**1. SERVICE PROVIDER NUMBER PORTABILITY (cont'd)**

**A. DESCRIPTION**

**Service Provider Number Portability - Location Routing Number (SPNP-LRN)**

- SPNP-LRN depends on AIN/IN technology. LRN is a 10-digit number used to uniquely identify a switch that has ported numbers. The LRN for a particular switch must be a native NPA-NXX assigned to the local exchange provider for that switch and serves as a network address. Telecommunications Carriers routing telephone calls to an end-user that has ported their telephone number from one Telecommunications Carrier to another must perform a database query to obtain the LRN that corresponds to the dialed telephone number. The N-1 telecommunications provider (the next to the last terminating carrier) is responsible for determining the LRN for the call being terminated. The database query is performed for all calls where the NPA-NXX of the called number has been marked in the switch as portable. The Telecommunications Carrier routes the call to the appropriate Telecommunications Carrier based on the LRN.
- SPNP-LRN will be initially deployed in Cleveland by May 15, 1998, and will continue through a phased in deployment which will complete December 1998 according to FCC Docket No. 95-116, as published in the Local Exchange Routing Guide (LERG). Subsequent deployment in additional switches beyond initial deployment pursuant to FCC Docket No. 95-116 and PUCO Case No. 95-845-TP-COI, will be accomplished through receipt of a bona fide request.

**1. SERVICE PROVIDER NUMBER PORTABILITY (cont'd)**

**B. TERMS AND CONDITIONS**

**General**

Service Provider Number Portability (SPNP) is only available to telecommunication carriers for use in the provision of a telecommunications service as specified and to the extent required by the Telecommunications Act of 1996, Pub. L. No. 104-104, 110 Stat. 56 (1996) ("the Act") and the rules and regulations of the Federal Communications Commission and the Public Utilities Commission of Ohio.

Service Provider Number Portability is a service arrangement provided by the Company to Telecommunication Carriers whereby a customer, who switches subscription to local exchange service from the Company to a Telecommunication Carrier is permitted to retain for their use the existing Company assigned telephone number provided that the customer's service location remains within the same Company rate center.

**Rules and Regulations**

SPNP service is only available to Telecommunication Carriers.

SPNP service and facilities will only be provided where technically feasible, subject to the availability of facilities and pursuant to FCC Docket No. 95-116 and PUCO Case No. 95-845-TP-COI, and may only be furnished from properly equipped central offices. SPNP service and facilities are not offered for Mass-Calling NXX Codes, NXX Codes 555, 976, 950, FX service, or Ameritech coin telephone service.

General Regulations as found in Part 2 of this Tariff and Section 1 of this Part apply to this Section unless otherwise specified in this Section. The term "customer", which appears in Part 2 of the General Regulations, is the equivalent of the term "telecommunication carrier" as used in this Section.

**1. SERVICE PROVIDER NUMBER PORTABILITY (cont'd)**

***B. TERMS AND CONDITIONS (cont'd)***

***Rules and Regulations (cont'd)***

Telecommunications Carriers will be assessed Local Number Portability (LNP) Query Charges as defined in F.C.C. No. 2, Section 6, as SPNP-LRN becomes available in an area if the Company performs an LNP database query on behalf of the Telecommunications Carrier.

Interim Arrangements (SPNP-Remote and SPNP-Direct) are only available to Telecommunications Carriers in areas where SPNP-Location Routing Number (LRN) is not available. Telecommunications Carriers shall migrate from Interim Arrangements to SPNP-LRN as soon as practicable, but no later than 120 days from the last day which the F.C.C. has mandated SPNP-LRN be available in a particular Metropolitan Statistical Area (MSA). Any Interim Arrangement (SPNP-Remote and SPNP-Direct in service at the end of the 120 day period will be changed to Remote Call Forwarding and/or Direct Inward Dialing Service. The Telecommunications Carrier will be billed at the rates for Remote Call Forwarding and/or Direct Inward Dialing Service as shown in Part 6 and 7 of this tariff. Requests for Interim Arrangements will also not be processed after the last day which the F.C.C. has mandated SPNP-LRN be available in a particular Metropolitan Statistical Area (MSA). The parties shall provide long-term number portability to each other in accordance with rules and regulations prescribed by the F.C.C. and/or the P.U.C.O.

