## A2. GENERAL REGULATIONS

### A2.3 Establishment and Furnishing of Service (Cont'd)

#### A2.3.6 Application of Rates for Business and Residence Service (Cont'd)

C. (Cont'd)

5. Subscribers residing in college sorority or fraternity houses who order their own individual residence service for their rooms.
6. Secretarial line terminations of residence main service terminating as extension lines on the premises of a telephone answering bureau.
7. Lines which are terminated in facilities or equipment of an amateur radio licensee and used for control of amateur radio communications repeaters and for no purpose which would otherwise cause the service to be classified as business.
8. Family Care Homes  
A family care home is defined as a home with support and supervisory personnel that provides room and board, personal care and habilitation services in a family environment for not more than six resident handicapped persons
9. Individual lines which terminate at a private residence location for residence subscribers desiring to conduct business from their home where a business listing is not employed in the Company's telephone directory. For this application, the subscriber may have up to ten (10) residence service lines for each account with a limit of three (3) of those lines for rotary (hunting) service.

D. If the telephone number of the existing service does not appear *in a business telephone directory or in the business section of the White Pages Directory or listed as a business in a combined residence/business White Pages Directory*, the business telephone number may be continued for the residence service. If the business telephone number does appear *in a business telephone directory or in the business section of the White Pages Directory or listed as a business in a combined residence/business White Pages Directory*, the telephone number must be changed and reference of calls will not be provided regardless of how long the existing directory will remain in effect. Service charges, which apply for such changes, will apply as specified in Section A4. (T)

E. Changes from residence to business service may be made without change in telephone number, if the subscriber so desires. Service charges, which apply for such changes, are quoted in Section A4.

#### A2.3.7 Transfer of Service Between Subscribers

- A. Service previously furnished one subscriber may be assumed by a new subscriber upon due notice of cancellation, or in the case of abandonment, provided there is no lapse in the rendition of service. Such transfers are subject to Service Charges and may be arranged for in either of two ways:
1. If the new subscriber, fully understanding the regulations governing the service and the status of the account, willingly assumes all obligations thereunder. Future bills are then rendered to him without an adjustment to or from any particular date, with the Company arranging for the requested change in billing and directory listing.
  2. If the new subscriber does not wish to assume payment of the old account, a new service application is taken and an adjustment in billing is made to and from the date the transfer is effective.
- B. Under either method of transfer the reassignment of the old telephone number to the service of the new party is arranged for only after the former subscriber has given his consent to its use, and then only when, in the judgment of the Company, there exists no relationship, business or otherwise, between the old and new subscribers, and when in the judgment of the Company a change in the telephone number is not required.
