

COMPLETELINK® 2.0**A. Description**

CompleteLink 2.0 is an optional volume discount plan that provides business customers monthly discounts on selected eligible business services based on the customer's Minimum Annual Revenue Commitment (MARC). CompleteLink 2.0 also provides a discounted rate on business local exchange access lines and on local toll calls. CompleteLink 2.0 requires AT&T Oklahoma local exchange access and/or local usage service.

B. DefinitionsContributory Services

Those services whose revenue is counted towards achievement of the customer's selected MARC.

Eligible Services

Those services that are eligible for discounts based on achievement of a specified MARC.

Minimum Annual Revenue Commitment (MARC)

The minimum annual revenue commitment that the customer must commit to, per year, in order to receive the volume discount.

C. Terms and Conditions

1. A customer may subscribe to multiple CompleteLink 2.0 agreements at the same time, as further defined in 20. following, but a telephone number may only be included under one CompleteLink 2.0 plan. See 20. following for additional information.
2. CompleteLink 2.0 is limited to a maximum of 3,000 statewide BTN's (Billed Telephone Numbers) billed to the customer of record. For agreements established on or after October 1, 2009 CompleteLink 2.0 will be limited to a maximum of 1,000 BTN's per agreement in total billed to the customer of record.
3. CompleteLink 2.0 discounts are not available on any local toll optional calling plans or eligible business services with existing term discounts except as noted elsewhere within this product offering.
4. CompleteLink 2.0 is offered under a one year, two year, three year^{/2/}, or five year term^{/1/}. Customers must select one of the offered MARC levels and must sign a Confirmation of Service Order to indicate their selections. A customer may increase their MARC level at any time without assessment of early termination charges. To increase a MARC, the customer must also commit to a new term. A decrease of the MARC level during the term is deemed to be a termination of the service and early termination charges as described in Section E. (*Termination Charges and Credit Allowances*) below, are applicable unless the customer qualifies for a Business Downturn MARC Downgrade as defined in Section E. (*Termination Charges and Credit Allowances*) below.
5. The customer must meet or exceed the selected MARC at the end of each 12-months of the term plan. If the customer fails to meet or exceed the MARC in any year of the customer's term, the customer will be billed a Shortfall, which is the difference between the MARC and the actual billings for the Contributory Services, excluding taxes and surcharges. (C)

/1/ For agreements established on or after October 10, 2012 the five year term agreement will no longer be available.

/2/ For new agreements established on or after October 3, 2013 the three year term agreement will no longer be available.

COMPLETELINK® 2.0 (cont'd)**C. Terms and Conditions (cont'd)**

6. The customer's term commitment commences the day after the CompleteLink 2.0 service is provided by the Company. The date provided shall be the date the service order is completed in the Company's billing system. MARC revenue is the sum total of the customer's annual billings on all included business accounts for services specified as Contributory in the CompleteLink 2.0 offering.
7. Services contributing towards the MARC ("Contributory" services) include all of the Company's regulated services, (unless herein excluded) including services regulated by the Federal Communications Commission (FCC). FCC regulated services may be considered "Contributory" but will not be "Eligible" for any CompleteLink 2.0 discounts. The customer may also include as Contributory, services provided in other states where an AT&T ILEC provides local exchange service and where the CompleteLink 2.0 plan is also available.
8. Revenue from surcharges and taxes, such as the following, are not included as Contributory Services or counted towards the achievement of the MARC:

End User common Line (EUCL) surcharges, Enhanced 9-1-1 (E911) surcharges, Primary Interexchange Carrier (PIC) charges, Universal Service Fund (USF) surcharges.

Additionally any charges for service provided by the Company's affiliates (other than an AT&T Incumbent Local Exchange Carrier), any charges for services provided by other service providers and billed on behalf of that other service provider, and any other tax or charge imposed by local, state, or federal government entity are excluded.
9. There is no non-recurring service charge or set-up charge to establish a CompleteLink 2.0 plan. Recurring and non-recurring charges will apply for the installation and use of any newly installed CompleteLink 2.0 contributory or eligible services, with exceptions as noted elsewhere within this product offering.
10. With the exception of local exchange access service, CompleteLink 2.0 customers are not required to purchase any of the MARC Contributory Services.
11. Additional discounts will not apply to the eligible CompleteLink 2.0 products, except as contained within this offering or promotional offers but will apply to Business Trunks (SuperTrunks^{/1/}, Digital Loop Service (DLS), and Analog PBX), MegaLink 1.5 (DS1) service, Plexar I and II (excluding Plexar Express & Custom), SmartTrunk (ISDN PRI), and local service components of Access Advantage Plus, where term rates may apply along with the CompleteLink 2.0 discounts.