**1. SERVICE PROVIDER NUMBER PORTABILITY (cont'd)**

**B. TERMS AND CONDITIONS (cont'd)**

**Responsibilities of the Company**

The Company's sole responsibility is to comply with the service requests it receives from the Telecommunication Carrier and to provide SPNP in accordance with its tariff. In the event that the Company becomes aware that a dispute or discrepancy may have occurred, it may insist that the Telecommunication Carrier provide to the Company a signed letter of authorization from the end-user.

The Company is not responsible for the allocation of charges for resold or shared SPNP service or for misdialed calls.

**Responsibilities of the Telecommunication Carrier**

The Telecommunication Carrier is solely responsible to obtain a signed letter of authorization from the end-user for the handling of the disconnection of the end-user's service with the Company, the provision of service by the Telecommunication Carrier and the provision of SPNP service. Should a dispute or discrepancy arise regarding the authority of a Telecommunication Carrier to act on behalf of the end-user, the Telecommunication Carrier is responsible for providing a signed letter of authorization, to the Company. In the event that the Telecommunication Carrier is unable to provide such authorization, the Company may either refuse to disconnect the end-user's service and establish SPNP service as requested by the Telecommunication Carrier or, where the conversion from end-user to SPNP service has already occurred, may choose to restore the end-user's prior service with the Company and terminate SPNP service for that particular end-user. In such event, the Telecommunication Carrier is responsible to compensate the Company for its cancellation costs if the end-user's service had not been disconnected and SPNP service had not yet been established or to pay all applicable restoral costs for terminating the SPNP service and restoring the end-user's prior service with the Company.

The Telecommunication Carrier is responsible for coordinating the provision of service with the Company to assure that its switch is capable of accepting SPNP ported traffic.

**1. SERVICE PROVIDER NUMBER PORTABILITY (cont'd)**

**B. TERMS AND CONDITIONS (cont'd)**

**Responsibilities of the Telecommunication Carrier (cont'd)**

The Telecommunication Carrier is solely responsible to provide equipment and facilities that are compatible with the Company's service parameters, interfaces, equipment and facilities. The Telecommunication Carrier is required to provide sufficient terminating facilities and services at the terminating end of an SPNP call to adequately handle all traffic to that location and is solely responsible to ensure that its facilities, equipment and services do not interfere with or impair any facility, equipment or service of the Company or any of its end-users. In the event that the Company determines in its sole judgment that Telecommunication Carrier will likely impair or is impairing, or interfering with any equipment, facility or service of the Company or any of its end-users, the Company may either refuse to provide SPNP service or terminate it in accordance with other provisions of the Company's tariff.

The Telecommunication Carrier is responsible for providing an appropriate intercept announcement service for any telephone numbers subscribed to SPNP service for which it is not presently providing local exchange service or terminating to an end-user.

**1. SERVICE PROVIDER NUMBER PORTABILITY (cont'd)**

**B. TERMS AND CONDITIONS (cont'd)**

**Responsibilities of the Telecommunication Carrier (cont'd)**

The Telecommunication Carrier is responsible for designating to the Company at the time of its initial service request for SPNP service one of the following options for the handling and processing of Calling Card, Collect, third party, and other operator handled non-sent paid calls<sup>/1/</sup> from or to SPNP assigned telephone numbers: (1) the Connecting-Carrier may request that the Company block all such calls; (2) the Telecommunication Carrier may accept billing from the Company for such calls; or (3) the Telecommunication Carrier may negotiate a separate, detariffed billing and collection agreement with the Company establishing the call handling, processing and billing responsibilities of the parties.

**Limitations of Service**

The Company is not responsible for adverse effects on any service, facility or equipment from the use of SPNP service.

End-to-end transmission characteristics may vary depending on the distance and routing necessary to complete calls over SPNP facilities and the fact that another carrier is involved in the provisioning of service. Therefore, end-to-end transmission characteristics cannot be specified by the Company for such calls.

