

## AT&T OKLAHOMA GUIDEBOOK

PART 5 - Centrex / Plexar Services  
SECTION 4 - Plexar Service

2nd Revised Sheet 1

### PLEXAR-II

#### A. Descriptive Summary

Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar II Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar II Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply.

(G)  
|  
(C)

Plexar-II Service is a central office based business communications system. Plexar-II Service is provided through an arrangement of exchange access lines, Plexar stations and station line facilities, switching equipment, customer facility group, and other facilities located on premises of the Company. A Plexar-II customer can control the number of simultaneous incoming and outgoing telephone calls through the quantity of Plexar-II exchange access lines to which they subscribe.

Integrated Services Digital Network (ISDN) is a set of standards for end-to-end digital voice and/or data transmission over the public switched network. These standards, defined by the International Telegraph and Telephone Consultative Committee (CCITT), are modified for North America in accordance with recommendations of Telcordia.

Plexar-II Service offers National ISDN capability via the Basic Rate Interface (BRI)<sup>/1/</sup>. Each Plexar-II BRI station consists of two "B" channels and one "D" channel. Each "B" channel transmits information, including digitized voice, at 64 kilobits per second (Kbps), configured for circuit switching. Each "D" channel transmits signaling and other non-voice data at 16 Kbps.

#### B. General

1. Plexar-II rates and charges provide for Plexar-II stations including standard features, station line facilities (which include the outside plant facilities) and optional features. The appropriate exchange access line rates, charges and fees shall apply as found in Part 4 (Local Exchange) or Part 17 (Integrated Services).

##### 2. Feature Array

###### a. Standard Features

The following standard features are available with each Plexar-II basic station subject to the serving central office capability.

1. Additional Call Offering<sup>/2/</sup>: Notifies the user of a waiting circuit-switched voice call that would normally be cleared because the user's B-channel is busy. The method of notification to the end-user is customer premises equipment dependent.
2. Automatic Callback Calling<sup>/3/</sup>: Allows a Plexar-II user who encounters a busy condition when calling another Plexar-II station line to be automatically called back when the called station becomes idle.
3. Automatic Identified Outward Dialing (AIOD): Provides for the identification of outgoing Long Distance Message Telecommunications Service (LDMTS) messages and the billing of these messages by station number where the LDMTS is provided by the Company.
4. Reserved for future use

/1/ Not available on stations associated with Access Advantage Plus Service found in Part 6, Section 7.

/2/ Available only to BRI stations.

/3/ Not available to BRI stations.

**PLEXAR-II (cont'd)****D. Payment Plans<sup>/1/</sup>**

(C)

1. The Plexar-II Payment Plan offers the customer two options for payment. They are as follows:

Fixed Monthly Rate Plan

Under this plan the customer pays a fixed monthly rate for a specified contract term. The customer may choose a 12, 24, 36, 48 or 60 month contract. During the course of the contract, fixed rates (recurring and nonrecurring) are not subject to rate increases initiated by the Company.

Month-to-Month Plan

Under this plan the customer elects to pay month to month. Month-to-month rates (recurring and nonrecurring) are subject to rate changes initiated by the Company.

2. All one time (nonrecurring) charges specified within this offering can be deferred over the length of any fixed term on initial and subsequent installations of service. Annuity factors utilized in deferring these charges are found in 'Rules and Regulations Applying to All Customers' Contracts' in Part 2, Section 2.

The customer's contract specifies the discount rate that will be used if a customer terminates service under the conditions specified in the paragraph on termination charges that follows.

3. Additions to service under the two payment plans specified above can be added to the existing agreement.

Additions to the Fixed Monthly Rate Plan can be coterminous with the original contract or for a shorter term. If more than 90 days remain on the contract, apply rates equivalent to those of the original contract term. If less than 90 days remain, additions must be made only under a Month-To-Month option.

Additions to service under the Month-To-Month plan can be made at any time.

Additions to the Fixed Monthly Rate Plan that exceed the number of stations initially covered under the agreement are subject to the same termination liability charges as the initial stations.