/1/ For agreements established on or after October 10, 2012 the MARC Volume Discount is no longer available for SuperTrunk service.

COMPLETELINK® 2.0 (cont'd)

C. Terms and Conditions (cont'd)

12. Eligible Win and Winback customers will receive a waiver of normally applicable service order and line connection non-recurring charges (NRC's) associated with local exchange access lines and/or vertical services ordered at the time of the initial subscription to a CompleteLink 2.0 agreement. Standard NRC's will apply to lines and features added after the initial CompleteLink 2.0 order. Win and Winback customers include business customers who have their local exchange access line service with another competitive local exchange carrier within the AT&T Arkansas, AT&T Kansas, AT&T Missouri, AT&T Oklahoma, or AT&T Texas service area and who now wish to establish their local exchange access line service with the Company.

13. Win and Winback business customers who establish service with the Company and subscribe to a CompleteLink 2.0 agreement will receive an accelerated discount that is calculated as a percentage of their agreed upon MARC and will be applied as a credit to their bill. The accelerated discounts will be applied upon subscription to CompleteLink 2.0 and yearly (for terms exceeding one year) thereafter, according to the schedule below. Accelerated discounts are determined based upon win/winback services only and may not be determined based on existing services. When a CompleteLink 2.0 agreement consists of both existing services and win/winback services, the win/winback services will not be eligible to receive any accelerated discounts.

Win and Winback customers who establish a CompleteLink 2.0 agreement and later upgrade to a new term length and/or MARC level, or terminate their CompleteLink 2.0 agreement prior to its expiration date, will forego any accelerated discounts not yet received. Customers who upgrade will retain any accelerated discounts already received and will not receive any yearly accelerated discounts based on their original CompleteLink 2.0 term.

2. Other Applicable Discounts

- a. Business Analog PBX Trunks will also receive a 10% discount in addition to the applicable MARC Volume Discount listed in Section D.1.a above.
- b. The Central Office Optional Features footnoted in Section C.17 above will receive a 40% discount in addition to the applicable MARC Volume Discount.
- c. Customer's selecting the Company's IntraLATA Toll service and who make interstate intraLATA calls will receive rates for these calls as per AT&T Interstate IntraLATA Toll Services (ITTS) Guidebook, Part 3, Section 4. (C)

(C)
(C)**E. Termination Charges and Credit Allowances**

1. Early Termination Charges

- a. Except as provided for elsewhere in this offering, customers terminating a CompleteLink 2.0 plan prior to the expiration of the selected term period are subject to termination charges. Termination charges are equal to 50% of the MARC multiplied by the number of years remaining in the customer's term period. For a partial year, if the partial year revenue is less than the MARC, the customer is liable for 50% of the difference between the MARC and the actual billed revenue.
- b. If a customer received accelerated discounts and terminates their CompleteLink 2.0 agreement prior to expiration of their term, in addition to the early termination charges in Section E.1.a above, an early termination charge will apply equal to 50% of the accelerated discount received in Section C.13 above, prorated by the number of remaining months in the contract.

EXAMPLE 1: A customer signed a \$12,000 MARC agreement with a three year term commitment and received an accelerated discount of \$2,400 upfront. If the customer terminates the CompleteLink 2.0 agreement after 12 months the customer will be liable for remitting to the Company \$800 of the accelerated discount received, calculated as follows: $(\$2,400/36 \text{ total months}) \times 24 \text{ months remaining} = \$1,600 \times 50\% = \$800$.

EXAMPLE 2: If the customer terminates the CompleteLink® 2.0 agreement after month 18 the customer will be liable for remitting to the Company \$900 of the accelerated discount received, calculated as follows: $[\$2,400 \text{ upfront} + \$1,200 \text{ (10\% of the \$12,000 MARC/3 year term for their 1 year accelerated discount)}] / 36 \text{ total months} \times 18 \text{ months remaining} = \$1,800 \times 50\% = \$900$.

