A9.1.3 Rates And Charges

A. Methods Of Applying Rates

The rate for Foreign Exchange Service is the installation and monthly rate for usage-local channel plus mileage, specified in A9.1.3. following. For Centrex and ESSX-1 off premises station channels the Centrex or ESSX-1 rate applicable within the Base Rate Area of the serving foreign exchange applies, and for residence customers the Flat or Measured Individual Line Main Station rate for the serving foreign exchange applies, plus mileage and installation charges specified in A9.1.3. following and the nonrecurring charges specified in Section A4.

B. Interexchange Channels

Each exchange has a Rate Center. Charges are based on the airline distance between Rate Centers except:

1. Foreign Exchange Service from an Extended Area Service (EAS) group of exchanges to another exchange (home exchange) either within the EAS group or not a part of the group will be measured from the principal Toll Center exchange of the EAS group, or if no Toll Center exists, from the principal Rate Center of the group as determined by the Company. If the foreign exchange is part of more than one EAS group, mileage for the service will be measured to the principal Toll or Rate Center which is most distant from the home exchange in the case of A9.1.3.B.2. following.
2. Interexchange extensions for answering purposes only when terminated in secretarial switchboards or in instruments without a dial will be measured between the Rate Centers involved regardless of the EAS conditions existing. All other interexchange extensions will be rated as in A9.1.3.B.1. preceding.

Airline distance between Rate Centers is determined as provided in the Private Line Guidebook, C3.3.13.

3. Service established on or before October 23, 1971 will be continued at the same service address for the same subscriber at rates based upon *terms and conditions* in effect October 23, 1971.
