

PRELIMINARY STATEMENT

1.4.1 TERRITORY SERVED - SERVICE RENDERED - RATES AND REGULATIONS

A. TERRITORY SERVED

1. The Company renders intraLATA message telecommunications service, exchange telephone services, private line services and channels and mobile telephone service throughout the territory served by it as shown in this Guidebook, which include a description of the service furnished. A LATA is a Local Access Transport Area established by the U.S. District Court in the divestiture proceedings. The state of Nevada is divided into two LATAs, the Reno LATA and the Pahrump LATA, commonly referred to as the Northern and Southern Service Areas.
2. A map of the two LATAs within which the Company will provide service is filed as the last sheet in this Guidebook.
3. The Company will provide intraLATA service within those exchanges associated with the Reno LATA and those associated with the Pahrump LATA.
