EXCHANGE ACCESS SERVICE (cont'd)

B. Extended Area Service (cont'd)

3. Discontinuance of Extended Area Service

a. The Company will discontinue service from specific EAS routes between exchanges as a result of a survey as set forth following:

1. Company has received a petition or petitions representing at least 20 percent of the customers from one of the affected exchanges or at least 10 percent of the customers in each of the affected exchanges, requesting that the Company conduct a survey to determine whether EAS should be discontinued.

If prior surveys have been conducted in the affected exchangers, at least two years shall have elapsed since the last survey before an additional survey is initiated.

2. A minimum of 50 percent of the combined total customers in the affected exchanges must vote. Then, at least two thirds (66 2/3%) of the combined total customers in the affected exchanges voting, must vote to discontinue such service.
3. The survey cards will be returned by the customers to the Secretary of the Public Service Commission for validation and tabulation. The Public Service Commission will advise the Company of the survey results and, if the appropriate requirements are met, the Company will then discontinue such service in each of the affected exchanges, together with the appropriate EAS Rate Additive, as soon as is practicable.

D. Optional Metropolitan Calling Area (MCA) Service (cont'd)

4. Regulations (cont'd)

- d. In situations where multiple access lines share the same working telephone number, if one such line subscribes to MCA service, then all lines must subscribe to MCA service.
- e. In situations where a hunting arrangement between access lines is provided by the Company, no MCA line may be configured to hunt to a non-MCA line.
- f. Unless otherwise specified, MCA is subject to the General Exchange Tariff, P.S.C. Mo.- No. 35 and Part 2 – General Terms and Conditions of the Guidebook.
- g. The minimum service period for subscription to Optional MCA Service is one month.
- h. Rate Application
 - 1. The MCA monthly rates specified in D.5.a, below, apply on a per-line basis, except for Plexar or Centrex type services which are billed on a PBX trunk equivalent basis, as specified in the Part 5 of the Guidebook.
 - 2. The MCA monthly rates are billed one month in advance.
 - 3. Optional MCA rates and charges apply in addition to all other rates and charges paid by the customer for other services of the Company.
 - 4. The Measured 1-Party MCA option is only available to customers who also subscribe to Measured 1-Party basic local exchange service.
- i. Nonrecurring Service and Equipment Charges, as specified in Paragraph C. 4. of Part 3 of this Guidebook, are applicable on a per-line basis when a customer adds or deletes Optional MCA Service, except as follows:

The charge to change a telephone number, specified in Paragraph C.4. of Part 3 of this Guidebook, does not apply when a customer deletes Optional MCA Service.
- j. When this service is provided in conjunction with Simultaneous Call Forwarding (SCF), customers must pay the optional MCA additive for each SCF call path.

EXCHANGE ACCESS SERVICE (cont'd)

D. Optional Metropolitan Calling Area (MCA) Service (cont'd)

5. Rates and Charges (cont'd)

b. Business Optional MCA Service Discounted Rate

Eligible business customers subscribing to a term plan will receive a discounted Optional MCA monthly rate of \$5.00 for the duration of their term plan in lieu of the business monthly rates shown in paragraph D.5.a. above.

Eligible business customers are new business customers and existing business customers renewing or extending any term plan.

Existing terms and conditions for each term plan and for Optional MCA service will apply.

If a customer terminates service with the Company, existing termination liability for the qualifying term plan will apply. If a customer terminates the qualifying term plan chosen, but retains Optional MCA service, existing termination liability for the qualifying term plan will apply and the standard, non-discounted business rate for Optional MCA service per paragraph D.5.a. above will be reinstated.

6. Revenue Neutrality

The Company will implement a revenue recovery mechanism based upon anticipated subscription to Optional MCA service as provided for herein. This revenue recovery mechanism is designed to recover the actual net revenue loss associated with the provisioning of Optional MCA service. A review will be conducted after the Commission has MCA service implementation. The audit will compare the difference between the net revenue loss projections and the actual net revenue loss experienced. If the actual net revenue loss is found to be less than the revenue collected under the revenue recovery mechanism interim rates, the Company will provide a single credit to all the customers charged pursuant to the revenue recovery mechanism, on their regular monthly billing or, in the case of customers who have discontinued service during the period the interim rates are in effect, to their last known address, to reflect the difference between the actual net revenue loss and the revenue collected under this revenue recovery mechanism. This credit will include interest at the rate of 9% per annum. If the actual net revenue loss is found to be more than the revenue collected under the revenue recovery mechanism, then the revenue recovery mechanism will be adjusted to reflect revised additional revenues sufficient to recover the actual net revenue loss. At this time, the additional revenues sufficient to recover the net revenue loss would be made permanent.
