A103.38 Back-Up Line

(Obsoleted 11-1-2011, Type D - Not available for new installations, additions to existing installations, or moves to a new location.)

A103.38.1 Terms, Conditions and Rates

- A. Back-Up Line is an optional service which provides individual line business subscribers with an additional line for inward and outward calling.
- B. This service is only available to individual line business subscribers where facilities permit. Back-Up Line service cannot be used as the primary business line and must be located on the same premises as the associated business individual line.
- C. Each Back-Up Line has the same local calling area as the primary line or primary line hunt group with which it is associated.
- D. Each Back-Up Line can receive calls forwarded from one busy primary line or hunt group without incurring an additional charge for rotary line service. This overflow capability will be provided on the forwarding line. The addition of a Back-Up Line will not impact existing charges for rotary line service, e.g. if a customer has two primary lines with rotary line service and adds a Back-Up Line, two charges for rotary line service will continue to apply.
- E. Overflow capability from more than one primary line or hunt group to Back-Up Line service will be provided on the forwarding line at rates as specified for rotary line service in Section A13. When more than one primary line or hunt group overflows to the same Back-Up Line, an additional charge for rotary line service (BUL++) is incurred for each additional (excluding the first) primary line or hunt group that overflows to the same Back-Up Line.

	Monthly Rate	USOC
(a) Per additional line or group that overflows (See A13.8 for rotary line service rate)	-	BULRX

- F. If a customer subscribes to more than one Back-Up Line, these Back-Up Lines may be provisioned in a sequential hunting rotary group at no charge. Rotary line capability may not be provided from a Back-Up Line or group of Back-Up Lines to other lines on the same premises. Call Forward Busy Line provided at rates specified in Section A13, may be used to forward calls from Back-Up Lines to lines located on different premises (e.g., an afterhours answering arrangement).
- G. Back-Up Line service cannot be provisioned with circular hunting.
- H. Rotary line service charges will not apply to a hunt group comprised only of Back-Up Lines. For calls to hunt groups comprised only of Back-Up Lines, only one inward call usage charge (\$.05 per minute) will apply per call terminated on and completed to a Back-Up Line in that hunt group.
- I. A free listing is not furnished with Back-Up Line service. Listings may be purchased at the rates specified in A6.
- J. Usage charges are applied to all incoming (e.g., long distance, expanded service area and basic service area) and outgoing calls associated with Back-Up Line service, as described in L, M and N, with the following exceptions: no usage charges apply to outgoing calls to the Company business office, Repair Service, Directory Assistance, or for 911 Emergency service. No Back-Up Line outward usage charges (\$.05 per minute) apply for calls made on a Back-Up Line to the expanded service area or for calls made to toll areas, but the regular expanded service area usage rates or long distance rates do apply for such calls

Existing customers may not change to a different BellSouth Business Plus service option, however, they may convert to a Complete Choice for Business package that includes BellSouth Business Plus service.)

A103.43.1 Plan Descriptions

A. BellSouth Business Plus Service

1. BellSouth Business Plus service is offered as a business individual line service where facilities and equipment are available.
2. BellSouth Business Plus service allows the business customer to choose between two LATA-wide¹ calling options:
 - a. Option 1 - Monthly rated plan which provides free calling within the LATA up to 120 hours (7200 minutes). Usage exceeding 120 hours is billed at the usage rate specified in A103.43.2. This option treats all usage within the LATA uniformly and does not differentiate between the basic service area, the expanded service area or other exchanges in the LATA.
 - b. Option 2 - Combination rated plan which provides for unlimited usage within the basic service area for a flat monthly charge and applies a usage rate specified in A103.43.2 for each minute of use for all other calling within the LATA.
3. The option chosen by the BellSouth Business Plus service subscribers will apply to each of their lines.
4. Customers may subscribe to either the standalone BellSouth Business Plus service offering or to the BellSouth Complete Choice for Business package (See A103.45) which includes a BellSouth Business Plus service Option 2 line. If BellSouth Business Plus service is subscribed to, the rates of A103.43.2 are applicable. If Complete Choice for Business package is subscribed to, the rates of A103.45.2 are applicable. All of the terms, conditions and limitations specified for each offering will apply to the respective services and features. (C)
5. Usage rates specified for this service apply only for calls originated from a line equipped with BellSouth Business Plus service. BellSouth Business Plus service (Option 1 and Option 2) usage charges apply to all 0+ and 0- calls originated from a line equipped with BellSouth Business Plus service and terminating within the LATA. For Option 1, every minute of 0+ and 0- usage is rated, therefore this usage is not counted against the 120 hour usage threshold. The appropriate operator services surcharges will also be charged in accordance with the rules and conditions of A.3.9.
6. BellSouth Business Plus service Option 2 service customers may subscribe to Local Usage Detail for billable usage. There is no charge for the Local Usage Detail.
7. Method of Determining Monthly Usage Charges
 - a. Usage is determined for each call based on minutes or fraction thereof, with minimum call duration of one minute. This value is then multiplied by the rate per minute for the rate option selected by the customer. The resultant amount is truncated to whole cents for each call. The amount of usage billed to the customer is subject to paragraphs b and c.
 - b. For Option 1, usage above the first 120 hours (7,200 minutes) of usage within the entire LATA and all 0+ and 0- usage within the LATA is billed to the customer.
 - c. For Option 2, usage outside the Basic Service Area but within the LATA and all 0+ and 0- usage within the LATA is subject to the billing as described in paragraph a.