The Company is not responsible to the Telecommunication Carrier if necessary changes in protection criteria or in any of the facilities, operation, or procedures of the Company renders any facilities provided by a Telecommunication Carrier obsolete or renders modification of the Telecommunication Carrier's equipment necessary except as otherwise required by the Public Utilities Commission of Ohio.

/1/ Effective March 19, 2016, Collect, Person to Person and Bill to Third Number call types are discontinued.

## 1. UNIVERSAL EMERGENCY TELEPHONE NUMBER SERVICE

### A. General

1. When requested by local government authorities, and subject to the availability of facilities, the Company will provide a universal number "911" for the use of Public Safety Answering Points (PSAP's) engaged in assisting local governments in the protection and safety of the general public. Use of the 911 number will provide each caller with telephone access to the appropriate local PSAP.
2. The following regulations apply to "Basic 911" and enhanced "E911" service, hereinafter referred to as 911 Service in this Paragraph A., in addition to the specific regulations, rates and charges covered in B. or C. following, as appropriate.
  - a. Application for 911 service must be executed in writing by each participating local governmental authority or their duly appointed agent. If application is made through an agent of the local government authority, the Company must be provided with evidence, satisfactory to the Company, of the appointment and authority of the agent prior to acceptance of the application and establishment of service. As a minimum, both police and fire departments in each local governmental authority must participate in any 911 service and participation must be in the same 911 service.
  - b. Each participating local governmental authority must furnish to the Company its written agreement, duly executed, by which it shall agree to:
    - (1) Provide and staff the PSAP on a 24 hour continuous basis.
    - (2) Accept responsibility for dispatching, or referring, forwarding or transferring 911 calls to other participating local governmental authorities for the dispatch of police, fire, ambulance or other emergency services to the extent such services are reasonably available.
    - (3) Subscribe to additional local exchange service, at the PSAP location, for administrative purposes, for placing of outgoing calls and for receiving other emergency calls, including calls which might be relayed by Company operators.
    - (4) Make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall promptly notify the Company in the event the system is not functioning properly.

### 3. Conditions of Furnishing Service

- a. This offering is limited to the use of central office number "911" as the universal emergency number and once "911" service has been established in any given area, whether consisting of one or a combination of more than one participating local governmental authority, no other 911 service will be provided within such area.
- b. The "911" emergency number is not intended to replace the telephone service of the various public safety agencies which may participate in the use of this number.

---

**1. UNIVERSAL EMERGENCY TELEPHONE NUMBER SERVICE (cont'd)**

Effective November 11, 1996, new installations of Basic 911 will no longer be made. Existing systems may be retained under current contract terms and conditions or as amended through mutual agreement between the Company and the involved communities. This service will be withdrawn when all existing customers have moved to an alternative 911 Service.

**B. Basic 911 Service**

The following regulations, rates and charges apply to Basic 911 service in addition to the general regulations included in A. preceding.

1. Regulations

- a. Local governmental authorities participating in Basic 911 service must include in the written agreement described in A-2-c preceding, their agreement to:
  - (1) subscribe to a minimum of two central office lines in each central office handling incoming Basic 911 calls and to further subscribe, as necessary, to such additional central office lines per central office to sufficiently handle the projected volume of incoming Basic 911 calls as determined by the Company for a given central office within the community boundaries of the participating local governmental authority; and
  - (2) accept responsibility for serving the entire geographic area served by the central office through which Basic 911 calls are routed to the PSAP, even though the geographic area served by such central office does not coincide with the community boundaries of the participating local governmental authority.

---

**1. UNIVERSAL EMERGENCY TELEPHONE NUMBER SERVICE (cont'd)**

**B. Basic 911 Service (Cont'd)**

1. Regulations (Cont'd)

b. Basic 911 Central Office Lines

(1) At the Company's option, Basic 911 central office lines will be provided for incoming emergency calls via one, or a combination of arrangements below. Such arrangements shall be subject to change at the Company's option.

(a) Dedicated arrangements:

- where Basic 911 central office lines are furnished on a dedicated basis from the central office serving the PSAP.
- where Basic 911 central office lines are routed on a dedicated basis from the originating central office through the central office serving the PSAP to the PSAP.

