A24. EMERGENCY REPORTING SERVICES

A24.1 Universal Emergency Number Service-911 (Cont'd)

A24.1.2 Terms and Conditions (Cont'd)

- W. The Company's entire liability to any person for interruption or failure of 911 Service shall be limited to the terms set forth in this Section and other Sections of this Guidebook.
- X. General Terms and Conditions located in Section A2 will also apply to this service offering.
- Y. Where a 911 call is placed by the calling party via interconnection with an interexchange carrier, the Company cannot guarantee the completion of said 911 call, the quality of the call or any features that may otherwise be provided with 911 Service.
- Z. The following terms define the customer's responsibilities with respect to any information provided by the Company to the customer concerning the Company's subscribers and/or with respect to geographical information or maps:
 1. Such information shall be used by the customer solely for the purpose of aiding the customer in more accurately identifying, updating, and/or verifying the addresses of subscribers within the customer's E911 serving areas in connection with the customer's provision of E911 services.
 2. Customer shall strictly limit access to the information to those authorized employees of the customer with a need to know and those employees actually engaged in the provision of emergency assistance services.
 3. Customer shall use due care in providing for the security and confidentiality of the information.
 4. Customer shall make no copies of the information except as may be essential for the verification of emergency assistance services.
 5. As soon as customer has completed using the information for the purposes authorized in the Guidebook or upon the request of the Company, customer shall return all information and all copies of information to the Company or certify that the information has been destroyed.

A24.1.3 Basic Universal Emergency Number Service

A. General

1. A Basic 911 system includes the Company provision of the 911 code or the opening of this code to the exchange network in those central offices that fall within the boundaries of the municipalities or other governmental bodies (township, county, etc.) that subscribe to Basic 911 service. The other components include the one-way incoming 911 Exchange Line and customer- provided station equipment at the PSAP. Basic 911 Service (91L++ and 91MSX) is classified as Business Exchange Service (7FB or TWC1X) and is arranged for one-way incoming service to the appropriate PSAP.

B. Definition of Terms

1. **Public Safety Answering Point (PSAP)**
An answering location for 911 calls originating in a given area. A PSAP may be designated as Primary or Secondary, which refers to the order in which calls are directed for answering. Primary PSAPs respond first; Secondary PSAPs receive calls on a transfer basis only. PSAPs are public service agencies such as police, fire or emergency medical or a common bureau serving a group of such entities.

C. Rates and Charges

1. Messages:
 - a. The calling party is not charged for calls placed to the 911 number.
2. 911 Exchange Lines

A103.38 Back-Up Line

(Obsoleted 11-1-2011, Type D - Not available for new installations, additions to existing installations, or moves to a new location.)

A103.38.1 Terms, Conditions and Rates

- A. Back-Up Line is an optional service which provides individual line business subscribers with an additional line for inward and outward calling.
- B. This service is only available to individual line business subscribers where facilities permit. Back-Up Line service cannot be used as the primary business line and must be located on the same premises as the associated business individual line.
- C. Each Back-Up Line has the same local calling area as the primary line or primary line hunt group with which it is associated.
- D. Each Back-Up Line can receive calls forwarded from one busy primary line or hunt group without incurring an additional charge for rotary line service. This overflow capability will be provided on the forwarding line. The addition of a Back-Up Line will not impact existing charges for rotary line service, e.g. if a customer has two primary lines with rotary line service and adds a Back-Up Line, two charges for rotary line service will continue to apply.
- E. Overflow capability from more than one primary line or hunt group to Back-Up Line service will be provided on the forwarding line at rates as specified for rotary line service in Section A13. When more than one primary line or hunt group overflows to the same Back-Up Line, an additional charge for rotary line service (BUL++) is incurred for each additional (excluding the first) primary line or hunt group that overflows to the same Back-Up Line.

	Monthly Rate	USOC
(a) Per additional line or group that overflows (See A13.8 for rotary line service rate)	-	BULRX

- F. If a customer subscribes to more than one Back-Up Line, these Back-Up Lines may be provisioned in a sequential hunting rotary group at no charge. Rotary line capability may not be provided from a Back-Up Line or group of Back-Up Lines to other lines on the same premises. Call Forward Busy Line provided at rates specified in Section A13, may be used to forward calls from Back-Up Lines to lines located on different premises (e.g., an afterhours answering arrangement).
- G. Back-Up Line service cannot be provisioned with circular hunting.
- H. Rotary line service charges will not apply to a hunt group comprised only of Back-Up Lines. For calls to hunt groups comprised only of Back-Up Lines, only one inward call usage charge (\$.05 per minute) will apply per call terminated on and completed to a Back-Up Line in that hunt group.
- I. A free listing is not furnished with Back-Up Line service. Listings may be purchased at the rates specified in A6.
- J. Usage charges are applied to all incoming (e.g., long distance, expanded service area and basic service area) and outgoing calls associated with Back-Up Line service, as described in L, M and N, with the following exceptions: no usage charges apply to outgoing calls to the Company business office, Repair Service, Directory Assistance, or for 911 Emergency service. No Back-Up Line outward usage charges (\$.05 per minute) apply for calls made on a Back-Up Line to the expanded service area or for calls made to toll areas, but the regular expanded service area usage rates or long distance rates do apply for such calls
- K. The access line rate per Back-Up Line is as shown in 1. The access line rate per Back-Up Line for BellSouth Business Plus service customers is as shown in 2.
