E113.3.1 Reserved For Future Use

(N)

E113.3.2 Restoration Priority

(M)

(Obsolated 11-26-90) - Not offered in connection with new service or changes in existing service on and after 11-26-90. Restoration Priority will remain grandfathered until March 10, 1993 when it will be removed as a service offering. Restoration Priority has been replaced by Telecommunications Service Priority (TSP) System Service in E13.3.9 for qualifying customers.

(N)

- A. The Company will arrange a Special Access Service for Restoration Priority on receipt of certification in conformance with Part 64, Subpart D, Appendix A of the Federal Communication Commission's Rules and Regulations.

(M)

- 1. A charge applies when a request to provide or change a Restoration Priority is received subsequent to the issuance of an Access Order to install the service. No charge applies when a Restoration Priority is discontinued.
