A113.17.1 The Feature Package

(Obsoleted January 9, 2004, Type B. Not available for new installations, additions or on transfers of service to a new location.)

A. Description of Service

1. This feature package provides a package of network features/services for residence customers.
2. The rate specified herein entitles a residence subscriber to unlimited use of the features/services specified following from the listed sections:
 - A13.9 Call Waiting ID, Three-Way Calling, Call Forwarding Busy Line¹, Call Forwarding Don't Answer¹ (with or without Ring Control), Star 98 Access¹
 - A13.19 Caller ID, Call Return
 - A13.47 Message Waiting Indication¹

B. Terms, Conditions and Limitations of Service

1. This feature package is only available to individual line residence subscribers. A residence subscriber may select any suitable combination of the features/services listed in A113.17.1.A.2.
2. All terms, conditions and limitations specified in the sections listed in A113.17.1.A.2 apply to the respective features/services requested as part of this package. Nonrecurring programming fees do not apply for features/services requested as part of this package.
3. All features/services are furnished only from central offices that have been arranged to provide these services. The features/services are provided subject to availability of facilities.
4. Service charges specified in Section A4. do not apply for transactions in which a subscriber only modifies an existing unit of this feature package by adding, deleting or changing features/services requested as part of the package.
5. Existing customers of this feature package can not take advantage of special promotions for this feature package or any of the features/services specified in A113.17.1.A.2 preceding unless specifically allowed by the terms of the special promotion.
6. This feature package is not available with a line provided as part of any Complete Choice service or plan, or a line specified in Section A3. as Message Rate or Measured Service.
7. This feature package can be suspended as specified in A2.3.16. During the period of suspension, no recurring charge applies

A113. OBSOLETE SERVICE OFFERINGS - MISCELLANEOUS SERVICE ARRANGEMENTS**A113.18 Reserved For Future Use****A113.19 TouchStar Service**

(Obsolated 03-13-95, Type D) Existing Caller ID - Multi-Line² customers may retain their existing service as specified in this Section of the Guidebook if they so choose. However, if these customers want to change or add to their existing service, they will have to convert to Caller ID – Basic³ or Caller ID – Deluxe¹ as specified in A13.19. Service charges from Section A4. shall not apply for such conversions. All new customers desiring a TouchStar service calling information delivery feature will have to use A13.19. (C)

A113.19.1 Reserved For Future Use**A113.19.2 Definitions Of Feature Offerings****A. Caller ID - Multi-Line²**

This feature allows residence and business customers with Rotary (Grouping) arrangements to receive and view on a display unit call related information on certain incoming telephone calls.

The following information is transmitted to the Caller ID - Multi-Line customer and displayed on the called CPE during the first long silent interval of the ringing cycle: calling Directory Number, time of day (hours and minutes) the call was received, and date (month and day) the call was received.

Note 1: Effective August 1, 2016, Caller ID – Deluxe (without ACB) is no longer available for residence subscribers.

Note 2: Effective July 1, 2017, Caller ID – Multi-Line is no longer available for residence subscribers.

Note 3: Effective August 1, 2017, Caller ID – Basic is no longer available for residence subscribers. (N)

A113.19 TouchStar Service (Cont'd)

A113.19.2 Definitions Of Feature Offerings (Cont'd)

A. Caller ID - Multi-Line¹ (Cont'd)

A service order is required to establish or discontinue Caller ID - Multi-Line. Subsequent to establishment, the feature can be activated and deactivated at the customer's discretion through the use of preassigned feature access codes.

Any customer subscribing to Caller ID - Multi-Line will be responsible for the provision of a display device which will be located on the customer's premises. The installation, repair and technical capability of that equipment to function in conjunction with the features described herein will be the responsibility of the customer. The Company assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the network feature described herein.

If the incoming call is from a line equipped with RingMaster service, the telephone number transmitted will always be the main number rather than any dependent RingMaster service number.

If the incoming call is from a caller served by a Private Branch Exchange (PBX), only the main number will be transmitted and available for display.

If the incoming call originates from a Multi-Line Hunt Group, the telephone number transmitted and available for display will always be the main number of the hunt group unless the telephone number is Telephone Number (TN) identified.

Caller ID - Multi-Line is not available on operator handled calls.

A113.19.3 Terms, Conditions And Limitations Of Service

A. The Following Limitations Apply:

1. TouchStar service is provided subject to the availability of facilities. Additionally, the features described will only operate on calls originating and terminating within TouchStar service equipped offices. Also, feature screening lists can only contain telephone numbers of subscribers served out of TouchStar service equipped offices.
2. TouchStar service is available to single line and multi-line residence and business customers who have rotary dial or Touch-Tone service. Caller ID – Basic² and Caller ID are available to single and multi-line residence and business customers. Effective March 13, 1995, Caller ID - Multi-Line which was available only for line side terminations equipped with hunting (grouping) arrangements will no longer be available to new customers. Call Tracking (BCLID) is not available for single line arrangements, but it is available for PBX and multi-line business customers. Caller ID-Basic, Caller ID, Call Tracking, and Caller ID-Multi-Line cannot be provisioned for Basic 911 customers. (C)
3. TouchStar service basic features cannot be provisioned on party line service, toll terminals, trunks or some remote switching locations.
4. Appropriate service order charges apply except during Company selected periods of special promotion.
5. The Company will deliver all numbers, subject to technical limitations, including telephone numbers associated with Non-published Listing Service as described in Section A6. (T)
6. Calling party information is not available on operator handled calls via Caller ID - Multi-Line. (T)
7. The Company's liability arising out of the provision of any TouchStar service feature, including, but not limited to the delivery or non-delivery of calling numbers, is limited as set forth in A2.5.1. (T)
8. TouchStar service features are not available on trunks except as specifically noted in 2. preceding. (T)
9. Telephone numbers transmitted via Caller-ID-Multi-Line are intended solely for the use of these subscribers. Resale of this information is prohibited, except the callers' numbers may be provided to the subscriber's client for those calls sponsored or provided by that specific client where the client's identity is disclosed to the caller and the client agrees not to distribute such information to others.