COMPLETELINK® 2.0 (cont'd)

E. Termination Charges and Credit Allowances (cont'd)

1. Early Termination Charges (cont'd)

- c. Termination liability charges are not applicable if during the CompleteLink 2.0 term period the customer converts to another Company access or usage plan with a term equal to or greater than the remaining CompleteLink 2.0 plan^{/1/}, and a revenue commitment equal to or greater than the CompleteLink 2.0 MARC. (C)

If during the Term, an AT&T ILEC Service (referred to as the "Terminated ILEC Service") provided under a CompleteLink 2.0 Agreement is migrated to a qualifying AT&T Business Voice over IP (BVoIP) Service or to a qualifying AT&T Mobility Service (referred to collectively as the "Replacement Service"), then the Early Termination Charge associated with the Terminated ILEC Service will be waived provided: (N)

- 1. the Terminated ILEC Service has been installed at the Customer site for no fewer than 3 months;
- 2. the term of the Replacement Service agreement is equal to or greater than the remaining term for the Terminated ILEC Service;
- 3. the Replacement Service is installed or available at the same Customer sites as the Terminated ILEC Service;
- 4. the Replacement Service is contracted for in the same relative quantity(ies) as those Terminated ILEC Services being displaced, and
- 5. activation of the Replacement Service at the Customer sites or for Customer use at such Customer Sites occurs within 90 days of termination of the ILEC Service at that site.

In conjunction with a migration to a qualifying AT&T BVoIP or a qualifying AT&T Mobility Service as described above, customers may qualify for MARC Downgrade Allowance for Technology Upgrade as described in paragraph E.3, herein. In such cases, the following replacement services will be allowed, in addition to those listed in the applicable table under paragraph E.3:

<u>A</u>	to	<u>B</u>
Analog Trunks		BVoIP or Mobility
Measured or Flat Business Lines		BVoIP or Mobility

Additionally, for purposes of determining the lower MARC, the MARC on the new agreement will be reduced in direct proportion to the reduction in revenue associated with the migrated AT&T ILEC Services being provided to Customer under the qualifying AT&T BVoIP Service or AT&T Mobility Service contract.

It is at the Company's sole determination whether a product change satisfies these requirements. (N)

- d. Termination liability charges applicable for CompleteLink 2.0 agreements will be offset by termination charges, if applicable, from other allowed agreements for any CompleteLink 2.0 eligible service as a result of the same customer termination activity. Termination charges resulting from the charge-back of accelerated discounts received will not be offset by termination charges as a result of other allowed agreements for CompleteLink 2.0 eligible services.

/1/ For new agreements established on or after October 3, 2013 the three year term agreement will no longer be available. (C)

/2/ Material now appears on Sheet 8.1 of this section.

COMPLETELINK® 2.0 (cont'd)

E. Termination Charges and Credit Allowances (cont'd)

2. Service Guarantee

/2/

Within 90 days of subscribing to a CompleteLink 2.0 agreement, customers may cancel this service without incurring the termination liability charges specified in this offering. Any accelerated discounts received by the customer will be charged back to the customer. This preclusion of the termination liability does not apply to customers who terminate or convert from another Company toll, access, and/or usage commitment product for the purpose of subscribing to CompleteLink 2.0.

3. MARC Downgrade For Technology Upgrade

Termination liability charges will not apply if during the term of the CompleteLink 2.0 agreement the Customer disconnects one or more of the services which are specified under Column A below, and those services are contributory to their CompleteLink 2.0 MARC, and replaces the service(s) with the Company service specified on the same line in Column B, and as a direct result of that replacement the Customer's annual spending on those services is reduced (comparing customer's current spending on the removed services and the anticipated customer spending for the replacement services), and that reduction results in a 50% or greater difference between the customer's current MARC and the next lower MARC, at the Customer's option and request, the Customer may terminate the existing CompleteLink 2.0 agreement without termination liability provided: a) the Customer enters into a new CompleteLink 2.0 service agreement for a term period which is equal to or greater than the time remaining on their current agreement, and b) the MARC on the new agreement is the next lower MARC. This waiver of charges as a result of replacing Column A contributory services with the associated Column B contributory service will be allowed only once per Customer, per agreement term. CompleteLink 2.0 \$1,200^{1/} MARC service agreements are specifically not eligible.

/2/

/1/ CompleteLink 2.0 \$3,000 MARC service agreements signed prior to November 14, 2006 are also not waiver eligible.

3. MARC Downgrade For Technology Upgrade (cont'd)

For purposes of the waiver, “as a direct result” means that the newly installed product(s) must be installed at the same customer service location(s) and in the same relative quantity(ies) as those being displaced. It is at the Company’s sole determination whether a product change satisfies the requirements for waiver of the termination liability under this provision.

