- b. Day Rate Period = Full Rate
 Daytime Savings Rate Period (12:00 N - 1:00 PM, Mon. - Fri.) = Full Rate
 Evening Rate Period = Full Rate
 Night and Weekend Rate Period = 28% Discount
- 4. On Christmas Day, New Year's Day, Independence Day, Thanksgiving Day and Labor Day, the rate applicable is the Evening rate, unless a lower rate would normally apply.
- 5. Special rates may be applicable when service is used in conjunction with *one of the Company's* packaged calling or discount plans or when services travel through a mobile telephone service base station. (T)
- 6. (DELETED)
- 7. Special rates may be applicable when furnishing connections between three or more land telephone numbers within the same LATA on one connection at the same time (conferencing).
- 8. Vertical (V) and a horizontal (H) coordinates are assigned to all *Company* rate centers in North Carolina. These V&H coordinates are used to compute airline mileage for the purpose of rating intraLATA long distance calls by means of triangulation. (T)

Note 1: To, but not including.

N18. INTRALATA LONG DISTANCE SERVICE

N18.3 Toll Directory Assistance Call Completion Service

N18.3.1 Description of Service

- A. Toll Directory Assistance Call Completion (DACC) is an intraLATA intra-NPA optional service provided to users of Toll Directory Assistance (DA) Service. Customers accessing toll DA may choose to have the requested telephone number dialed by the DA System. A recorded voice will provide the telephone number and will offer to complete the call. The service is available only to customers with touch-tone telephone lines. DACC is only available on the second request if two telephone numbers are requested from DA.
- B. The service is available to Business and Residence customers except as limited in N18.3.4. following.
- C. Individual message detail is not available for calls placed through DACC Service.
- D. The service is available only where billing and network capability exists.
- E. Customers may request blocking of DACC calls on a per line basis for all local and toll DA calls originating from their telephone lines by contacting the local Company Business Office. There are no Service Charges applicable for subscription to blocking.

N18.3.2 General Terms and Conditions

- A. The service is not subject to concessions. (T)

N18.3.3 Use of Service

- A. The service is furnished subject to all applicable *terms and conditions*. (T)

N18.3.4 Limitations of Service

- A. The service is not available for the following classes of service call categories:
 1. Non-Bell Exchange Carrier customers that access the Company's Directory Assistance service
 2. Any Special Line Class Codes
 3. Alternately Billed Calls; e.g., Collect or Billed to Third Number
 4. Any PBX type customer who requires real-time notification of charges, i.e., HOBIC
 5. Calls from tandems where the end user cannot be identified
 6. Calls from Payphone Service Provider coin or coinless stations
 7. Cellular Providers
 8. WATS

N18.3.5 Application of Charges and Exemptions

- A. The charges specified in N18.3.6. following will be applicable to all subscribers except handicapped customers who are exempt from Directory Assistance charges.
- B. Blocking of DACC Service
 1. A blocking option is available to customers who prefer not to have the DACC Service available in their home or office. There are no Service Charges applicable for subscription to or discontinuation of this blocking option.

N18.3.6 Rates and Charges

- A. DACC Service Charges
 - (1) Directory Assistance Call Completion
 - (a) Charge Per Completed Call
- B. Blocking of DACC Service
 - (1) Optional blocking
 - (a) Charge per line

N106. OBSOLETE SERVICE OFFERINGS – SPECIAL BILLING SERVICES

N106.1 Bill Management Service (Cont'd)

N106.1.2 Application of Rates

A. Software Package Charges

For each Bill Management Service software package, an associated nonrecurring charge (License Fee) and monthly rate (Software Support) will apply. With each software package, the customer will receive the Company's billing data in electronic format¹ in addition to the following:

1. Standard Software Package: This package will support one (1) user. The user will receive one software package, one user documentation and initial training delivered by the Bill Management Service Technical Support Group. Enhancements and upgrades for the software package will be available at no additional charge. Ongoing help desk and technical support will be available to the user.
2. Enhanced Software Package: This package will support one (1) user. The user will receive one software package, one user documentation and initial training delivered by the Bill Management Service Technical Support Group. Enhancements and upgrades for the software package will be available at no additional charge. Ongoing help desk and technical support will be available to the user.