4. Station rates, station line facility rates, facility terminating arrangements and optional features are covered under the Plexar-II payment plans. All other rates and charges not specifically covered in this section are not included. Plexar-II access lines are not included in these payment plans.

/1/ Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar II Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar II Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply.

(C)

(C)

**PLEXAR-II (cont'd)****D. Payment Plans<sup>/1/</sup> (cont'd)**

(C)

5. Existing Plexar-I and Centrex Service customers may convert to Plexar-II subject to the payment of the conversion charges specified in Paragraph E.1.b. following.
6. With prior agreement of the Company, service under these plans may be transferred from one customer to another at the same location for a Supersedure Fee as identified in Paragraph E.1.c. following. The new customer assumes all obligations under the existing contract. Changes and additions to the assumed service can be made after the first day of service has been assumed.
7. Customers may request a Plexar-Custom serving arrangement prior to the expiration of the existing contract term provided that the requested contract term be at least 12 months longer than the time remaining on the existing contract. Termination liability charges will not apply when the customer continues with an equivalent PLEXAR-II service arrangement (i.e., current system size).
8. At the conclusion of the fixed term for any contract, renewal procedures will be determined based on the number of stations currently in service within any serving central office.

Plexar-II customers can renew the service at terms, conditions and rates that exist at the time of renewal, by subscribing to a Fixed Monthly Rate Plan, changing to Month-to-Month rates for all rate elements (standard and optional), or subscribing to the Contract Extension Option.

'Thank You For Renewing' Credit Option

Effective September 30, 2024, the Thank you for Renewing Credit Option will no longer be available for customers. (N)  
(N)

With this option, customers who sign a new Plexar-II term Payment Plan contract for their existing service with a 36-, 48- or 60-month contract term will receive a one-time bill credit of \$50.00 per station (Basic stations, ISDN BRI stations or Off-Premise stations), up to a maximum of \$1,500 per contract. This credit option is only available to existing Plexar-II customers (month-to-month or contract), but is not available to customers with more than twelve months remaining on their existing Plexar-II term Payment Plan contract. Standard Plexar-II termination charges will apply. This credit option is not available to customers covered under a Customer Specific Pricing (CSP) contract.

<sup>/1/</sup> Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar II Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar II Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply. (C)  
(C)

**PLEXAR-II (cont'd)**

**D. Payment Plans<sup>/1/</sup> (cont'd)**

(C)

8. (cont'd)

Contract Extension Option

Contract extension option must be subscribed to during the last twelve months of a Plexar-II term contract. The customer may extend their contract for either an additional 12-month period at the same rates provided under the original contract. Subject to the Company's right to seek to discontinue this option to extend the contract period or to otherwise change the terms and conditions of this option, the customer may exercise this option up to three separate times. Customers who exercise the option to extend the term of the contract are not entitled to a different rate based on the overall term of the contract as extended (e.g., customers who initially have a 36-month contract and extend it by an additional 24 months are not entitled to the rates allowed under a 60-month contract). An extension will begin on the expiration date of the existing contract or, extension. Requests to terminate contract extensions will be governed by the terms and conditions found in this same offering under Payment Plans.

(C)

Upon the expiration date, as noted on the Company billing records, of a contract or contract extension option, if the customer does not elect to subscribe to a new contract and does not request discontinuance of the service, service will be continued on a Month-to-Month basis. The Month-to-Month rates currently in effect at the time of expiration of the contract will apply. Once on a Month-to-Month Plan the customer will not have additional service commitment and will no longer be subject to termination charges. The Month-to-Month service rates will be subject to Company-initiated rate changes.

Customers desiring Plexar-Custom service can convert to the service terms, conditions and rates set forth in 'Plexar-Custom' described later in this Section.

<sup>/1/</sup> Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar II Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar II Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply.

(C)

(C)

**PLEXAR-II (cont'd)****D. Payment Plans<sup>/1/</sup> (cont'd)**

(C)

9. Termination charges will be applicable to the fixed monthly rate plan under the following conditions: if the subscriber (a) disconnects the entire service; (b) disconnects more than 35% of the maximum contracted station quantity installed during the duration of the contract.

