X. Migration to AT&T Switched Ethernet ServiceSM

As of February 16, 2012, if the customer migrates from Metro Ethernet Service to AT&T Switched Ethernet Service in accordance with all terms and conditions in the AT&T Interstate Access Guidebook applicable to AT&T Switched Ethernet Service, then the customer may do so without termination charges given all of the following conditions are met:

- The customer must issue a disconnect order for their existing Metro Ethernet service and place a service order for AT&T Switched Ethernet Service. If over-lapping service is required, billing will apply.
- Standard nonrecurring charges to install AT&T Switched Ethernet Service, if applicable, will apply.
- The term of the new contract must be equal to or greater than the remaining time left on the existing Metro Ethernet contract. (D)
- The new AT&T Switched Ethernet Service and the Metro Ethernet service must be billed to the same customer of record at the same location(s). (D)
- The customer's existing Metro Ethernet Service must have been in service at least 12 months.
- Migration is contingent on availability of fiber and equipment to serve the location being migrated. Other Special Construction charges, as necessary, may apply.
- If Special Construction charges were applicable to the existing Metro Ethernet service being replaced, and those charges were not already paid, they must be carried forward to the new AT&T Switched Ethernet Service contract.
