**A105.1.1 Services and Equipment Located in the Chapel Hill Exchange**

(Obsolete Offering 4-1-77, Type 4 Available for additions, changes and new installations only as obtainable from existing stock and when in the judgment of the Company such additions, changes and installations are practical from an installation and maintenance standpoint.)

**A. Computation Center University of North Carolina at Chapel Hill**

Special central office additions to handle heavy traffic loads for data services. This is step-by-step additions to the existing switching network consisting of additional fourth and fifth selectors, and a 100-terminal (connector) addition which will provide trunk and level hunting and be equipped with a connector switch per activated number. The system also provides for time out disconnect.

The equipment configuration is such that expansion must be in increments of 14 lines per addition, i.e., 14, 28, 42, 56, 70, etc. The Company reserves the right to require economical additions to the system. A basic termination contract for 3 years is required.

1. The monthly rate for each line is the Centrex main station line rate, plus a special equipment charge per month per line. The total charge per month per line is in increments of 14 lines. The rate for a 14 line group is as follows:

	<b>Installation Charge</b>	<b>Monthly Rate</b>	<b>USOC</b>
