**Surcharge Increase**

Effective with telephone bills issued on or after May 1, 2013 the Telecommunications Relay Service (TRS) surcharge will increase to \$0.10 per access line, per month. On April 9, 2013 the Mississippi Public Service Commission ordered an increase in the monthly TRS surcharge amount from \$0.03 to \$0.10 in order to maintain adequate funding for the Dual Party Relay Service Trust Fund. This fund provides telephone access to persons who are speech and hearing impaired.