(b) Non-dedicated arrangements:

- where Basic 911 calls are routed via normal exchange facilities to the central office serving the PSAP or to the PSAP.

(2) A dedicated arrangement for Basic 911 central office lines is required when the originating central office a specified central office code is in an exchange which is not in the local calling area of the exchange in which the PSAP is located.

c. Basic 911 Service Features

(1) Basic 911 lines provide the following service features:

- (a) Forced disconnect which enables the PSAP attendant to release a connection on a Basic 911 call, even if the calling party has not hung up.
- (b) Idle tone application which permits the PSAP attendant to distinguish between calls that have been abandoned before the attendant can answer and calls, where for some reason, the caller is unable to speak.

1. UNIVERSAL EMERGENCY TELEPHONE NUMBER SERVICE (Cont'd)

B. Basic 911 Service (Cont'd)

1. Regulations (Cont'd)

c. Basic 911 Service Features (cont'd)

(2) The following optional features, which require dedicated Basic 911 central office lines terminating in an 8A Emergency Telephone System or comparable customer-provided equipment, may be provided, depending upon the availability of such dedicated Basic 911 lines from each originating central office to the PSAP:

(a) Called party hold which enables the PSAP attendant to retain control of the connection regardless of the switch-hook status of the calling party.

(b) Switchhook status which permits the PSAP attendant, by means of audible and visual signals, to monitor the status of a calling party being held.

(c) Emergency ringback which allows the PSAP attendant to ring a Basic 911 calling party who hangs up after the Basic 911 call has been answered by the attendant. Called party hold is a prerequisite for this feature.

/1/

2. Rates and Charges

a. Monthly rates for PBX trunks or message rate non-residence services, as appropriate, will apply for Basic 911 services terminated at the PSAP. The monthly rate for a Basic 911 service is the rate applicable for the Access Area in which the central office originating the Basic 911 service is located. Foreign central office charges do not apply to Basic 911 services; however, where appropriate, the provisions for foreign exchange service are applicable.

**1. UNIVERSAL EMERGENCY TELEPHONE NUMBER SERVICE (cont'd)**

**B. Basic 911 Service (cont'd)**

2. Rates and Charges (cont'd)

b. Optional Features

The following rates and charges apply per Basic 911 service equipped:

	<u>Installation Charge</u>	<u>Monthly Rate</u>	<u>USOC</u>
(1) Emergency ringback, including Called party hold	\$98.05	\$7.05	91V*
(2) Switchhook Status	81.90	2.50	91X

c. Company or customer-provided equipment may be furnished to terminate Basic 911 services from the Company central offices.

- (1) When Company-provided equipment is furnished, it will be provided at the rates and charges specified in Part 8, Section 8, of this tariff or the AT&T Ohio Guidebook.
- (2) When customer-provided terminal equipment is to be used, it will be furnished in accordance with the regulations, rates and charges set forth in Part 2, Section 9 of this tariff.

d. Tie lines, private line channels, extension lines and other facilities connecting a PSAP to various agencies such as police, fire or ambulance service are provided under the regulations and at the rates and charges set forth in this and other appropriate Company tariffs.

\* Additional codes appear in departmental practices.

---

## 1. CUSTOMER-OWNED, COIN OPERATED TELEPHONES (COCOT)

### ***Service Availability***

Beginning October 22, 2021, new orders for these services will no longer be accepted. Current subscribers may keep their service at its existing location.

Effective March 19, 2016, Collect, Person to Person and Bill to Third Number call types are discontinued.

### **A. Description**

**Answer Supervision (Line Side) - COCOT**; the capability of determining when a positive answer has been returned by the terminating station.

**Billed Number Screening Service - COCOT**; an arrangement which prevents the charging of collect and/or third number billed calls to a customer's telephone number.

**Customer-Owned, Coin Operated Telephone (COCOT) Service**; service furnished for use with customer-owned, pay telephones.

**Directory Assistance - COCOT**; calls placed to the Company to obtain telephone numbers of services located within the same local service area.

**Message Rate Service - COCOT**; service consists of fixed monthly rate for usage packages which include a monthly local usage allowance in the monthly rate.