The termination charge is calculated as follows:

- a. Under the conditions (a) and (b) above, subtract the allowable 35% station fluctuation from the contracted station quantity installed during the duration of the contract. This number is multiplied by
- b. The monthly Plexar-II charges, multiplied by
- c. The number of months of the contract not being fulfilled, multiplied by
- d. Fifty percent (50%)

In addition, the remainder of any installation and nonrecurring charges that have been deferred must be paid in full.

Termination charges are not applicable to Plexar-II station line facilities under the following two conditions:

- When the customer adds Plexar-II access lines with an equivalent reduction in the number of station line facility rate elements;
- The customer subscribes to Access Advantage Plus Service as found in Part 6, Section 7 and continues with an equivalent Plexar service arrangement subject to the allowable station fluctuations specified above.

10. The customer may, at their option, prior to the expiration of the existing contract term, terminate the contract without incurring termination charges provided (a) customer signs a new contract at prevailing rates for a term at least as long as the period remaining in the original contract (b) continues with an equivalent Plexar service arrangement (i.e., current system size), and (c) agrees to pay the deferred installation and nonrecurring charges incurred on the original contract, by calculating the present worth of the remaining amount and applying current annuity factors as specified in 'Rules and Regulations Applying to All Customers' Contracts' described in Part 2, Section 2.

/1/ Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar II Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar II Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply.

(C)  
|  
(C)

**PLEXAR-II (cont'd)****E. Rates<sup>/2/</sup> (cont'd)**

(C)

2. Plexar-II Access Line Rates<sup>/1/</sup>

- a. Rates and charges for Simulated Access Lines shall be the equivalent monthly Business Access Line rate as set forth in Part 4, Section 2 or Business Trunk equivalent (BTE) rate as set forth in Part 17, Section 2.
- b. A Plexar system must have one or more BRI stations as part of their Plexar system in order to qualify for BTE. The combination of BTE and Business Access Line equivalents in the same common block is prohibited.
- c. These facilities may be used for either interoffice station-to-station and/or network access requirements. If dedicated interoffice facilities are utilized in lieu of Plexar-II access lines for station-to-station calling, apply appropriate rates and charges as specified in Part 15, Section 2.
- d. Apply the equivalent Business Access Line monthly rate or BTE and applicable expanded calling scope charges and fees as specified in Part 4, Section 2 or BTE per Plexar-II access line.
- e. Interstate multiline business end user common line (EUCL) charges will be billed per Plexar-II local exchange access line as prescribed by the Federal Communications Commission and set forth in the Interstate Access Tariff.
- f. For Plexar-II service, an amount equivalent to the business EUCL charge will be determined based upon the number of Plexar-II access lines. The difference between the calculation from paragraph E.2.e. and this paragraph will be credited to the customer's account, once each month on the customer's bill. No credit or debit will be applied to the customer's partial month's business EUCL charges for stations which may have been added or deleted during the bill period.

/1/ See Part 4, Section 5 (CompleteLink 2.0) or Part 20, Section 4 (CompleteLink) for additional discount information.

/2/ Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar II Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar II Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply.

o. Message Waiting Indication<sup>/1/</sup>

		Monthly Rates						
	<u>USOC</u>	<u>Month to Month</u>	<u>12 Month</u>	<u>24 Month<sup>/6/</sup></u>	<u>36 Month<sup>/6/</sup></u>	<u>48 Month<sup>/6/</sup></u>	<u>60 Month<sup>/6/</sup></u>	(C)
Per Plexar-II Station:								
With SMDI <sup>/2,3/</sup> .....	MWZ, M9Z, M5Z, MW4PK	\$.15	\$.10	\$.10	\$.10	\$.10	\$.10	\$.10
Without SMDI <sup>/4/</sup> .....	MWC3, MW72X, MWS, MW9PK	---	---	---	---	---	---	
		<u>USOC</u>			<u>Installation Charge</u>			
					<u>Service Connection Charge</u>			
Per Plexar-II Station								
With SMDI <sup>/2,3/</sup> .....	MWZ, M9Z, M5Z, MW4PK				\$1.55		\$5.05 <sup>/5/</sup>	
Without SMDI <sup>/4/</sup> .....	MWC3X, MW72X, MWS, MW9PK				1.55		5.05 <sup>/5/</sup>	

/1/ Not available with BRI stations. For the message waiting indication feature available to BRI stations see 'Visual Message Waiting Indication' in Section B.2.b.33 of this offering.

