

17.2 ISDN PRIMARY RATE INTERFACE (PRI)

17.2.1. PRI Service

D. Payment and Charges for Service

1. The minimum service period for PRI Service is one month.
2. Interface Monthly Rate Options

PRI interfaces are offered month-to-month or on a 3- or five 5-year^{/1/} term pricing plan.

- a. For customers that subscribe to a 3- or 5- year term pricing plan, the monthly rates in effect at the time the service is installed may decrease but will not increase at any time during the term period
- b. Customers may add a PRI interface to an existing term pricing plan within the initial 12 months. Otherwise, an additional interface will be charged as a separate term pricing plan.
- c. The 3- and 5-year^{/1/} term pricing plans are subject to early termination liability equaling fifty (50) percent of all recurring charges for the remaining months of the customer's term, plus any unpaid special construction or nonrecurring charges (excluding waived charges).

If Customer migrates ISDN PRI service or service component, including DS1 used as transport for AT&T ILEC ISDN PRI service (the "Terminated ILEC Service") to a qualifying AT&T Business Voice over IP (BVoIP) Service, then AT&T will waive the Termination Liability Charge associated with the Terminated ILEC Service if:

- a. the Terminated ILEC Service has been installed at the Customer site for no fewer than 12 months, and
- b. the replacement AT&T BVoIP Service is installed or available at the same Customer sites as the Terminated ILEC Service.

It is at the Company's sole determination whether a product change satisfies these requirements.

/1/ Effective September 30, 2024, ISDN Primary Rate Interface term plans exceeding 12 months will no longer be available. The Company will renew ISDN Primary Rate Interface service only for additional 12-month terms by written amendment. If a 12-month term amendment is not signed, upon expiration of an existing term the month-to-month rates listed in this Guidebook will apply.

17.2 ISDN PRIMARY RATE INTERFACE (PRI)**17.2.1. PRI Service****D. Payment and Charges for Services (Cont'd)**2. Interface Monthly Rate Options (Cont'd)

- d. Termination liability does not apply when portability requirements are met. Portability is the replacement of a term pricing plan PRI interface with another PRI interface for the balance of the plan period.
- e. Portability requirements are as follows:
 - 1. The replacement PRI interface may be of the same or a different type but must not already be in an existing term pricing plan.
 - 2. The orders to accomplish the replacement must be placed with the company at the same time with due dates within 90 days of each other.
 - 3. The quantity of PRI interfaces associated with the replacement must be equal to or greater than the quantity of disconnected PRI interfaces.
- f. Options Available Upon Expiration of the Term Pricing Plan^{/1/}

If the customer has a 3- or 5-year Term Pricing Plan (TPP), the customer may:

- 1. At any time during the TPP contract term or an existing term extension as provided in this paragraph, extend their TPP contract with the same rates, terms and conditions for an additional 12-, 24- or 36-months. Term extensions may include associated DS1 level Digital Transport Facility. However, term extensions as described herein are not available for DS3 level Digital Transport Facilities (as described in 17.2.1.A.2.). The availability of this term extension option at any time is subject to the Company's right to discontinue or to otherwise change this option. Customers who exercise the term extension are not entitled to a different rate based on the overall term as extended (e.g., customers who initially have a 3-year TPP contract and extend it by an additional 24 months are not entitled to the rates allowed under a 5-year TPP). An extension will begin on the expiration date of the existing TPP term or term extension. The customer will be required to sign an addendum to their TPP contract for each term extension.

/1/ Effective September 30, 2024, ISDN Primary Rate Interface term plans exceeding 12 months will no longer be available. The Company will renew ISDN Primary Rate Interface service only for additional 12-month terms by written amendment. If a 12-month term amendment is not signed, upon expiration of an existing term the month-to-month rates listed in this Guidebook will apply.

