D. Provision of Service (Cont'd)

3. A move involves a change in the physical location of one of the following:
 - the point of interface at the customer's premises
 - the customer's premises

The charges for the move are dependent upon whether the move is located within the same building or to a different building.

a. Moves Within the Same Building

When the move is to a new location within the same building, the charge for the move will be an amount equal to one-half the nonrecurring charge for the affected service termination at the customer's premises. There will be no change in the minimum period requirements.

b. Moves to a Different Building

Moves to a different building, other than addressed in c. following, will be treated as a discontinuance and start of service and all associated nonrecurring charges will apply. New minimum period requirements will be established at the new location. The customer will also remain responsible for satisfying all outstanding minimum period charges for the discontinued service.

c. Moves of Service(s) under Fast Packet SPP

Customer requests for moves of service under Fast Packet SPP, other than inside moves, will be subject to the conditions stated in A40.10.11.

4. The rates and charges contained in this Guidebook or Broadband Line Service are applicable from the meet point with an independent company to the Network Serving Area, for customer locations served by an independent company.

A40.9 Miscellaneous Charges For Fast Packet Transport Services

A40.9.1 General

- A. The miscellaneous charges provided herein are only applicable to specific Fast Packet Transport Services if so indicated in that service's respective subsection of this Guidebook (e.g., the subsections governing Broadband Line Service specifically indicate charges herein A40.9.1 are applicable). The terms, conditions and miscellaneous charges herein apply for customer requested changes of service installation¹ due dates and customer requested cancellation of service installation orders. Terms, conditions and miscellaneous charges herein do not apply for customer requested due date changes or cancellation requests which involve only non-design service such as the addition of features to existing service or a change to an existing feature (e.g., DLCIs, CIR, PVCs, SVCs, etc.). (C)

A40.9.2 Due Date Change Charges

- A. Upon customer request, the due date for service installation may be changed after an initial service order is issued.
- B. When the customer requests a new due date for service installation, the customer will not be charged for the first such due date change request. For each subsequent request(s) for the due date to be changed, the customer will be billed a service installation Due Date Change Charge as set forth in D. following (except under the conditions provided in C.(1) following).
- C. When the customer requests a new due date for service installation that is 30 or more calendar days beyond the original due date for installation, the customer has the choice of the following options:
1. The service order is cancelled and charges set forth in A40.9.4 following will apply, or
 2. Billing for the service will commence on the 31st day beyond the original service date; if this is a subsequent request for the due date to be changed, the service installation Due Date Change Charge will also apply.
- D. The Due Date Change Charge will apply as specified in B. and C. preceding. The applicable charge is:
- (1) Due Date Change Charge

	Charge	USOC
(a) per request (after initial request)	\$ 200.00	FPTDD

A40.9.3 Expedite Request Charges

- A. Upon customer request, the Company will perform the work required to determine if a due date for a service installation can be provided that is in advance of the Company's stated standard installation interval for such service. Such requests shall be referred to as expedite requests, and all such requests shall incur an Expedite Request Charge whether or not the Company can meet the expedited due date desired by the customer. The Expedite Request Charge is in addition to all other applicable nonrecurring charges and applies on a per occurrence basis per service order. The applicable charge is:
- (1) Expedite Request Charge

	Charge	USOC
(a) per request	\$ 200.00	FPTER

Note 1: The term "service installation" as used herein is defined as a request involving designed service (i.e., a new service installation or a move or physical rearrangement of an existing service).
