c. Discounts for the discount rate period are expressed as a percent reduction of the Basic Rate Schedule charges (in 3. preceding). The discount is applied to the total Basic Rate Schedule charge for that portion of a message occurring within the reduced rate period. When application of the discount results in a fractional charge, the amount will be rounded down to the lower cent.

d. No discount applies for that portion of a message occurring in the Day rate period.

e. When a message spans more than one rate period, total charges for the billing increments in each rate period are calculated and the results for each rate period are totaled to obtain the total message charge.

5. Surcharges

a. For station-to-station (Operator) messages, the applicable Surcharges shown in A18.3.1.B. are in addition to the Basic Rate Schedule charge for that message. Discounts do not apply to the Surcharges.

Note 1: To, but not including.
