**B100. OBSOLETE SERVICE OFFERINGS**

**B100.1 GENERAL**

- A. Prior to May 1, 2022, service offerings listed herein are classified as obsolete according to the following types, and each obsolete offering is designated by one of these types. (C)

Type of Obsolescence	Effect on Existing Customers	Effect on New Customer Requests	Status of Equipment in this Category
Type 1	Additions to, rearrangements, changes or moves will be made contingent upon the availability of parts.	Offered for new installations only as available from existing stock.	No longer manufactured. Maintenance of Type 1 offerings will be provided contingent upon the availability of parts.
Type 2	Additions to, rearrangements, changes or moves of existing service at the same location (i.e., same building) will be made contingent upon the availability of parts. A move from one building to another is considered a new installation.	Not offered for new installations on and after the specified obsolete date.	Maintenance of Type 2 offerings will be provided contingent upon the availability of parts.
Type 3	Units in service on the specified date may be continued in service at the same location (i.e., same building) until such units are discontinued. In the case of products/services having common equipment, lines and/or stations may be added up to the capacity of the currently installed common equipment, contingent upon the availability of parts.	Not offered for new installations on and after the specified obsolete date.	No longer manufactured. Maintenance of Type 3 offerings will be provided contingent upon the availability of parts.