Note 1: Effective July 1, 2017, Caller ID – Multi-Line is no longer available for residence subscribers.

Note 2: Effective August 1, 2017, Caller ID – Basic is no longer available for residence subscribers. (N)

A113.25 Extension Line Channels

A113.25.1 General

- A. The following *terms and conditions* apply to off-premises extension stations or extension stations located on the same premises in different buildings subscribed to by customers prior to April 1, 1990 in the exchanges of Briarwood, Dekalb, Duffee, Lynville and Obadiah (previously Hughes Telephone Company operating territory) and are not available for new installations, additions, service rearrangements, or transfers of service to a new location. (T)
- (Obsoleted 06-03-91, Type B)
1. May be located on the premises of another customer provided the other has his own separate service at the same location.
 2. Business off-premises extensions may be provided at a residence location of the same customer where residence main station service is also provided.
 3. Residence off-premises extensions may be provided at the business location of the same customer where business main station service is also provided.
 4. The number of extension instruments which may be permitted with any main station is limited to such number as, in the judgement of the Company, will not interfere with the efficient operation of the service.
 5. Extension service provides the capability of originating or receiving calls from equipped locations in addition to the location of the main station. Charges apply for each off-premises extension circuit provided.
 6. In connection with party line service, extension stations must be located on the same premises as the main station.
 7. Where extension service access locations are provided between buildings, same premises, and for other circuit extensions of similar character, such as signaling equipment, extension line mileage charges are applicable as set forth in A113.25.4.C. following in addition to the basic rates.
 8. Mileage charges are computed on the route measurement from the building location of the main station, key system or PABX system, or from the central measuring point for Centrex systems to the building in which the extension service, PABX station, Centrex extension station, key extension access location service or other service is located. (M)
 9. Mileage charges are computed separately for each extension access location. (M)
 10. The rates and charges for this service are as set forth in A113.25.4.C. following. (M)

A113.25.2 Methods Of Applying Rates**A. Channels Between Buildings on the Same Premises**

(Obsoleted 01-01-87, Type D; not available for installations, moves or transfers. Existing customers may add channels only to the extent that they are available, *Guidebook* Reference A13.)

(T)

These channels are provided to extend exchange, Centrex or ESSX-1 service terminated in a Company-Provided, or a customer-provided non-button telephone to another building on the same premises or to extend Company-provided or customer-provided communications systems such as PBX or Key Systems to other buildings on the same premises.

When the customer provides his own communication system, such as PBX or Key System, the customer may provide the facilities required to extend the use of his system from one building to another on the same premises.

When all terminations are located on the same premises a mileage charge applies for the direct airline distance between buildings, determined in one-tenth mile increments (a fractional one-tenth mile being considered as a full one-tenth mile).

Where a supporting structure is necessary for the purpose of furnishing extension lines on the subscriber's premises such structures shall be furnished by the subscriber as provided for in "Construction on Private Property" in Section A5.

A113.28 Announcement Facilities

A113.28.1 General

(Obsoleted 5-9-2002, Type D – Not available for new installations, moves or transfers. Existing customers may add service if facilities are available. Guidebook Reference A13.)

Announcement facilities will be eliminated after February 28, 2003.

Announcement facilities are provided, where available, to the customer's premises for connection to electronic or electro-mechanical devices that provide recorded announcements to calling parties.

A113.28.2 Terms and Conditions

- A. The Company will provide facilities, when available, for customer use in providing announcements by telephone to calling parties simultaneously, under the following conditions:
 - 1. In order to permit the determination of the anticipated incoming call volume so that facilities of the proper capacity may be furnished, the customer is required to designate the kind of announcements for which the announcement service is to be used.
 - 2. The customer will subscribe to adequate telephone facilities initially and subsequently as may be required, in the judgment of the Company, to adequately handle calls to announcement equipment without impairing the Company's general telephone service or telephone plant. The customer may be required further to bear the expense of traffic load protection equipment when, in the judgment of the Company, such would be required as a protection to the general telephone service or telephone plant during temporary periods of traffic overload to the announcement system. The traffic load protection equipment reduces the normal length of the announcement cycle.
 - 3. Facilities shall be used for such announcements as may be desired by the customer, provided that the contents and length of such announcements shall be subject to the approval of the Company.
 - 4. The Company will furnish said announcement facilities to its customers for use by such customers in providing announcements, only within the limits of the local service area serving the customer, including the limits of other local service areas having access to the location of the announcement facilities on a local service basis. This limitation is not intended to preclude the completion of any incoming sent paid Interexchange Carrier or Company long distance message calls placed to the announcement number.
 - 5. Telephone users calling the announcement number are automatically disconnected after elapsing of time for one full announcement.
 - 6. One listing without charge will be furnished with each service.
 - 7. Facilities for announcement services will be furnished where all the necessary exchange facilities, as determined by the Company, are available.
