#### SECTION 4 - MISCELLANEOUS SERVICES

#### 4.1 Operator Services

Operator-assisted calling services provided by the Company are subject to the terms and conditions set forth in this section, in addition to the terms and conditions contained in preceding sections of this Guide.

- 4.1.1 International Operator Services may be used by the presubscribed Customer and by the Aggregator and their respective patrons, guests, invitees or employees to complete Person-to-Person, Collect, Third-Party, and/or credit card calls.
- 4.1.2 Charges for International Operator Assisted Calls include two components: a usage-sensitive component based upon the time-of-day rate period, mileage, and duration of the call; and a fixed service charge based upon the type of operator service provided. A third component, the Operator Assisted 0- Surcharge, applies to calls for which the Customer has the capability of dialing the destination number but elects to have the Company operator dial the number instead.
- 4.1.3 The usage-sensitive portion of the charge for an International Operator Assisted Call is set forth in the following Sections A B. Operator Assisted Calls will be contributory toward volume discount for calling plans.
- 4.1.4 The fixed service charge portion of the charges for an Operator Assisted Call are set forth in Section C below.
- 4.1.5 The Company shall not bill the Customer for any surcharges or fees imposed by the Aggregator. With respect to charges imposed by the Aggregator for the use of the telephone, the Aggregator is responsible for charging a flat rate and for posting of the charge in plain view at each telephone.
- 4.1.6 Service may be suspended by the Company, without notice to the Customer or the Aggregator, by blocking traffic to certain countries, cities, or NXX exchanges, or by blocking calls using certain Customer Authorization Codes, or credit cards, when the Company deems it necessary to take such action to prevent unlawful use of service. The Company shall restore service as soon as it can be provided without undue risk, and shall, upon request by the Customer affected, assign a new Authorization Code to replace the one that has been deactivated. The Company reserves the right to validate the credit worthiness of End Users through available credit card, called number, Third Party telephone number and room number verification procedures. Where a requested billing method cannot be validated, the End User may be required to provide an acceptable alternate billing method or the Company may refuse to place the call.
- 4.1.7 The Aggregator is responsible for payment of the Company's charges for all calls placed from the Aggregator's Premises except for Collect, Third Party, and credit card calls. The credit card holder or local exchange company service subscriber is responsible for payment of the Company's charges for all calls billed to a credit card or a telephone line number, respectively.

#### (B) U.S. Mainland to Mexico

Rates apply to all calls, which originate in the U.S. Mainland and terminate in any Mexican location. Rates are determined according to a two step process. The first step is a per minute rate for the call from the U.S. Mainland point of origination to the border crossing point associated with the destination city in Mexico (U.S. Mainland Portion). The second step is to determine the per minute rate for the Rate Step applicable from the border crossing identified in the first step to the terminating city in Mexico (Mexico Portion). The Rate Steps are defined by the Mexico Telecommunications Authority.

#### (C) International Per Call Surcharge

This charge shall apply in addition to the applicable per minute usage rates. The Operator Assisted charge shall apply when the Customer has the ability to dial all the digits necessary for call completion but has the operator place the call. The Fully Automated rate will apply if a call; (a) is placed by a party identified as disabled and as a result of that disability cannot complete the call and the caller requests operator assistance for call completion or; (b) it cannot be completed by the caller due to equipment failure or trouble on the long distance network and the caller requests operator assistance for call completion. The Operator Dialed Service Charge shall not apply to Directory Assistance Calls.

#### 4.2 Global Direct

Global Direct permits Collect calls to be placed from the countries listed in Section 4.2.2. The usage rate for calls that originate in the countries listed in Section 4.2.2 and terminate in the U.S. Mainland, Hawaii, Puerto Rico, and the U.S. Virgin Islands are set forth in Section 4.2.2. The usage rate for calls that originate in the countries listed in Section 4.2.2 and terminate to the countries listed in Section 3.8.1 are rated in three steps. The first step is to apply the usage rate from the originating point listed in Section 4.2.2 as if the call terminated in the U.S. Mainland. The second step is to apply the usage rate from the U.S. Mainland to the terminating country listed in Section 3.8.1. The third step is to add \$1.25 per minute. The total of these three steps is the applicable usage rate. Calls are billed in one-minute increments after an initial one-minute minimum call duration.

In addition to usage charges, an appropriate Global Direct service charge as set forth in Section 4.2.1 applies to each call. Calls can be billed by dialing Collect.