/2/ Requires Simplified Message Desk Interface. These rates are in addition to the rates and charges for SMDI.

/3/ This charge is applicable to SMDI arrangements when calls are forwarded to the message desk hunt group within the Plexar-II system, whether utilizing an external message desk provider or customer-provided message desk equipment.

/4/ This charge is applicable to Plexar-II arrangements subscribing to voice mail services provided by an external message desk where calls are forwarded outside the Plexar-II system. This one time charge allows the activation of an audible message waiting indication (intermittent dial tone) per Plexar-II station. Additionally, rate and charges for 'Call Forwarding/Busy Line Don't Answer Outside System' apply per Plexar-II Station.

/5/ Not applicable if the feature is installed at the same time as the Plexar-II system or station.

/6/ Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar II Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar II Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply.

					<u>Nonrecurring Charges</u>			
					<u>Installation Charge</u>	<u>Service Connection Charge</u>		
Per System <sup>/2,3,4/</sup> .....					\$74.40	\$5.05 <sup>/5/</sup>		

- /1/ Plexar-II stations in the SMDI voice mail hunt group must be in the same Plexar-II system as the stations accessing the voice mail. Station Line Facility rates apply to stations in the SMDI voice mail hunt group when voice mail equipment is customer owned.
- /2/ Voice mail arrangements utilizing SMDI and an external voice mail provider require access links and a voice grade channel, subscribed to by the external voice mail provider from Part 15, Section 2. The external voice mail provider must also provide a modem conforming to the technical standards of the Company. Access links carry the voice traffic between the Plexar-II system and the voice mail mailbox. The data channel carries called party number information and the message waiting indicator. The Plexar-II voice mail hunt group is connected to the access links in the central office.
- /3/ Voice mail arrangements utilizing SMDI and customer-owned voice mail equipment require the Plexar-II customer to additionally subscribe to a voice grade data channel from Part 15, Section 2. Customer-provided modem, answering equipment and Voice Mail controller conforming to the technical specifications of the Company are also required. The Voice Mail Plexar-II hunt group provides the access links to the customer premises.
- /4/ This rate provides for called party number delivery.
- /5/ Not applicable if the feature is installed at the same time as the Plexar-II system.
- /6/ Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar II Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar II Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply. (C)

/1/ Not available to BRI stations.

/2/ Not available on stations associated with Access Advantage Plus Service found in Part 6, Section 7.

/3/ Features in this package are not available on an individual basis.

/4/ This feature/feature package requires the Basic Business Set Interface Package. These rates are in addition to the rates for the Business Set Interface Package.

/5/ Not applicable if the feature is installed at the same time as the Plexar-II system or station.

/6/ Applies when making changes subsequent to initial optional feature installation to add, change or rearrange features contained in this package.

/7/ Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar II Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar II Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply. (C)

/3/ This feature is for use with customer equipment that requires a voltage signal to activate the message waiting light.

/4/ Not applicable if the feature is installed at the same time as the Plexar-II system.

/5/ Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar II Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar II Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply. (C)

**PLEXAR-II (cont'd)****F. Contract Pricing Plan<sup>/1/</sup>**

(C)

The Company will offer discounted pricing for PLEXAR-II customers who sign a contract for a minimum term of 36 months and subscribe to a minimum of 25 PLEXAR-II stations. The minimum of 25 PLEXAR-II stations must all be within the state of Oklahoma and all be covered by a single contract. The Contract Pricing Plan rates established for the PLEXAR-II rate elements will apply for the duration of the contract. Each customer's contract may contain conditions and rates specific to that customer's needs; however, the discounted rates shall be set above the Long Run Incremental Cost. The Commission shall retain jurisdiction over terms, conditions, rates and charges of PLEXAR-II service.