B. Service Warranty

1. The Company will provide a ninety (90) day customer satisfaction guarantee for Bill Management Service if the customer is not satisfied with the performance of the software and/or software support.
2. When the customer expresses in writing dissatisfaction with Bill Management Service within the 90-day warranty period, the Company shall reimburse the customer all nonrecurring charges paid for the software package(s) and the monthly charges incurred for software support.
3. When the customer invokes the Service Warranty, the following *terms and conditions* will apply: (T)
 - a. The customer will no longer be a licensed user of Bill Management Service and must return the software package(s) and user documentation to the Company.
 - b. Customer support, software enhancements and software upgrades will be discontinued.
 - c. The 90-day warranty period shall begin concurrent with the customer's first bill period.

C. Optional Payment Plans

The following payment plan options are available for each of the three software packages.

1. Month-to-Month Plan: This payment option has a minimum service period of one month.
2. 12-Month Plan: This payment option requires the customer to commit to a service period of twelve months. The customer must sign a 12-month service period agreement.
3. 36-Month Plan: This payment option requires the customer to commit to a service period of 36 months. The customer must sign a 36-month service period agreement. Nonrecurring charges for the selected software package will be waived under this payment plan option.

D. Termination Liability

For customers selecting the 12- or 36-month payment plan options, termination liability charges will apply if the customer terminates service prior to the end of the service period selected. These termination charges are equal to the number of months remaining in the service period times the monthly rate for the applicable software package the customer subscribes to. The following conditions will also apply:

1. At the expiration of the customer's service period, the customer will continue service under the monthly rates for the service period selected.
2. Should the customer terminate service after the end of the service period selected, the Company will discontinue on-going software enhancements and updates in addition to help desk and technical support.

Note 1: For Bill Management Service, electronic format implies CD ROM.

N112. OBSOLETE SERVICE OFFERINGS - ACCOUNT CODES SERVICES

N112.1 Customer-Dialed Account Recording (CDAR) for ESSX service and Digital ESSX service

(Obsoleted 08-02-96, Type 4) This feature is not available for new service, entire moves of existing service to new locations or transfers of service. Existing CDAR subscribers may request inward activity at the following rates and charges.

N112.1.1 General

- A. Customer Dialed Account Recording (CDAR) is a feature that permits the addition of a number (up to eight digits) by the calling party to the Station Message Detail Recording (SMDR) record of a call.

N112.1.2 Terms and Conditions

- A. Customer-Dialed Account Recording (CDAR) may be furnished only in conjunction with Station Message Detail Recording subject to the availability of facilities and when the Company's message billing process has been arranged to provide the CDAR optional feature.
- B. A maximum of eight digits will appear in the SMDR record as CDAR numbers. The number of digits will be predesignated by the customer and must be uniform for all CDAR numbers per customer.
- C. The CDAR number or numbers will be in addition to the details as provided for Station Message Detail Recording (SMDR).

N112.1.3 Rates and Charges

 - 1. Per System Equipped

	Installation Charge	Monthly Charge	USOC
(a) Common Equipment	\$53.00	-	CMD
(b) CDAR, Per Message	-	\$0.005	CMP

N112.2 Account Codes/Customer-Dialed Account Recording (CDAR) for MultiServ service/MultiServ PLUS service

(Obsoleted 08-08-2002, Type 4) This feature is not available for new service, entire moves of existing service to new locations or transfers of service. Existing CDAR subscribers may request inward activity at the following rates and charges.

N112.2.1 General

- A. Account Codes/Customer-Dialed Account Recording (CDAR) is a feature of MultiServ service/MultiServ PLUS service that permits the addition of a number (up to eight digits) by the calling party to the Station Message Detail Recording¹ record of a call.

N112.2.2 Terms and Conditions

- A. Account Codes/Customer-Dialed Account Recording (CDAR) may be furnished only in conjunction with Station Message Detail Recording, a feature of MultiServ service/MultiServ PLUS service, subject to the availability of facilities.
- B. A maximum of eight digits will appear in the Station Message Detail Recording record as Account Codes/CDAR numbers. The number of digits will be predesignated by the customer and must be uniform for all Account Codes/CDAR numbers per customer.
- C. The Account Codes/CDAR number or numbers will be in addition to the details as provided for Station Message Detail Recording.

