## A2. GENERAL REGULATIONS

### A2.3 Establishment And Furnishing Of Service (Cont'd)

#### A2.3.2 Area Calling Plan, Flat, Measured And Message Rate Service (Cont'd)

8. To premises where flat rate service is used for voice transmission and usage service is used for transmission of medical information only, for contingency or temporary use during service outages of the main communication system only, for lines to the subscriber's own automatic attendant or voice mail system only, for fax machines only, or for computer data communications only, and the usage lines are not part of the primary voice system at that location. It shall also apply for premises where usage service is used for voice transmission and flat rate service is used for the same purposes stated above;
9. To premises where flat rate service is used for voice transmission and the customer subscribes to a service for which the Company requires usage rated network access such as, but not limited to, MegaLink service and LightGate service.

#### A2.3.3 Reserved For Future Use

#### A2.3.4 Measured Rate Service<sup>1</sup>

Where the Area Calling Plan is available, measured rate service is not offered for new installations or transfers of service to new locations. However, business subscribers to measured rate service who change to the Area Calling Plan may elect to return to measured rate service for a period of 120 days from the initial change.

#### A2.3.5 Application For Service

- A. Any applicant for service may be required to sign an application form requesting the Company to furnish the service in accordance with rates, charges, rules and regulations from time to time in force and effect.
- B. The Company reserves the right to refuse service to any applicant who is found to be indebted to the Company for service previously furnished until satisfactory arrangements have been made for the payment of all such indebtedness. The Company may also refuse to furnish service to any applicant whose service, in the reasonable belief of the Company, may be used by a former subscriber who is indebted to the Company for previous service, regardless of the listing requested for such service, until satisfactory arrangements have been made for the payment of such indebtedness.
- C. If telephone service is established and it is subsequently determined that either condition in A2.3.5.B. exists, the Company may suspend or disconnect such service until satisfactory arrangements have been made for the payment of the prior indebtedness.
- D. When an application for service and facilities or requests for additions, rearrangements, relocations or modifications of service and equipment are cancelled in whole or in part prior to completion of the work involved, the applicant is required to reimburse the Company for all expense incurred in handling the request before notice of cancellation is received. Such charge, however, is not to exceed all charges which would apply if the work involved in complying with the request had been completed.
- E. When equipment has been ordered for the specific needs of a subscriber and the installation thereof is unduly delayed by or at the request of the subscriber, appropriate charges apply for such equipment for the period of the delay.
- F. **(DELETED)**
