SMARTTRUNK® (cont'd)

K. Service Terms (cont'd)

2. For Month-to-Month SmartTrunk Interface or Port customers and for all other service components, there is a minimum service requirement of one month.
3. Options Available on the Expiration of the Initial or Renewal Service Term for the SmartTrunk Interface or Port

If the customer has a 12-, 24^{1/1} -, 36^{1/1} -, 48^{1/1} -, or 60^{1/1} -Month Initial or Renewal Service Term contract, the customer may:

- a. At any time during the Service Term or an existing term extension as provided in this paragraph, extend the Service Term contract for an additional 12^{1/1} -months at the current published rate in the Guidebook on the date of extension. SmartTrunk Port term extensions do not include associated DS1 facility when provisioned over higher level transport service's vacant bandwidth. The availability of this term extension option at any time is subject to the Company's right to discontinue or to otherwise change this option. Customers who exercise the term extension are not entitled to a different rate based on the overall term as extended (e.g., customers who initially have a 36^{1/1} -month Service Term and extend it by an additional 12^{1/1} months are not entitled to the rates allowed under a 48-month Service Term). An extension will begin on the expiration date of the existing Service Term contract or term extension. The customer will be required to sign an addendum to their Service Term contract for each term extension. During the 12^{1/1} -month Service Term contract extension period(s), the customer may terminate the service, or any service components, at any service location on thirty (30) days' notice without incurring a termination charge. (C)

Terms outlined in Paragraph L.2, disallowing any Company-initiated rate increases for the duration of either the 12-, 24^{1/1} -, or 36^{1/1} -month Service Term, do not apply to 12-, 24^{1/1} - or 36^{1/1} -month Service Term extension rates. The Company reserves the right to change 12-, 24^{1/1} - or 36^{1/1} -month Service term extension rates (increase or decrease) at any time. Pursuant to applicable requirements, the Customer will be notified in advance of any price increases to their 12-, 24^{1/1} - or 36^{1/1} -month Service Term contract extension rates.; or (C)

- b. If customer has not entered into a new Service Term contract (per Paragraph c.), or term extension (per paragraph a.):
 - For customer contracts expiring prior to November 1, 2017, continue service at the Month-to-Month price then currently in effect for the Month-to-Month Payment Plan, subject to the Company's right to modify rates upon notice, or (C)
 - for customer contract expiring on or after November 1, 2017, continue service at the Monthly Extension rates in effect at the time the Service Term contract expires, subject to the Company's right to modify rates upon notice. Subject to the requirement to sign an addendum, customers under the Monthly Extension rates may convert their existing service to a 12-month Service Term at the then current published rate in the Guidebook on the date of extension. The customer will not be assessed any associated non-recurring charges as long as the physical serving arrangement does not change. (C)

Monthly Extension rates are equal to one hundred fifty percent (150%) of the customer's expiring contractual rate, subject to the Company's right to increase Monthly Extension rates at any time pursuant to notice to the Customer in advance of any rate increase ; or (C)

/1/ Effective September 30, 2024, SmartTrunk term periods exceeding 12 months will no longer be available. The Company will renew SmartTrunk Service only for additional 12-month terms by written amendment. If a 12-month term amendment is not signed, upon expiration of the term the month-to-month Volume Price Rates listed in the applicable Guidebook will apply.

SMARTTRUNK® (cont'd)**L. Rate and Charge Applications**

1. Recurring installation and nonrecurring charges are applicable according to the specific schedule for the service quoted under this plan.
2. The monthly rate applicable at the time a customer subscribes or elects an additional Service Term for the SmartTrunk Interface or Port under this plan is not subject to Company initiated increases during the applicable^{/1/} Service Term. (C)
3. When requested by the customer prior to installation, installation and/or special construction charges may be deferred and satisfied by making a series of consecutive payments. The installation and/or special construction charge may be deferred over a period of 12, 24^{/1/}, 36^{/1/}, 48^{/1/} or 60^{/1/} months, not to exceed the Service Term selected. Once a deferred charge payment period is selected, it will remain in effect for the duration of the period.