N112.2.3 Rates and Charges

- A. Rate Elements
 - 1. Account Codes/CDAR

	Installation Charge	Monthly Charge	USOC
(a) Per System (1AESS, DMS-100, EWSD [®])	\$59.00	\$3.40	M2BA3
(b) Per Line (5ESS)	4.20	0.40	M2BB5

Note 1: Denotes Station Message Detail Recording - RAO or Station Message Detail Recording - Premises provided from 1AESS, DMS-100, 5ESS or Digital Electronic Switching System (EWSD[®]) switches.

N112. OBSOLETE SERVICE OFFERINGS - ACCOUNT CODES SERVICES

N112.3 Account Codes/Customer-Dialed Account Recording (CDAR) for BellSouth Centrex service

(Obsoleted 08-08-2002, Type 4) This feature is not available for new service, entire moves of existing service to new locations or transfers of service. Existing CDAR subscribers may request inward activity at the following rates and charges.

N112.3.1 General

- A. Account Codes/Customer-Dialed Account Recording (CDAR) is a feature of BellSouth Centrex service that permits the addition of a number (up to eight digits) by the calling party to the Station Message Detail Recording¹ record of a call.

N112.3.2 Terms and Conditions

- A. Account Codes/Customer-Dialed Account Recording (CDAR) may be furnished only in conjunction with Station Message Detail Recording, a feature of BellSouth Centrex service, subject to the availability of facilities.
- B. A maximum of eight digits will appear in the Station Message Detail Recording record as Account Codes/CDAR numbers. The number of digits will be predesignated by the customer and must be uniform for all Account Codes/CDAR numbers per customer.
- C. The Account Codes/CDAR number or numbers will be in addition to the details as provided for Station Message Detail Recording.

N112.3.3 Rates and Charges

- A. Rate Elements
 - 1. Account Codes/CDAR

	Installation Charge	Monthly Charge	USOC
(a) Per System (1AESS, DMS-100, EWSD [®])	\$59.00	\$3.40	M2BA3
(b) Per Line (5ESS)	5.00	0.05	M2BB5

Note 1: Denotes Station Message Detail Recording - RAO or Station Message Detail Recording - Premises provided from 1AESS, DMS-100, 5ESS or Digital Electronic Switching System (EWSD[®]) switches.

N119. OBSOLETE SERVICE OFFERINGS - WIDE AREA TELECOMMUNICATIONS SERVICE

N119.1 General (Cont'd)

- K.** In all cases, communications must be completed without the assistance of a Company operator, except that a Company operator will re-establish a call which has been interrupted by cutoff or poor transmission after the called number has been reached.
- L.** WATS access line extensions associated with an intraLATA WATS access line must be located within the same LATA as the WATS access line.²
- M.** The Company will provide the intraLATA portion of Open TFD Service with the IC providing the interLATA and/or interstate portion of the service. For the *terms, conditions* and rates of the interLATA and/or interstate portion of this service, refer to the interexchange carrier's tariffs. (T)
- N.** Option TFD Service and Open TFD Service are provided by the Company utilizing Toll Free Dialing Service.
1. Toll Free Dialing Service Number Assignment

Toll Free Dialing Service provides for the assignment of a single ten digit toll free dialing number³ to the customer for use in any or all of the preceding stated LATAs for IntraLATA calling. Toll Free Dialing Service can be selected for an area consisting of more than one LATA by specifying the desired Area of Service described in 2. following. The assigned TFD Service number can terminate to a WATS Access line or to an exchange access line. N119.2.8 following provides the applicable charges for Option TFD Service and Open TFD Service terminating to an exchange access line. In the provisioning of Open TFD Service, the Company will be the Responsible Organization (RESPORG). The ten-digit POTS number must be furnished to the Company for intraLATA screening and call completion.
 2. Area of Service