PLEXAR-II customers who have existing agreements and who qualify for this discounted pricing may at any time convert to a Contract Pricing Plan contract without incurring any termination charges. The Contract Pricing Plan contract must be for a term of at least 36 months and the new term must be greater or equal to the number of months remaining on the original agreement.

During the term of the Contract Pricing Plan contract, additional PLEXAR-II stations and features may be added to the contract. The contract will specify the terms and conditions of such additions.

/1/ Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar II Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar II Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply.

(C)  
|  
(C)

**PLEXAR-I****A. General Rules and Regulations**

Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar I Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar I Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply.

(C)  
|  
(C)

1. PLEXAR-I is an optional communications system arrangement for business customers which combines two or more individual one-party business exchange access lines into a PLEXAR-I group. PLEXAR-I is available only where the necessary facilities exist. PLEXAR-I service consists of two components, the Base System Charge and the Feature Capability Charge.
2. In addition to the PLEXAR-I system charges and feature capability charge specified in the following, the appropriate rates, additives and fees for business exchange access lines as found in Part 4, Section 1 and Section 2 shall apply. PLEXAR-I lines can also be arranged for hunting.
3. Directory listings will be furnished in accordance with the regulations set forth in 'Directory Listings' in Part 12, Section 1.
4. All PLEXAR-I lines will be equipped with the standard features specified in the following Feature Array. Standard Packages I and II are obsolete to existing customers. These obsolete systems can add stations with existing features, but cannot add obsolete features not presently on their system. Obsolete Standard Package I consist of the following features: Add-On, Call Hold, Call Pickup, Consultation Hold, Intercom Calling, Touch Tone and Transfer. The only distinction in standard features between obsolete Standard Package I and obsolete Standard Package II is that obsolete Standard Package II includes Code Access Calling.
5. PLEXAR-I lines and extensions may be terminated at one customer premises, different premises--same central office, or different premises--different central office. Appropriate private line charges as stated in Part 15 apply to PLEXAR-I.
6. Temporary suspension of service is not applicable to this service.
7. The Add-On/Consultation Hold and Call Forwarding features are furnished subject to transmission limitations. The Company does not guarantee satisfactory transmission on such arrangements. If the customer requests additional equipment to improve transmission, and it is feasible, additional rates and charges based upon the costs incurred apply.

**PLEXAR-I (cont'd)****B. Payment Plans<sup>/1/</sup>**

(C)

1. The customer shall select a service term of either Month-to-Month, 36, 48 or 60 consecutive months.

If the customer selects a 36, 48 or 60-month service term, the rates are not subject to rate increases initiated by the Company for the duration of the service term.

If the customer elects to pay Month-to-Month, the rates are subject to rate changes initiated by the Company.

2. Additions to service under the 36, 48 and 60 month service terms can be coterminous with the original service term agreement or for a shorter term. If the customer chooses a shorter term for the additions, rates applicable to the shorter term will apply. Coterminous additions will be treated as follows: If 90 days or more remain on the contract, rates equivalent to those for the existing service term will apply. If less than 90 days remain, rates applicable to the Month-to-Month plan will apply.

Additions to service under the Month-to-Month plan can be made at any time.

3. All charges specified in this offering, excluding those that are rate referenced to other offerings, are covered under the PLEXAR-I payment plans. All other rates and charges not specifically covered in this section are not included. PLEXAR-I access lines are not included in these payment plans but are offered under terms and conditions specified in Part 4, Section 1 and Section 2.
4. If the customer disconnects the PLEXAR-I and/or optional features prior to the expiration of the 36, 48 or 60-month service term, the customer shall pay a termination charge for the applicable rate elements disconnected. This charge will be waived if the customer converts the arrangement to another PLEXAR service of the Company, for a service term that equals or exceeds the number of months remaining on the customer's PLEXAR-I agreement. This charge will also be waived for the Company's PLEXAR-I customers who move their service to another location within Oklahoma served by the Company, provided the service terms are continued at the new location, i.e., term is greater or equal to the number of months remaining on the original agreement and continues with an equivalent Plexar service arrangement (current system size). Payment of the termination charge does not release the customer from other previous amounts owed to the Company. The termination charge shall be:
  - a. The number of applicable stations disconnected, multiplied by
  - b. The monthly Plexar-I charges, multiplied by
  - c. The number of months of the contract not being fulfilled, multiplied by
  - d. Fifty percent (50%)

<sup>/1/</sup> Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar I Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar I Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply.

