e. Local Number Portability (LNP) Query Service

Interstate only, does not apply to the Ohio jurisdiction.

1. EXCEPTIONS (cont'd)

C. IntraLATA Presubscription

1. General

IntraLATA Presubscription is a procedure whereby a subscriber designates to the Telephone Company the carrier which the subscriber wishes to be the carrier of choice for calls subject to IntraLATA Presubscription, as described in Paragraph C.2. following. Such calls are automatically directed to the designated carrier, without any specific codes or number being dialed or pulsed by the subscriber.

IntraLATA Presubscription will become effective subject to the terms of Sections 271(e)(2)(A) and 271(e)(2)(B) of the Telecommunications Act of 1996.

2. Calls Subject to IntraLATA Presubscription

The following calls ("usage calls") are subject to IntraLATA Presubscription:

- a. All IntraLATA message toll calls which are or would otherwise be governed by the provisions of the AT&T Ohio Guidebook, Part 9, Section 1.
- b. All calls originated by customers of Optional Calling Plans which are or would otherwise be governed by the provisions of the AT&T Ohio Guidebook, Part 9, Section 3, except as noted below.

Ameritech Ohio will implement intraLATA toll dialing parity coincident with either grant of authority by the FCC under Section 271 of the Telecommunications Act of 1996 and the certifications of Ameritech Communications, Inc. by the Public Utilities Commission of Ohio to provide interLATA services originating in Ohio or February 8, 1999, whichever occurs sooner.

1. EXCEPTIONS (cont'd)

C. IntraLATA Presubscription (cont'd)

3. Calls Specifically Excluded from IntraLATA Presubscription

All 0- calls, calls to 411, 911, Public Announcement Service calls (976-XXXX), and all local calls except as noted in Paragraph B.2. preceding, are specifically excluded from IntraLATA Presubscription.

Calls using the 500, 700, 800, 888 or 900 service access codes shall be routed in accordance with the North American Numbering Plan.

4. IntraLATA Presubscription Options

Option A - Subscriber selects the Telephone Company as the presubscribed carrier for all IntraLATA usage calls subject to IntraLATA Presubscription.

Option B - Subscriber selects their interLATA toll carrier as the presubscribed carrier for all IntraLATA usage calls subject to IntraLATA Presubscription and InterLATA usage calls.

Option C - Subscriber selects a carrier other than the Telephone Company as the presubscribed carrier for IntraLATA usage calls subject to IntraLATA Presubscription and a different carrier as the presubscribed carrier for all InterLATA usage calls.

Option D - Subscriber may select no presubscribed carrier for Intra and/or InterLATA usage calls, which will require the subscriber to dial a carrier access code to route all intraLATA and/or interLATA toll calls to the carrier of choice for each call.

1. EXCEPTIONS (cont'd)

C. IntraLATA Presubscription (cont'd)

5. Rules and Regulations

Subscribers of record on the effective date of this tariff will retain their current dialing arrangements until they request that they be changed.

Subscribers of record or new subscribers may select either Options A, B, C, or D as their IntraLATA Presubscription choice.

Subscribers may change their selected option and/or presubscribed carrier at any time subject to charges specified in Paragraph 6. following.

6. IntraLATA Presubscription Charges

a. Application of Charges

The Telephone Company will notify subscribers that IntraLATA Presubscription is available through Telephone Company bill inserts, no longer than 60 days following the effective date of IntraLATA Toll Presubscription. The notice will contain a description of IntraLATA Presubscription, how to select among presubscription choices, and related charges. There will be no charge for the initial selection made within 90 days of subscriber notification of IntraLATA Presubscription.

New subscribers will be asked to select a carrier(s) at the time they place an order with the Telephone Company for a Telephone Company Network Access Line (see P.U.C.O. No. 20, Part 2, Section 1, for the definition of Network Access Line). If unable to make a selection at the time they place an order for the Telephone Company Network Access Line, new subscribers will be read a random listing of all available intraLATA carriers to aid in the selection. There will be no charge for the initial selection if the selection is made within 90 days of the initial order placement.

Until the new subscriber informs the Telephone Company of a choice for an intraLATA toll carrier, the new subscriber will be presubscribed to no intraLATA toll carrier, but rather will be required to dial a carrier access code to route the intraLATA toll call to the carrier of choice.