Area of Service for Option TFD Service defines the geographic locations (LATAs) within a state from which the customer desires to accept calls for a given TFD Service number. The Area of Service may range from a single LATA to all of the available LATAs. A WATS Access Line or exchange access line is required within each LATA specified by the Area of Service for termination of TFD Service traffic that originated within that LATA. The desired Area of Service must be specified by the customer at the time Option TFD Service is ordered. Customers requesting an Area of Service encompassing more than one LATA are required to subscribe to the Variable Call Destination feature described in 3. following. Area of service for Open TFD Service is defined as either the entire state or the entire United States.⁴
 3. Variable Call Destination

The Variable Call Destination feature provides for multiple terminations (one ten digit telephone number per LATA) of Option TFD Service when the customer specifies an Area of Service greater than one LATA. This allows for the assignment of one toll free dialing number, for use in all available LATAs, with termination to a WATS Access Line or exchange access line within the LATA where the TFD Service call originated. Rates for Variable Call Destination record establishment and record changes are provided in N119.2.8. Usage rates are calculated and billed separately per LATA.
- O.** Customers who subscribe to a toll free dialing service provided by other than the Company may designate the Company as the intraLATA carrier. This arrangement is referred to as Add-On TFD service. The intraLATA usage will be billed in accordance with the rates, *terms and conditions* specified in N119.2.9. The Company will not bill the customer for a WATS access line or exchange access line for this service. (T)

Note 1: Due to technical limitations of certain interLATA carriers' services, operator assistance as specified in N119.1.K. cannot be provided with the Combined IntraLATA/InterLATA Outward WATS offered in conjunction with interLATA carriers having these technical limitations.

Note 2: Refer to the interLATA carrier's tariff for availability, rates and charges applicable to WATS access line extensions terminated in a LATA other than the WATS access line.

Note 3: TFD Service numbers are assigned using the 8XX toll free access codes (i.e., 8XX+XXX+XXXX).

Note 4: Open TFD Service subscribers who choose to terminate the toll free dialing number to an exchange access line may elect the Area of Service as either the entire state or the entire United States. The Area of Service for Open TFD Service provided on a WATS Access Line must be the state; it cannot be defined as the entire United States.

N119. OBSOLETE SERVICE OFFERINGS - WIDE AREA TELECOMMUNICATIONS SERVICE

N119.2 Rates and Charges

N119.2.1 Application

- A. The separate usage rate structures of the local exchange carrier and the interLATA carrier providing Combined IntraLATA/InterLATA Outward WATS are based on separate identification of intraLATA and interLATA usage.
- B. For Option TFD Service, Open TFD Service, Combined IntraLATA/InterLATA Outward WATS and IntraLATA Outward WATS, the intraLATA usage is rated according to the schedule of monthly usage charges in N119.2.2.B. following.
- C. This schedule requires a separate monthly charge for each WATS access line in a service group or exchange access line for Option TFD Service or Open TFD Service independent of usage on that line or service group (except as specified in N119.1.O. preceding).
- D. Except as specified in N119.2.21.B, monthly usage charges are computed on the total hours of use per service group according to the schedule and methodology found in N119.2.2.B, C and D following. WATS access lines and exchange access lines will not be mixed at any one customer location for termination of Add-On TFD Service, Option TFD Service or Open TFD Service traffic associated with a given toll free dialing number.
- E. Service Group
 - 1. The term "Service Group" as used in connection with Outward WATS denotes one or more Outward WATS access lines for the same service area terminated in the same multi-line terminating system at the same premises.
 - 2. The term "Service Group" as used in connection with Toll Free Dialing Service denotes the WATS access lines or exchange access lines arranged in Central Office equipment furnished by the Company as part of a given hunting arrangement.
- F. Chargeable Time
 - 1. Chargeable time begins when the connection is made between the WATS termination and the calling or called termination.
 - 2. Chargeable time ends when the calling termination hangs up. However, if the calling termination does not hang up after the called termination hangs up, then chargeable time ends when timing equipment in the network connection is released by the telephone network automatic timing equipment.
- G. Minimum Average Time Requirement (MATR)
 - 1. Outward WATS and Toll Free Dialing usage (except as specified in 3. following) are subject to an average of fifteen seconds per completed call for each billing period in each service group.
 - 2. If the average duration of all such calls is less than the MATR (fifteen seconds for Outward WATS and fifteen seconds for Toll Free Dialing Service), the total use for the service group equals the number of calls multiplied by the MATR .
 - 3. Usage for Add-On TFD service with the local discount option is not subject to a MATR.
- H. Multi-jurisdictional WATS Access Line "1+" and "0" IntraLATA Usage