**Message Toll Telephone Service - COCOT**; furnishing of facilities, other than facilities for exchange service as defined in Part 4 of this tariff for telephone communication between local service areas in accordance with the Terms and Conditions specified in this tariff.

**Operator-Handled Service - COCOT**; service requested of a Company operator, by the person originating a call, which is in addition to the customer-dialed service.

**Telephone Exchange Service - COCOT**; furnishing of facilities necessary for communicating within specified exchange areas. Service is comprised of three components - network access line, central office termination and usage.

---

1. **CUSTOMER-OWNED, COIN OPERATED TELEPHONES (COCOT) (cont'd)**

**B. Definitions**

1. Message Toll Service – COCOT

**Additional Minute Rates** are for each additional minute or any fraction thereof that the connection continues beyond the initial minute.

**Customer-Dialed Service** is that service where the person originating the call, dials the telephone number desired without the assistance of the Company operator, or when facilities are not available for dial completion, gives to a Company operator the telephone number of the desired telephone, private branch exchange system, or private branch exchange station which is reached directly rather than through a private branch exchange attendant; or gives the telephone number assigned to the Miscellaneous Common Carrier (MCC) for interconnected service.

**Initial Minute Rates** are for connections of one minute or any fraction thereof.

**Two Point Message Toll Telephone Service** is that of furnishing toll connections between a COCOT line and a main station or PBX trunk line.

2. Service Establishment and Change Charges

**Billable Network Wiring** is work performed on a customer's premises by a Company employee or representative at the customer's request and not covered by other charges. Any work required to establish or reestablish network access to the Company-provided network interface is excluded.

**Changes in Service** includes changes in telephone service or equipment subsequent to the establishment of such service or equipment, and rearrangements of network wiring (including house cable) which do not involve moves.

---

1. **CUSTOMER-OWNED, COIN OPERATED TELEPHONES (COCOT) (cont'd)**

**B. Definition (cont'd)**

2. Service Establishment and Change Charges (cont'd)

**Establishment of Service** is the initial establishment of telephone service or equipment for a customer, and transfers of telephone service and equipment from one premises to another on non-continuous property subsequent to the establishment of such service or equipment for a customer.

**Moves of Service** includes relocation of telephone service or equipment on the same continuous property subsequent to the establishment of such service or equipment for a customer.

**Network Wiring** work includes travel, preparation, wiring on the network side of the network interface.

**Point of Minimum Penetration (POMP)** is the first point on a customer's premises that the network facilities wiring is accessible.

3. Operator-Handled Services<sup>/1/</sup>

**Station-to-Station calls** are those calls where the person originating the call specifies to a Company operator a particular telephone number to be reached.

**Person-to-Person calls** are those calls where the person originating the call specifies to a Company operator a particular person to be reached or other special arrangements as specified in Part 11 of this tariff or the AT&T Ohio Guidebook.

**Third Number Billed calls** are those calls where the person originating the call specifies to a Company operator to bill the call to an authorized station, as determined by the Company, other than the station originating the call, or the station where the call is terminated.

<sup>/1/</sup> Effective March 19, 2016, Collect, Person to Person and Bill to Third Number call types are discontinued.

---

**1. CUSTOMER-OWNED, COIN OPERATED TELEPHONES (COCOT) (cont'd)**

**C. Terms and Conditions**

In addition to the regulations set forth in other sections of this tariff, the following Terms and Conditions apply to this service.

1. Customer-Owned, Coin Operated Telephone (COCOT) Service
  - a. COCOT service will be provided in accordance with the Terms and Conditions and Pricing for such service and consistent with the characteristics and requirements established by the Public Utilities Commission of Ohio (see Appendix A and Appendix B following for a complete set of such requirements).
  - b. One listing without charge, termed the primary listing, is provided for each call number in connection with COCOT Service as specified in Part 12 of this tariff or the AT&T Ohio Guidebook.
  - c. In addition to the services covered in this part, COCOT customers may subscribe to certain toll and usage plans listed in the optional features and specified in other parts of this tariff or the AT&T Ohio Guidebook.
2. Answer Supervision (Line Side) – COCOT
  - a. This feature is only available from appropriately equipped Central Offices and may be incompatible with other optional Central Office features.
3. Billed Number Screening Service – COCOT
  - a. The Company makes no guarantee and assumes no liability arising out of the use or misuse of Billed Number Screening Service by any other entities, including, but not limited to, Interexchange Carriers. The Company is fully responsible for calls charged to numbers, which should have been prevented by Billed Number Screening Service, that originate and terminate within the Company's service territory, and are not carried over any other carrier's network or facilities.

