3. TWO-WAY DIRECT INWARD DIALING (DID) SERVICE WITH CALL TRANSFER

A. Description

Two-Way Direct Inward Dialing (DID) With Call Transfer is a Central Office Based service that permits incoming calls to reach customer-provided equipment, without the assistance of an attendant, and allows the transfer of those calls to another line through the use of an incoming/outgoing trunk facility. The transfer capability makes it possible to disconnect after transferring the call, freeing the DID facility for additional incoming calls. This service is provisioned with E&M signaling and a 4-wire connection at the customer's premises. Touch-Tone is a requirement of this service.

B. Regulations

1. The assignment of telephone numbers and the sequence of numbers assigned to a customer are made at the discretion of the Company. The Company will be responsible for providing intercept.
2. The customer is responsible for providing intercept on assigned but unused telephone numbers associated with Two-Way DID With Call Transfer service.
3. Trunks arranged for Two-Way DID With Call Transfer may not be combined with trunk groups arranged to provide Direct Inward Dialing (DID) service. Overflow of calls between the two arrangements is not permitted.
4. Two-Way DID With Call Transfer is provided from Central Offices equipped to provide this service and subject to the availability of facilities. Customers are required to sign a confirmation of order for Two-Way DID With Call Transfer.
5. If a customer's normal serving Central Office is not equipped to provide Two-Way DID With Call Transfer or the customer so requests, the service may be provided, where facilities permit, from a Company Central Office different than that which normally serves the customer, but still within the same LATA, at the additional rates specified in Paragraph C. following and under the regulations applicable for Foreign Exchange (FX) or Foreign Central Office (FCO) services described in Part 4, Section 3 of this Guidebook.

3. TWO-WAY DIRECT INWARD DIALING (DID) SERVICE WITH CALL TRANSFER (cont'd)

B. Regulations (Cont'd)

- 6. When Two-Way DID With Call Transfer becomes available or is subsequently requested from the Central Office that normally serves the customer, the service may be transferred to the normal serving Central Office. If the customer requests such a transfer, the customer will be subject to a change in telephone numbers and will also incur initial nonrecurring charges and Service Charges, as appropriate. /1/
- 7. A change in Central Office equipment could require the customer to discontinue the service or obtain service from another Central Office. The Company makes no guarantees and assumes no liability for loss of service to the customer, resulting from the conversion or upgrade of Central Office equipment.
- 8. Two-Way DID With Call Transfer works in conjunction with Direct Inward Dialing (DID) Service and the rates and charges specified in Paragraph C. following are in addition to the rates and charges for DID Service specified in Paragraph 1.B of this section.