"1+" and "0" intraLATA usage carried over Outward WATS Access Lines, having both intra and interstate capability (multi-jurisdictional) and provided from the BellSouth Telecommunications, Inc. Tariff FCC No. 1 or other appropriate Local Exchange Carrier (LEC) interstate tariff, will be completed over LEC facilities at LEC intraLATA Outward WATS rates and subject to **terms and conditions** applicable to LEC intraLATA Outward WATS. Subscribers using a multi-jurisdictional access line for Toll Free Dialing Service may choose either the Company or an interexchange carrier with a North Carolina Long Distance Certificate to complete and bill intraLATA calls according to the appropriate rates, **terms and conditions**. The "1+" and "0" intraLATA usage will be billed to the customer (end user or IC) where the closed end of the Multi-jurisdictional WATS Access Line is terminated. Customer billing information must be provided to the Company at the time the Multi-jurisdictional WATS Access Line is ordered. (T)

N119.2.2 Monthly Rates and Charges

A. Access Line Charges

1. Outward

	Monthly Rate	USOC
(a) For Combined IntraLATA/InterLATA Service, each	\$31.50	WMCS+
(b) For IntraLATA Service only, each	31.50	WFMS+

(j) Greater than 2500 hours	4.35	3.98	.0725	.0663	NA

D. Method of Determining Usage Charges

For Combined IntraLATA/InterLATA Outward WATS, IntraLATA Outward WATS, and Open TFD or Option TFD Service, apply the following to the intraLATA calls and usage.

- 1. Determine the total chargeable hours for each service group. This is the greater of a. or b. following, rounded to the nearest tenth (one decimal place).
 - a. Determine the total number of completed calls in the Peak and Off Peak Periods for the service group. Determine the equivalent hours used by applying the minimum average time requirement of fifteen seconds per call (1 call x 15 seconds) for Outward WATS or fifteen seconds per call (1 call x 15 seconds) for Toll Free Dialing Service to the number of calls made in each Period and total.
 - b. Determine the actual hours used in the Peak and Off Peak Periods for each service group and total.
- 2. Determine the usage charge for each service group by multiplying the hourly rate in the rate table specified in C., preceding, by the total number of chargeable hours used in the Peak and Off-Peak Periods determined in 1., preceding and total. For example, if total usage equals 20 hours for a given month, then the appropriate rates for the Peak and Off Peak usage would be the Peak and Off Peak rates for Greater Than 15 Hours.
- 3. Except as provided following, for Option TFD Service and Open TFD Service with terminations in multiple LATAs, monthly usage charges are calculated per TFD number within the state. Billing of usage charges for a single TFD number on a per LATA basis is available only with Option TFD Service equipped with the Variable Call Destination option as described in N119.1.N.3.

E. WATS Access Line Extensions

N119. OBSOLETE SERVICE OFFERINGS - WIDE AREA TELECOMMUNICATIONS SERVICE

N119.2 Rates and Charges (Cont'd)

N119.2.4 Minimum Service Period

The minimum service period for WATS is one day, except as specified in N119.2.2.B.3 preceding.

N119.2.5 Fractional Periods

- A. The charges for a fractional part of a month will be a proportionate part of the monthly recurring charge based on the actual number of days the service is provided.
- B. For the purpose of administering this *term and condition* with respect to the determination of charges for a fractional part of a month, every month is considered to have 30 days. (T)

N119.2.6 Allowance for Interruptions

- A. Allowance for interruptions applies to each WATS access line as set forth following:

1. When the WATS access line is interrupted for a period of less than two (2) hours no credit applies.
2. When the WATS access line is interrupted for a period of two (2) hours to 24 hours a per day credit applies.