A	to	B
Analog Trunk	to	ISDN PRI, DS1, DS3, SONET, or GigaMAN
Digital Loop Service	to	ISDN PRI

Plexar I	to	Plexar II or Plexar Custom
Grandfathered Centrex/Plexar	to	Plexar

DS0, ISDN BRI, or Digiline	to	DS1, DS3, SONET or GigaMAN
DS1	to	DS3, SONET or GigaMAN
DS3	to	SONET or GigaMAN

The following is stated as a matter of convenience and not intended to imply that the list above is not inclusive. In no event will the following changes satisfy the conditions required for termination without liability under this provision.

Plexar (any type)	to	PBX
Plexar (any type)	to	ISDN PRI

Example: Customer has a CompleteLink 2.0 \$25,000 MARC, 3-year agreement, with 18 months remaining. MARC attainment in current year is 60%. A customer replaces its Analog Trunks to ISDN Prime, which would result in an annual spending reduction of \$4,000 from what was spent for the Analog Trunks. At the time of the new contract, the CompleteLink 2.0 offering reflects the next lower MARC to be \$18,000, so the customer may terminate its \$25,000 MARC agreement without liability if it enters into a new 2-year (24 month) CompleteLink 2.0 agreement at the \$18,000 MARC. The applicable discount will be that available with the \$18,000 commitment level.

COMPLETELINK® 2.0 (cont'd)**E. Termination Charges and Credit Allowances (cont'd)**

3. MARC Downgrade For Technology Upgrade (cont'd)

This MARC Downgrade waiver described above only applies to the termination charges applicable to the CompleteLink 2.0 agreement. Termination charges may apply on those services being disconnected, and the application of those termination charges are not affected by this waiver. All applicable recurring and non-recurring charges apply to the installation and removal of services. Products and services are subscribed to separately and not as a part of the CompleteLink 2.0 subscription. As a result of selecting a reduced MARC level, discounts provided under the new CompleteLink 2.0 agreement may be less than those received under the higher MARC agreement (discounts for the new agreement will be those applicable to the new MARC level under the CompleteLink 2.0 offering in effect at the time the new contract is executed). The 90-day service guarantee described in Section E.2. above does not apply to the new agreement.

4. Business Downturn MARC Downgrade

For purposes of this product offer, the term "Business Downturn" is hereby defined to mean an unplanned, measurable change in business conditions affecting the customer's business that is outside of the customer's control and that materially and negatively affects the customer's need for the level of Company services which contribute to the MARC hereunder. The customer specifically acknowledges that the transfer or substitution of the contributory services to another provider during the term hereof does not qualify as business downturn. This provision may be invoked by the customer no earlier than after the end of the first year for a two or three year agreement or after the end of the second year for a five year agreement. To invoke this provision, the customer must provide in writing to the Company the facts which support its request for Business Downturn consideration, and the Company will solely determine whether the customer's business conditions satisfy the definition of "Business Downturn".

Upon the Company's determination that a Business Downturn has occurred, the customer and the Company shall then negotiate in good faith an appropriate and commercially reasonable change to the customer's commitments hereunder. Examples of appropriate and commercially reasonable changes include (but are not limited to) a modification to the term and/or MARC. The Parties shall continue performance under this Agreement while they are in negotiations. If no agreement can be reached regarding a change to the customer's commitments, then the rates, MARC, terms and conditions of this Agreement shall remain in effect for its Term. The customer may invoke this provision only once during the term of this Agreement.

\$6 FOR 12 ACCESS LINE RETENTION OFFER

Effective January 1, 2021, this offer is no longer available to new subscribers. Existing subscribers may retain the 12 month credit through the end of their promotion period.

Eligible residence customers with flat rate service who call to disconnect their access line(s) and then decide to retain the flat rate line(s) and have, or newly subscribe to a Custom Calling feature per line, will receive a \$6.00 bill credit per month, per line.

Eligible customers will receive a \$6.00 bill credit per month, per line for up to two flat rate access lines, for a maximum of 12 months. Eligible customers must keep the required services for 30 days to receive the benefit of the offer.

The customer's bill will be credited \$6.00 each month per line that both the access line(s) and the Custom Calling feature(s) are retained. If the customer disconnects the line(s) or the required feature(s) or moves from their current location, the remaining benefits will cease.

This offer may not be combined with any other Company residence retention offers that provide a monthly discount. Customers subscribing to Complete Choice Enhanced must have the access line in service for a minimum of 60 days, before becoming eligible for this offer.
