PART 17 - ISDN Services
SECTION 2 - ISDN Primary Rate Interface (PRI)

3rd Revised Sheet 12

1. ISDN PRIME SERVICE (cont'd)

F. Prices (cont'd)

3. Payment Plans

Month to Month

ISDN Prime is offered on a Month-to-Month basis. The provision of ISDN Prime Service on a Month-to-Month basis is dependent on the availability and capacity of Central Office facilities. Month to Month prices will be subject to Company initiated price adjustments.

Term Payment Plans^{/1,2/}

ISDN Prime is offered under the Term Payment Plan (TPP).

(C)

Customers may elect to subscribe to ISDN Prime service for an extended period under a Term Payment Plan (TPP) option which allows the customer to select a 12-month payment plan.

(C)

During the length of the selected TPP, monthly prices for service elements ordered under the plan will automatically change (increase or decrease) as Company-initiated price changes become effective.

(D)

In addition to other regulations of this Guidebook, the following terms and conditions apply to Term Payment Plans:

Changes

1. With the written permission of the Company, the obligation to pay the TPP charges may be assumed by another customer if the service has not been terminated and if the other customer intends to continue using the service at the present location and actually continues such use. Such assumption of service does not relieve or discharge the original customer from remaining jointly or severally liable with the transferee for any and all obligations existing at the time of the transfer.

2. Customers may change from a Month-to-Month Payment Plan to a TPP. No credit for months under the previous TPP or under the Month-to-Month plan may be transferred to the new TPP. The customer incurs no liability for the remaining months on the current TPP, since the change is not considered a termination of service. Upon conversion from Month-to-Month Payment Plan to TPP, the prices applicable for the TPP are those currently in effect for new customers.

/1/ Effective September 30, 2024, customers may not establish new term plans greater than 12 months for ISDN Prime Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months.

/2/ Effective September 30, 2024, the Company will renew Primary Rate ISDN Service TPPs only for additional 12-month terms by written amendment. 1. ISDN PRIME SERVICE (cont'd)**F. Prices (cont'd)****3. Payment Plans (cont'd)**Term Payment Plans^{/1,2/} (cont'd)Options Available upon Term Payment Plan (TPP) Expiration

1. If the customer has a 12-, 24-, 36- or 60-Month TPP contract, the customer may:
 - a. At any time during the TPP contract term or an existing term extension as provided in this paragraph, extend their TPP contract for an additional 12 months at the current published rate in the Guidebook on the date of extension. Term extensions may include associated DS1 Local Distribution Channels (LDCs). However, term extensions as described herein are not available for 1.544 Mbps LDCs which are provided as part of a higher level facility (as described in 1.A.). The availability of this term extension option at any time is subject to the Company's right to discontinue or to otherwise change this option. Customers who exercise the term extension are not entitled to a different rate based on the overall term as extended (e.g., customers who initially have a 36-month TPP contract and extend it by an additional 12 months are not entitled to the rates allowed under a 48-month TPP). An extension will begin on the expiration date of the existing TPP term or term extension. The customer will be required to sign an addendum to their TPP contract for each term extension. (C)

Terms outlined in Paragraph F.3., disallowing any price change to cause the monthly price for contractual service elements to exceed the price that was in effect at the beginning of the selected TPP term, do not apply to TPP 12 Monthly Extension rates. The Company reserves the right to change TPP Monthly Extension rates (increase or decrease) at any time. Pursuant to applicable requirements, the Customer will be notified in advance of any price increases to their 12-month TPP contract extension rates. (C)

During TPP extension period(s), the customer may terminate the service, or any service components, at any service location on thirty (30) days' notice without incurring Termination Charges. (C)

 - b. Upon expiration of the TPP, enter into a new written TPP at the current published rate in the Guidebook on the date of extension, subject to the Company's right to modify rates upon notice. (N)
