A3. BASIC LOCAL EXCHANGE SERVICE

A3.3 Monthly Exchange Rates (Cont'd)

A3.3.4 Flat Rate Business Line

A. The Flat Rate Business Line service provides local calling from the subscriber's home exchange to all Company exchanges and participating Independent Company exchanges within a 55-mile radius of the subscriber's home exchange. For a list of exchanges that will be included in the basic local calling area of the Flat Rate Business line service, please refer to A3.5, Bands A, B, C, D, E and F of the subscriber's home exchange.

B. Calls within a 55-mile radius will be dialed 7 or 10-digits and are considered local calls.

C. For calls outside the 55-mile radius, the appropriate intraLATA/toll MTS rates will apply for the long distance provider that the end user has chosen.

D. The service is not available for use with Access Line Service for Payphone Service Provider telephones.

A13.56 Hot Line Service

A13.56.1 General

A. Hot Line Service is an automatic dialing feature which provides the customer with the ability to automatically be connected with another predetermined line in the circuit switched network. When the customer's instrument goes off-hook, a switched connection is set up without any further customer action. The predetermined number is selected by the customer at the time service is established and can be changed only via service order.

B. Hot Line Service may be used only in connection with individual line service.

C. Hot Line Service is furnished only from central offices which have been arranged to provide this service and is provided subject to the availability of facilities.

A13.56.2 Rates and Charges