	Credit Amount	USOC
(a) Per access line	\$11.37	NA
3. When the WATS access line is interrupted for a period of more than 24 hours, the credit specified in N119.2.6.A.2. applies for each 24 hour period or any fraction thereof.
4. The credit in 2. and 3. preceding includes all credit to be applied for an interruption.
5. None of the preceding credit allowances will be made for:
 - a. Non-completion of WATS messages due to busy network conditions.
 - b. Interruption of service due to customer-provided equipment or systems.
 - c. Interruption of service due to negligence of the customer.
 - d. Interruption of service during any period in which the Company is not afforded access to the premises at which the WATS access line is terminated.
 - e. Interruption of service during any period when the customer has released the WATS access line to the Company for maintenance purposes, or implementation of a customer order for a change in service arrangement.
6. IntraLATA long distance service furnished at a customer's request when his WATS is interrupted is charged at rates contained in Section N18.

N119.2.7 Directory Assistance

Customers requesting telephone number information of subscribers who are located outside their calling area, but within the same Numbering Plan Area, is furnished under the provisions of Section A18.7 of the General Exchange Guidebook. Such calls will not be included in the determination of WATS usage charges. (T)

N119.2 Rates and Charges (Cont'd)

N119.2.9 Add-On TFD Service

- A. Unless specified otherwise in the following paragraphs, hourly rates and usage charge methodology specified for Option TFD Service in N119.2.2.C. and D. preceding apply for usage carried and billed by the Company when the Company is designated as the intraLATA carrier for Toll Free Dialing service provided by another company. The following provisioning USOC establishes the add-on TFD billing capability.

**USOC
TGW**

- B. Local Discount Option ¹
 - Per add-on TFD access number

1. Due to billing system requirements, this option is available only for TFD Service that terminates to a telephone number providing dial tone from the *Company's* network to an end user who obtains the telephone number service directly from *the Company* or indirectly from a certificated reseller of *the Company's* services.
2. Customers who subscribe to add-on Toll Free Dialing service with a local discount must subscribe to a specified monthly usage commitment. Based on the monthly usage commitment, the appropriate rates from the following table apply as specified in 5. following for all usage on the service. The following table specifies two sets of intraLATA usage rates for each monthly usage commitment. One set of rates applies for calls that originate from the exchanges within the basic service area for the TFD termination, as specified in the General Exchange Guidebook, Section A3.5.2, and the other set of rates applies for calls that originate from exchanges outside the same basic service area. A customer may be billed a shortfall penalty after each anniversary of the service if the monthly usage commitment is not satisfied on a cumulative annual basis.
3. Usage Rates

(T)

Add-On TFD Monthly Usage Commitment	Within Basic Service Area		Outside Basic Service Area		USOC
	Initial Period (up to 30 seconds)	Per Minute For Additional Time (six second increments)	Initial Period (up to 30 seconds)	Per Minute For Additional Time (six second increments)	
(a) 300 hours	\$0.03450	\$0.06900	\$0.04200	\$0.08400	WFTO1
(b) 750 hours	0.03250	0.06500	0.03950	0.07900	WFTO5
(c) 1,500 hours	0.03050	0.06100	0.03700	0.07400	WFT10
(d) 3,000 hours	0.02850	0.05700	0.03450	0.06900	WFT20
(e) 4,500 hours	0.02550	0.05100	0.03200	0.06400	WFT30
(f) 6,000 hours	0.02450	0.04900	0.02950	0.05900	WFT40
(g) 7,500 hours	0.02350	0.04700	0.02825	0.05650	WFT50

4. For customers who subscribe for a specified term to add-on Toll Free Dialing service with a local discount, the discounts indicated in the following table apply to the appropriate rates specified in 3. preceding. Upon cancellation of a specified term plan, the customer will be billed an amount equal to the discounted local calling area rate times the monthly usage commitment for the number of months remaining on the plan.

Term Commitment for Local Discount

Option Add-On TFD Service

Option Add-On TFD Service	Discount
Month-to-Month	None
12 months	5.0%
24 months	8.0%
36 months	11.0%

5. For add-on Toll Free Dialing service with a local discount, each message is rated separately. The discounts specified in 4. preceding are applied to the rates specified in 3. preceding and the resulting rate is applied to each message using an initial period of thirty seconds and additional periods in six-second increments thereafter. If a call lasts less than thirty seconds, the customer is billed the appropriate charge for a full thirty second message. There are no time-of-day discounts for add-on Toll Free Dialing service with a local discount.

Note 1: These rates apply only to end-user customers.