(C)

(C)

**PLEXAR-I (cont'd)****B. Payment Plans<sup>/1/</sup>**

(C)

5. Upon expiration of the 36, 48 or 60 month service term, the customer may:
  - a. Continue service without establishing a new service term. Service will be provided on a month-to-month basis at the then current Month-to-Month rate. This monthly rate will be subject to any rate changes.
  - b. Continue service by selecting a new service term of 36, 48 or 60 months at the then current term rates. The new service term will commence on the day following the expiration of the previous service term.

'Thank You For Renewing' Credit Option

With this option, customers who sign a new Plexar-I term Payment Plan contract for their existing service with a 36, 48 or 60 month contract term will receive a one-time bill credit of \$50.00 per station, up to a maximum of \$1,500 per contract. This credit option is only available to existing Plexar-I customers (month-to-month or contract), but is not available to customers with more than twelve months remaining on their existing Plexar-I term Payment Plan contract. Standard Plexar-I termination charges will apply. This credit option is not available to customers covered under a Customer Specific Pricing (CSP) contract.

- c. Discontinue the service.
6. If the service term agreement expires and the customer has not notified the Company regarding which option they elect, service will continue at the monthly rate in effect at that time for the Month-to-Month option.
7. Service Migration and Early Termination Charges

If Customer migrates an AT&T Plexar-I Service or Service Component (referred to as the "Terminated ILEC Service") to a qualifying AT&T Business Voice over IP (BVoIP) Service (referred to as the "Replacement Service"), then the Early Termination Charge associated with the Terminated ILEC Service will be waived provided:

- The Terminated ILEC Service has been installed at the Customer site for no fewer than 12 months;
- The Term of the Replacement Service agreement is equal to or greater than the remaining term for the Terminated ILEC Service; and
- The Replacement Service is installed at the same Customer sites as the Terminated ILEC Service.

It is at the Company's sole discretion whether a product change satisfies these requirements.

/1/ Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar I Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar I Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply.

/1/ The Company will waive the Service Charge for existing business customers converting to PLEXAR-I and subscribing to a service term of 36, 48 or 60 months or existing PLEXAR-I month-to-month customers converting to a service term.

/2/ The installation charge is not applicable if the Optional Feature is installed at the same time as the PLEXAR-I line.

/3/ Only one charge applies per PLEXAR-I line when adding any number of these Optional Features subsequent to the installation of the PLEXAR-I line. The highest charge will be applied based upon features ordered.

/4/ Apply the Business Call Trace, Per Successful Trace, rate as specified in 'Advanced Custom Calling Services' found in Part 7, Section 2.

/5/ Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar I Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar I Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply.

**PLEXAR EXPRESS****A. Descriptive Summary**

Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar Express Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar Express Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply. (C)

Plexar Express is a network service for business customers that is comparable to a key system or PBX business communications system. It provides similar capabilities through an offering of commonly used business communications features.

A customer can equip each person/place in their enterprise needing access to telecommunications with a Plexar Express station. There is no minimum and no maximum station size requirement for this service. Stations in a system share Plexar Express Access Lines for incoming and outgoing calls to the Public Switched Telephone Network.

One or more customer locations within a serving central office area are grouped into a single Plexar Express system. "Intercom" calling using less-than-seven-digit dialing among all the Plexar Express stations in a single system is provided at no additional cost. Linking of separate Plexar Express systems for intercom calling requires tie lines or other arrangements from other guidebooks and may require Plexar Express tie line termination charges.

While this service is available to business customers of any size, the feature set is more appropriate for small/medium-sized customers. If more numerous and more sophisticated features are necessary, they can be provided through other members of the Plexar family such as Plexar-II and Plexar Custom.