---

**1. CUSTOMER-OWNED, COIN OPERATED TELEPHONES (COCOT)<sup>/1/</sup> (cont'd)**

**C. Terms and Conditions (cont'd)**

3. Billed Number Screening Service - COCOT (cont'd)
  - b. Billed Number Screening Service is offered subject to the availability of suitable facilities.
  - c. The Service and Equipment Charge is applicable when Billed Number Screening is installed subsequent to the initial establishment of the COCOT line(s) with which it is associated.
4. Directory Assistance Service – COCOT
  - a. Directory Assistance service will be offered by the Company on an interim basis, subject to P.U.C.O. alteration or cancellation.
  - b. Directory Assistance is provided at no charge.
  - c. The number of such telephone numbers furnished on each call shall be limited to two.
5. Message Rate Service – COCOT
  - a. Local calls are each charged on a message unit basis and an additional charge is made for local messages in excess of the allowance. The allowance, if not used during one month, is not credited to the customer's account for any other month that service is provided.

/1/ In accordance with Case No. 96-1310-TP-COI, issued May 22, 1997, and the FCC's CC Docket No. 96-128, Directory Assistance charges assessed to end-users at pay telephone stations are deregulated after October 7, 1997.

---

**1. CUSTOMER-OWNED, COIN OPERATED TELEPHONES (COCOT) (cont'd)**

**C. Terms and Conditions (cont'd)**

6. Message Toll Service (MTS) – COCOT
  - a. Message Toll Service (MTS) refers to intraLATA Message Toll Telephone service furnished or made available the Company and for intraLATA or interLATA Message Toll Telephone Service furnished or to be furnished by other connecting carriers concurring in Part 9 of the AT&T Ohio Guidebook.
  - b. Where reference is made in this tariff to regulations, rates and charges specified in other tariffs of the Company, such tariffs as they now exist, or as they may be revised, added to or supplemented, are hereby adopted and made a part of this tariff.
  - c. Additional Terms and Conditions regarding Message toll service are specified or referenced in Part 9 of the AT&T Ohio Guidebook.
  - d. COCOT equipment and facilities attached to or connected with facilities furnished by the Company for message toll service are subject to the provisions of Part 2, Section 9 of this tariff.
  - e. Where COCOT equipment or facilities are involved in the transmission or reception, or both, of a toll call, the regulations and rates for each call are those applicable for message toll telephone customer-dialed or operator-handled, according to the connection established, as set forth in this section and Part 9 of the AT&T Ohio Guidebook.

---

**1. CUSTOMER-OWNED, COIN OPERATED TELEPHONES (COCOT) (cont'd)**

**C. Terms and Conditions (cont'd)**

**6. Message Toll Service (MTS) – COCOT**

- g. Two classes of two point message toll telephone service are offered, namely, Customer Dialed service and Operator-Handled service. Operator-Handled service is offered for station-to-station calls and person-to-person calls as described in this Part and in Part 11 of this tariff or the AT&T Ohio Guidebook. Additional charges for operator-handled calls, as specified in this Part also apply.
- h. MTS - Initial Minute, Additional Minutes, Service Charges and Discounts
- Two point message toll service rates are quoted in terms of initial minute, additional minutes and service charges.
    - Customer Dialed Station-to-Station: Only initial minute and additional minute rates apply.
    - Automated Calling Card Station-to-Station, Customer Dialed - Operator Assisted - Calling Card Station-to-Station, Operator Handled Station-to-Station and Person-to-Person: Initial minute and additional minute rates apply in addition to a service charge as set forth in Part 11, Section 1 of this tariff or the AT&T Ohio Guidebook.<sup>/1/</sup>
  - Discounts for the Evening and Night, Weekend & Holidays: Application and calculation of discounts rates are specified in Part 9 of the AT&T Ohio Guidebook.
- i. Schedule A and B rates apply as specified in Part 9 of the AT&T Ohio Guidebook.
- j. Rate Discounts and Application Periods

