A12.8 Identified-Outward Dialing (IOD) From Private Branch Exchange Systems

A12.8.1 General

- A.** The service is furnished subject to the availability of facilities and numbers.
- B.** The service includes the central office equipment necessary for identification of outgoing toll calls and billing of toll calls by number.
- C.** The service must be provided on all trunks or lines in a group.
- D.** The minimum contract period for the service is three years. In case of discontinuance or reduction of service within the minimum contract period a basic termination charge as shown in the rates below, reduced by 1/36 for each full month of service provided, shall be applied.
- E.** Where Identified-Outward-Dialing is requested on more than one group of trunks or lines, each such group shall be considered a separate service.
- F.** The rates herein contemplate the use of standard equipment and serving arrangements. When equipment or service of a special type is requested and provided, rates and charges are based on the additional costs involved to meet the individual requirements of each case.
- G.** Operational characteristics of interface signals between Company provided connecting arrangements and customer provided equipment must conform to the terms and conditions the Company considers necessary to maintain proper standards of service.
- H.** The Company shall not be responsible to the customer or authorized user or joint user if changes in protection criteria or in any of the facilities, operations or procedures of the Company render any facilities provided by a customer, authorized user or joint user obsolete or require modification or alteration of such equipment or system or otherwise affect its use or performance.

Note 1: These options provide faster signaling on DID trunks. The choice of pulsing alternative depends on the customer's premises equipment.

Note 2: Provides standard central office recorded announcement for non-listed disconnected DID numbers for twelve months or until the delivery of the new directory, where available, whichever comes first. AIS is only provided where facilities permit.

Note 3: In addition to the rates and charges for the DID Trunk Termination, rates and charges for DID PBX trunks or NARs as specified in Section A3 apply as appropriate.

Note 4: Provisioned only where facilities permit.