1. EXCEPTIONS (cont'd)

C. IntraLATA Presubscription (cont'd)

6. IntraLATA Presubscription Charges (cont'd)

a. Application of Charges (cont'd)

After the subscriber's initial selection, for any change thereafter, an IntraLATA Presubscription Charge, as set forth in Paragraph 6.b. following applies.

Subscribers may designate that they do not want to select a carrier. This choice is considered a valid presubscription selection and IntraLATA Presubscription Charges will apply to any subsequent change.

When the Telephone Company changes a subscriber's carrier assignment based on carrier-provided Subscriber Lists and a choice discrepancy occurs, and the carrier is unable to produce proper agency authorization, the carrier rather than the subscriber will be billed for IntraLATA Presubscription charges that apply for making that change and/or restoring the subscriber's original assignment.

Access Customer Billing Option - The Access Customer (AC) Billing Option is an agreement between the Telephone Company and the carrier under which the IntraLATA Presubscription charge is assessed to the carrier instead of being charged to the subscriber when the Telephone Company changes a subscriber's carrier assignment. The following two conditions must be met for the AC Billing Option to apply:

- (1) The IntraLATA Presubscription change must be requested via a carrier-provided subscriber list submitted in the Customer Account Record Exchange (CARE) format, or by the end user customer directly to the Telephone Company; and

1. EXCEPTIONS (cont'd)

C. IntraLATA Presubscription (cont'd)

6. IntraLATA Presubscription Charges (cont'd)

a. Application of Charges (cont'd)

- (2) The carrier submitting the IntraLATA Presubscription change has signed an AC Billing Option agreement.

When these conditions have been met, the subscriber will not be assessed the IntraLATA Presubscription Change charge for those IntraLATA Presubscription changes for which the carrier has agreed to pay the Intrastate Presubscription Change charge. The carrier participating in the AC Billing Option will be charged the IntraLATA Presubscription Change charge per line or trunk as set forth in Paragraph 6.b. following.

b. Nonrecurring Charges

Description	Nonrecurring Charge
(1) IntraLATA Presubscription Change Charge, per business or residence line, trunk or port	
- Manual change request	\$ 4.47
- Mechanized change request	1.45

These charges are billed on a per order basis to the usage subscriber of record for a Telephone Company Network Access Line, except as set forth in Paragraph 6.a. preceding.

1. EXCEPTIONS (cont'd)

C. IntraLATA Presubscription (cont'd)

6. IntraLATA Presubscription Charges (cont'd)

c. Waivers

Residence customers who select Ameritech as their intraLATA toll carrier, after the initial PIC selection order request, will be provided with an IntraLATA pre-subscription change charge credit to offset charges per section C.6.b. Residential customers are eligible to participate if they currently do not subscribe to Ameritech as their intraLATA toll carrier. Customer participation is limited to two presubscription changes per calendar year.

Business customers who select Ameritech as their intraLATA toll carrier, after the initial PIC selection order request, will be provided with an intraLATA toll credit to offset presubscription change charges per section C.6.b above. Business customers with nineteen or fewer exchange access lines may receive an annual maximum credit of up to \$165.00 per account. Business customers with twenty or more exchange access lines may receive an annual maximum credit of up to \$500.00 per account. Business customers are eligible to participate if they currently do not subscribe to Ameritech as their intraLATA toll carrier. Customer participation is limited to three presubscription changes per calendar year.

Credits associated with this offer will be provided to business customers with nineteen or fewer exchange access lines by a coupon that may be used to offset Ameritech intraLATA usage charges. Customers must redeem all coupons within ninety (90) days of issuance. Coupons may not be redeemed for cash and have no value until presented to Ameritech for redemption toward the Ameritech intraLATA toll usage.

Credits associated with this offer will be provided to business customers with twenty or more exchange access lines via a credit on their Ameritech bill. The credit is applicable only toward Ameritech intraLATA toll usage on the bill.

1. EXCEPTIONS (cont'd)

D. End User Access Service

1. Rates and Charges

a. Federal Universal Service Fee

Description /Billing Code/	Monthly Rate
Residential	\$0.00
Business	0.00
