirements as set forth elsewhere in A107.4 for customer-provided public telephones will apply to CPPICS, including availability provided in A107.4.2. (T) (D)
- G. A notice shall be conspicuously displayed near CPPICS telephones which notifies inmates that the prison facility may monitor, time and restrict service from such phones and that information, such as date and time of call, duration of call, and originating and terminating number, may be furnished to the facility, and further, that the use of these telephones constitutes consent to this service. (D)

A107.OBSOLETE SERVICE OFFERINGS - CON TELEPHONE SERVICE

A107.5 Regrouping

- A. Rates for Access Line Service for Customer-Provided Public Telephones are set out in this section for each exchange and vary between exchanges depending upon the number of main stations, including PBX trunks and Centrex Type Services main station lines, in the Basic Local Calling Area of each exchange, as indicated in the herein filed Statewide Rate Schedule. When the number of main stations within the Basic Local Calling Area of an exchange increases to the extent of exceeding, for four (4) consecutive month-end counts, the upper limit of the group under which billing has been made, or decreases to the extent of being less, for four (4) consecutive month-end counts, than the lower limit of the group under which billing has been made, the Company shall file, in accordance with the statutory provisions and Rules and Regulations of the Commission, a revised local exchange guidebook, to be effective with billing dates beginning two (2) months after the fourth (4th) month-end count, reclassifying that exchange to the appropriate group; provided, however, that when an exchange has been reclassified solely because of growth in the number of main stations within the existing local calling area, such exchange shall not be reclassified again for the next 24 months solely because of further growth within the Basic Local Calling Area. Provided further, however, that when the number of main stations within the Basic Local Calling Area will be increased because of expansion of the Basic Local Calling Area due to a change in extended area service, to the extent of exceeding the upper limit of the group under which billing has been made, the Company shall file, in advance of the change in such local calling area, revised local exchange guidebooks, to be effective on the date of change in the calling area, reclassifying the exchange to the appropriate group.
- B. The Company will publish notice three (3) times in the official journal of the municipality and/or parish in which the exchange to be regrouped is located stating the effective date of the regrouping change which shall not be less than 30 days from the first publication.
- C. Rate changes under the regrouping provisions of this guidebook shall be effective on a billing period basis during the month indicated on the applicable guidebook page.