To compute the value of the monthly deferred charge payment, the Installation and/or special construction charge is multiplied by an annuity factor for the appropriate term. A charge equal to the remaining payments will be due immediately should the service be terminated early.

A table of annuity factors is listed in Part 2 – General Terms and Conditions of the Guidebook.

4. In the event the SmartTrunk service is disconnected after the service is established, but prior to expiration of the Service Term, and the installation and/or special construction charges were deferred at the time service was established, the customer will be required to pay a charge equaling the sum of deferred payments remaining on the Service Term.
5. In the event that the SmartTrunk Interface or Port is disconnected after the service is established, but prior to expiration of the Service Term, the customer will be required to pay a termination charge. Payment of the termination charge does not release the customer from other amounts previously owed to the Company. In addition to any unpaid special construction or nonrecurring charges (excluding waived charges), customer termination liability for cancellation of SmartTrunk service shall be equal to fifty percent (50%) of all recurring charges for the remaining months of the customer's Service Term.

When a customer with an existing contract converts to another Company provided digital service under a contract term which is equal to or greater than the number of months remaining on the SmartTrunk service contract being terminated, the charges specified, above in this paragraph do not apply.

If Customer migrates a SmartTrunk service or service component (the "Terminated ILEC Service") to a qualifying AT&T Business Voice over IP (BVoIP) Service, then AT&T will waive the charges specified in this paragraph associated with the Terminated ILEC Service if:

- 1) the Terminated ILEC Service has been installed at the Customer site for no fewer than 12 months, and
- 2) the replacement AT&T BVoIP Service is installed or available at the same Customer site as the Terminated ILEC Service.

It is at the Company's sole determination whether a product change satisfies these requirements.

^{/1/} Effective September 30, 2024, SmartTrunk term periods exceeding 12 months will no longer be available. The Company will renew SmartTrunk Service only for additional 12-month terms by written amendment. If a 12-month term amendment is not signed, upon expiration of the term the month-to-month Volume Price Rates listed in the applicable Guidebook will apply.

/1/ Rates and charges stated are in addition to those specified for DID, DOD, and tie line services in other service publications of the Company and applied as stated in Paragraphs L.8 and L.9.

/2/ This charge applies only when an additional unit is ordered and installed with an initial unit per customer, per request, per due date, per location.

/3/ Business customers who currently have service with another carrier and now establish SmartTrunk service with the Company will receive a waiver of all Installation Charges, Service Connection Charges, and Conversion Charges associated with this rate element. To be eligible, the customer must not currently have any past due bills for regulated service owed to the Company, except in those cases where the customer and the Company have established mutually acceptable payment arrangements for collection of past due amounts. This offer cannot be combined with any other non-recurring and/or conversion charge credits or waiver offers.

/4/ The SmartTrunk Port has the same functionality as the SmartTrunk Interface but does not include the connection between the customer's premises and the SmartTrunk Serving Office. This connection is purchased separately and must be at a DS1 or greater level and must conform to Technical Specifications listed in Paragraph E.

/5/ Effective September 30, 2024, SmartTrunk term periods exceeding 12 months will no longer be available. The Company will renew SmartTrunk Service only for additional 12-month terms by written amendment. If a 12-month term amendment is not signed, upon expiration of the term the month-to-month Volume Price Rates listed in the applicable Guidebook will apply.

/6/ Upon expiration of the Service Term, if customer has not entered into a new Service Term contract or term extension, or disconnected service, Monthly Extension rates will apply (see Paragraph K.3.b.). Monthly Extension rates are equal to one hundred fifty percent (150%) of the customer's expiring contractual rate, subject to the Company's right to increase Monthly Extension rates at any time pursuant to notice to the customer in advance of any rate increase.