Automatic volume discounts will be provided COCOT customers. The volume discount is based on the total dollar usage per month, per account, for Schedule A and Schedule B customer-dialed station-to-station calls originating from designated exchange areas as set forth in Part 9 of the AT&T Ohio Guidebook. The rate discounts are those set forth in the Prices.

/1/ Effective March 19, 2016, Collect, Person to Person and Bill to Third Number call types are discontinued.

---

Issued: March 18, 2024

Effective: May 9, 2024

In accordance with the Public Utilities Commission of Ohio, Case No. 24-0247-TP-CIO, dated March 18, 2024.

By Molly Kocour Boyle, President, Columbus, Ohio

ATT TN OT-24-0006

---

**1. CUSTOMER-OWNED, COIN OPERATED TELEPHONES (COCOT) (cont'd)**

**C. Terms and Conditions (cont'd)**

7. Operator-Handled Services<sup>/1/</sup>

- a. A service charge applies to each
- automated calling card station-to-station call,
  - customer-dialed, operator-assisted, calling card station-to-station call,
  - operator-handled station-to-station call,
  - third number billed call, and
  - person-to-person call.

This charge is added to the initial minute and additional minute charges. Discounts do not apply to the service charge.

8. Service Establishment and Change Charges - COCOT

- a. Nonrecurring charges (NRC) are applicable for the following work functions required to establish COCOT Service:
- (1) **Service Ordering Charge** - A nonrecurring charge which covers receiving, recording and processing information necessary to execute a customer's request for service.
  - (2) **Central Office Connection Charge** - A nonrecurring charge for establishing or changing central office connections which may include, but are not limited to, circuit design work and establishing or changing central office connections.
  - (3) **Line Connection Charge** - A nonrecurring charge for performing any of the operations associated with the connection of the network access line and a network interface.
  - (4) **Network Wiring Charge** - A one-time charge consisting of a time-sensitive network wiring charge required to perform customer requested work on the customer's premises, except work required to establish or reestablish network access.

/1/ Effective March 19, 2016, Collect, Person to Person and Bill to Third Number call types are discontinued.

---

**1. CUSTOMER-OWNED, COIN OPERATED TELEPHONES (COCOT) (cont'd)**

**C. Terms and Conditions (cont'd)**

8. Service Establishment and Change Charges - COCOT (cont'd)
- a. (cont'd)
- (5) **Miscellaneous Service or Features Charge** - A nonrecurring charge per individual COCOT line per occasion to establish one or more available Central Office Optional Line Features (other than Calling Party Number Blocking or Call Trace) or Billed Number Screening Service.
- (6) **Directory Listing Change Charge** - A nonrecurring charge for each change from listed to private or semi-private listing service or from semi-private to private listing service
- (7) **Telephone Number Change Charge** - A nonrecurring charge applied for each change of a telephone number at the request of a customer except that no charge applies for a change in telephone number
- (a) initiated by the Company
- (b) made to clear service problems such as excessive wrong number calls, excessive calls for previous customers to that telephone number, etc.
- (c) made on a temporary basis in order to stop abusive, harassing, or threatening telephone calls, provided that such calls had been previously reported to the Company.
- b. Service Establishment and Change Charges apply in addition to all other rates and charges for services provided by the Company.
- c. The charges for changes should not exceed the charges that would apply if the same services or equipment were removed and re-established.