17.2 ISDN PRIMARY RATE INTERFACE (PRI)**17.2.1. PRI Service****D. Payment and Charges for Services (Cont'd)**2. Interface Monthly rate Options (Cont'd)f. Options Available Upon Expiration of the Term Pricing Plan (TPP) ^{/1/} (Cont'd)

1. (Cont'd)

During the 12-, 24- or 36-month term contract extension period(s), the customer may terminate the service, or any service components, at any service location on thirty (30) days' notice without incurring Termination Charges.

Terms outlined in Paragraph D.2.a, disallowing any Company-initiated rate increases for the duration of either the 12-, 24-, or 36-month TPP, do not apply to 12-, 24- or 36-month Term contract extension rates. AT&T reserves the right to change 12-, 24- or 36-month Term contract extension rates (increase or decrease) at any time. Pursuant to applicable requirements, the Customer will be notified in advance of any price increases to their 12-, 24- or 36-month Term contract extension rates.; or,

2. If customer has not entered into a new TPP (per Paragraph 3.), or Term contract extension (per Paragraph 1.):

- for customer contracts expiring prior to November 1, 2017, continue service at the Month-to-Month price then currently in effect for the Month-to-Month Payment Plan, or
- for customer contracts expiring on or after November 1, 2017, continue service at the Monthly Extension rates in effect at the time the TPP contract expires until the customer cancels or renews the service with a new TPP contract. Subsequently, customers under the Monthly Extension rates may convert their existing service to either a 12-, 24- or 36-month TPP contract at the then current rates. The customer will not be assessed any associated non-recurring charges as long as the physical serving arrangement does not change.

Monthly Extension rates are equal to one hundred fifty percent (150%) of the customer's expiring contractual rate.; or

3. Upon expiration of the TPP, continue service by selecting a new 3-year TPP for the PRI at the current rate. The new TPP agreement will commence on the day following the expiration of the previous TPP. The provisions listed in paragraph 12 apply to the new TPP agreement.; or,

4. Discontinue the service.

/1/ Effective September 30, 2024, ISDN Primary Rate Interface term plans exceeding 12 months will no longer be available. The Company will renew ISDN Primary Rate Interface service only for additional 12-month terms by written amendment. If a 12-month term amendment is not signed, upon expiration of an existing term the month-to-month rates listed in this Guidebook will apply.

17.2 ISDN PRIMARY RATE INTERFACE (PRI)

17.2.1. PRI Service

D. Payment and Charges for Services (Cont'd)

6. Rates And Charges

The following rates and charges are in addition to all other rates and charges that may be applicable for other services which operate in conjunction with PRI.

	<u>Nonrecurring Charges</u>	<u>Monthly Rates Current</u>	<u>USOC</u>	
a. <u>Primary Rate Interface</u> ^{1/2/3/}				
23B+Primary D interface, Each				
Month-to-Month	\$1,250.00	\$17,083.00	PRAS1	
3-year ^{4/}	1,250.00	365.00	PRA3Y	(C)
5-year ^{4/}	1,250.00	325.00	PRA5Y	(C)
<u>Additional interfaces</u> ³				
24B interface, Each				
Month-to-Month	1,000.00	17,083.00	PRAS2	
3-year ^{4/}	1,000.00	365.00	PRB3Y	(C)
5-year ^{4/}	1,000.00	325.00	PRB5Y	(C)
23B+Back-up D interface, Each				
Month-to-Month	1,000.00	17,770.00	PRAS3	
3-year ^{4/}	1,000.00	365.00	PRC3Y	(C)
5-year ^{4/}	1,000.00	325.00	PRC5Y	(C)

/1/ Available only in those Central Offices that are suitably equipped.

/2/ Digital transport facility is not included.

/3/ The non-recurring charges for the PRI rate ISDN interface will be waived for eligible business customers as described in paragraph D.4.

/4/ Effective September 30, 2024, customers may not establish new term plans greater than 12 months for ISDN Primary Rate Interface, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. The Company will renew ISDN Primary Rate Interface service only for additional 12-month terms by written amendment. If a 12-month term amendment is not signed, upon expiration of an existing term the month-to-month rates listed in this Guidebook will apply.
