2. Messages
  - a. The calling party is not charged for calls placed to the 911 number.
  - b. Charges for Toll messages transferred over exchange facilities from a PSAP are billed according to rates applicable from the central office serving the PSAP initiating the transfer to the point of termination of the transfer.
3. Service Features
  - a. Rounded to nearest 1000 access lines per service feature per Company, other Local Exchange Company, or Wireless Carrier (excluding all types of WATS terminations). This count is based upon the number of access lines in service at the time service is established. In instances where an exchange in an E911 system overlaps into an adjacent county or municipality without E911 service, charges for total exchange access lines will apply.