**B. General**

1. Plexar Express consists of three main elements: stations, loops and optional tie line terminations.

Plexar Express Stations provide call handling and custom calling services such as Call Forwarding, Call Hold, etc.

A "loop" is the common term for outside plant facilities from the central office to the network interface at the customer's premises. Within Plexar Express, one type of loop (a Plexar Express Intercom Loop) only provides for station-to-station calling (intercom calls). Another type of loop (a Plexar Express Access Line), besides providing station-to-station calling, also provides for calling to or from the Public Switched Telephone Network.<sup>/1/</sup>

The total number of stations determines the total number of loops, with customers determining how many intercom and how many access line loops they need. A customer with 15 stations needs 15 loops, from any combination of intercom loops and/or access lines. The outside calling capability of access lines is shared among all stations; it is not dedicated to any specific station, just as in a key system or a PBX.

Plexar Express Tie Line Terminations are available for terminating either analog, digital or other tie line arrangements into the Plexar Express system. These can link two or more systems together that are located in different central office serving areas. If multiple locations are located in the same central office serving area, tying arrangements are inherent in the Plexar Express system at no extra charge.

<sup>/1/</sup> Intercom Loops are not applicable to stations associated with Access Advantage Plus Service found in Part 6, Section 7.

**PLEXAR EXPRESS (cont'd)****C. Rules and Regulations (cont'd)**

14. In addition to the provision of this offering, the Company shall not be liable for any claims for damages caused or claimed to have been caused, directly or indirectly, by the transmission to a Caller ID customer of a name and/or telephone number which the calling party has requested to be omitted from the telephone directory or by the disclosing of such name and/or telephone number to any person. The Company shall not be liable for any claims for damages caused or claimed to have been caused, directly or indirectly, by the transmission to a Caller ID customer of a name and/or telephone number which the calling party or the Caller ID customer finds erroneous, offensive, embarrassing, or misleading for any reason, including but not limited to the way in which the calling party's name has been abbreviated. The Company shall not be liable for any claims for damages caused by a telecommunications utility's failure to transmit the privacy to the called party when such indicator has been passed to the telecommunications utility by the Company.

**D. Payment Plans<sup>/1/</sup>**

(C)

1. The Plexar Express Payment Plan offers the customer two optional payment plans. They are as follows:

Fixed Monthly Rate Plan: Under this plan the customer pays a fixed monthly rate for a specified contract term. The customer may choose a 12, 24, 36, 48 or 60 month contract term. During the course of the contract term, recurring and nonrecurring rates are not subject to Telephone Company initiated rate increases.

Month-to-Month Plan: Under this plan the customer elects to pay month to month rates. Month-to-Month recurring and nonrecurring rates are subject to Company initiated rate changes.

All charges specified in this offering, excluding those that are rate referenced from other offerings, are covered under the Plexar Express payment plans. All other rates and charges not specifically covered in this section are not included. Plexar Express access lines are not included in these payment plans.

2. All nonrecurring charges specified within this offering can be converted into monthly charges to be paid over the length of any contract term for initial and subsequent installations of service. Annuity factors utilized in deferring these charges can be found in 'Rules and Regulations Applying to All Customers' Contract' in Part 2, Section 2.
3. Additions to a customer's Plexar Express system can be made at any time. Under a Fixed Monthly Rate Plan, additions can be coterminous with the original contract term or can have a shorter term. Additions to service under the Month-to-Month plan can be made at any time.

/1/ Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar Express Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar Express Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply..

Per System .....			SR2PS		\$80.10		\$5.05 <sup>/1/</sup>	
Per Station .....			SR2		.50		5.05 <sup>/1/</sup>	

/1/ Not applicable if the feature is installed at the same time as the Plexar Express system or station.

/2/ Effective September 30, 2024, customers may not establish new term plans greater than 12 months for Plexar Express Service, and existing term plans greater than 12 months may not be renewed or extended for a term greater than 12 months. AT&T will renew Plexar Express Service payment plans only for additional 12-month terms by written amendment. If a 12-month term is not signed upon expiration of the term, the month-to-month rate listed in the Guidebook will apply.
