- C. When a customer cancels an order service for BellSouth Dedicated Ring, SMARTRing service (a.k.a. BellSouth Dedicated Ring) or BellSouth Wavelength service prior to the beginning of the selected service period, the customer will be liable for all capital expenses incurred by the Telephone Company in provisioning the BellSouth Dedicated Ring, SMARTRing service (a.k.a. BellSouth Dedicated Ring) or BellSouth Wavelength service, as of the date the order is canceled by the customer. The charges billed to the customer will not exceed an amount equal to the minimum period for the service as set forth in Sections E7.4 and E29.1.2 of this *Guidebook* at the month-to-month rates set forth in Sections E7.5 and E29.1.6 of this *Guidebook*. Such charges will be billed in addition to and subsequent to the cancellation charges set forth in Section E5.2.3.B.
- D. When an IC cancels an order for the discontinuance of service, no charges apply for the cancellation.
- E. If the Company misses a service date by more than thirty days due to circumstances over which it has direct control (excluding, e.g., acts of God, governmental requirements, work stoppages and civil commotions), the IC may cancel the Access Order without incurring cancellation charges.

E5.2.4 Selection of Facilities For Access Orders

- A. When an IC places an Access Order, it may choose to utilize facilities it previously purchased. If the IC has a high capability interface, or has purchased a facility, the IC must request that specific channels be used to implement the Access Order. If a facility assignment is not provided by the IC, the Company will provide the service from available inventory as discussed in E5.3 following.
- B. For all other Access Orders, the option to request a specific transmission path or channel is not provided, except as provided for under Special Facilities Routing as set forth in Section E11 of this Guidebook.

E5.2.5 Minimum Period

- A. Except as set forth preceding, and in Sections E5.2.5.B., C., D., E., H. and I and E9.4.3 of this Guidebook, the minimum period for which Access Service is provided and for which charges are applicable is six months.
- B. The minimum period for which Access Service ordered under a Short Notice Interval is provided, and for which charges are applicable, is one month.
- C. Except as set forth in Section E2.4.9 of this Guidebook, the minimum period for analog and digital high capacity services (facilities) to a Hub is twenty-four months. The twenty-four month minimum period applies in lieu of the normal minimum six month period because the activation date and service date on such orders are always the same date.