Note 1: For a list of all exchanges in each LATA, see A3.5.3.

A103.45 Complete Choice For Business Package (Cont'd)

A103.45.3 Term Plan

- A. The Complete Choice for Business package Term Plan is available for any business customer who subscribes to a Complete Choice for Business package.
- B. Complete Choice For Business package Term Plans offer discounts off rates shown in A103.45.2. If the Subscriber does not renew the Subscriber Election agreement for another term or at the expiration of the renewed term, the Subscriber agrees to pay the full rates for the individual package components.
- C. The 12-month term is also available as a 12-month oral agreement with option to re-subscribe. If the customer selects the 12-month agreement with option to re-subscribe, the plan will renew for 12-month intervals. A maximum of two 12-month renewals are available after the first 12-month term. The customer will receive written notification of their selection outlining the details of the agreement, plus subsequent notifications regarding their re-subscription options beginning approximately one hundred and eighty (180) days prior to the expiration of each 12-month term depending upon the subscriber's billing cycle. The customer is under no obligation to re-subscribe after completion of a 12-month term period. Customers will be provided the discounts established in the first 12-month term for both successive 12-month terms.
- D. A termination liability will be assessed to a subscriber who terminates the service prior to the expiration of the term commitment. For a Complete Choice for Business package Term Plan elections, the amount to be assessed will be equal to \$20.00 multiplied by the number of months remaining on the term.

Termination liability charges for Complete Choice for Business package Term Plan elections will not be applicable if, during the term period, (1) the customer converts to another Company access and local usage plan with a term equal to or greater than the time remaining on the Complete Choice for Business Package term plan; or (2) the customer converts to an upgraded technology with the Company (i.e. network access lines to PBX Trunks, Centrex, ISDN Prime) and commits to a term equal to or greater than the time remaining on the Complete Choice for Business package term plan. It is at the Company's sole determination whether a product change satisfies the requirements for waiver of the termination liability under this clause; or (3) the customer chooses to terminate their agreement and to negotiate a new Complete Choice for Business package agreement with a term period greater than the time remaining on the existing Complete Choice for Business agreement. The new service agreement will be based on the discounts in effect at the time of establishing the new agreement.

If during the Term, an AT&T ILEC Service (referred to as the "Terminated ILEC Service") provided under a Complete Choice for Business Package Agreement is migrated to a qualifying AT&T Business Voice over IP (BVoIP) Service or to a qualifying AT&T Mobility Service (referred to collectively as the "Replacement Service"), then the Early Termination Charge associated with the Terminated ILEC Service will be waived provided: (N)

- 1. the Terminated ILEC Service has been installed at the Customer site for no fewer than 3 months; (N)
- 2. the Term of the Replacement Service agreement is equal to or greater than the remaining term for the Terminated ILEC Service; (N)
- 3. the Replacement Service is installed or available at the same Customer sites as the Terminated ILEC Service; (N)
- 4. the Replacement Service is contracted for in the same relative quantity(ies) as those Terminated ILEC Services being displaced; and (N)
- 5. activation of the Replacement Service at the Customer sites or for Customer use at such Customer Sites occurs within 90 days of termination of the ILEC Service at that site. (N)

It is at the Company's sole discretion whether a product change satisfies these requirements. (N)