---

**1. CUSTOMER-OWNED, COIN OPERATED TELEPHONES (COCOT) (cont'd)**

**C. Terms and Conditions (cont'd)**

8. Service Establishment and Change Charges - COCOT (cont'd)

d. Network Wiring Charge (NWC)

- (1) The network wiring charge (NWC) applies for the delivery, installation, move or change of all equipment when a premises visit is required to perform such work.
- (2) When a premises visit is made at the request of a customer to perform work for which network wiring charges apply, a NWC applies unless the entire portion of the order which necessitated the premises visit is canceled.
- (3) A NWC applies separately per telephone craftsman scheduled by the Company to perform billable work on the customer's premises. When a customer requests a shorter work interval which would utilize additional telephone craftsmen, the NWC applies separately per telephone craftsman performing such work.
- (4) The NWC applies when a premises visit is made at the request of a customer for the sole purpose of converting non-modular termination points to a network interface.
- (5) For any work charges not provided for in this or other applicable tariffs or the AT&T Ohio Guidebook, the customer is charged the estimated cost to be incurred, unless otherwise specified.
- (6) Should the customer request that the location of the network interface be other than that designated by the Company, the NWC charges will apply for the additional work required.

---

**1. CUSTOMER-OWNED, COIN OPERATED TELEPHONES (COCOT) (cont'd)**

**C. Terms and Conditions (cont'd)**

8. Service Establishment and Change Charges - COCOT (cont'd)
- d. Network Wiring Charge (NWC) (cont'd)
- (7) Should the customer request that a network interface other than the standard be placed at the NI location, the NWC and nonrecurring charge for the requested jack, as specified in Part 3 of this tariff, apply.
- (8) No NWC applies for the following customer initiated requests providing work is limited to that specified below.
- (a) Complete termination of service. (Includes disconnections initiated by the Company.)
- (b) Disconnection or removal of equipment.
- e. Expense Incurred Option for Relocation of Service: On relocations of service to non-continuous property locations within territory served by the Company, in lieu of paying all applicable establishment, nonrecurring and termination charges, a COCOT customer for which the initial contract period is six months or more, may elect to pay the expense incurred for relocation of service, subject to the following regulations:
- (1) The existing COCOT service involved will be moved from the existing location to the new location with the understanding that the customer will not have continuous service at such locations.
- (2) A new contract period will not apply when the service is established at a new location. Only the unexpired portion of any existing contract periods will continue at the new location.
- f. The absence of a Nonrecurring Charge (NRC) for any specific service does not imply the waiver of appropriate NRCs for other concurrently installed services.

---

**1. CUSTOMER-OWNED, COIN OPERATED TELEPHONES (COCOT) (cont'd)**

**C. Terms and Conditions (cont'd)**

8. Service Establishment and Change Charges - COCOT (cont'd)
- g. The charges specified in this section contemplate work being performed by the Company during the usual working hours on normal working days. When, at the specific request of the customer or applicant for service, work is performed at other times, either for the convenience of the customer or applicant for service or for other reasons not under the control of the Company, the expense incurred by the Company in excess of the normal expense of such work, when performed during usual working hours on normal working days, may be billed to the customer or applicant for service, in addition to the charges otherwise applicable.
  - h. In the event of damage to or destruction of a customer's premises by fire, flood or other like disaster, no Service Establishment and Change Charges will apply to the re-establishment on the same continuous property of the same (or less) service furnished to such customer prior to such damage or destruction.
9. Telephone Exchange Service – COCOT
- a. Monthly rates for COCOT network access lines are determined by access area. The COCOT's customer's normal serving central office determines the applicable access area rate. The access areas, by exchange, are shown in Part 4, Section 1 of this tariff. Except where otherwise provided the monthly rates cover the access line and central office termination.
  - b. In addition to the above rates, end user access line charges as filed in Ameritech Operating Companies Tariff F.C.C. No. 2 are applicable.

---

**1. CUSTOMER-OWNED, COIN OPERATED TELEPHONES (COCOT) (cont'd)**

**C. Terms and Conditions (cont'd)**

9. Telephone Exchange Service - COCOT (cont'd)

- c. Quantity Discounts are available with a minimum commitment of 36 months, based upon the volume of network access lines required by a customer at a single location.
  - (1) In the event that a customer terminates any or all the service during the commitment period, the customer will remain liable for the remaining charges adjusted to their net present worth equivalent using the interest rate specified in Section 2, Paragraph 3.7.13. These charges will become due and payable in their entirety immediately upon such termination.
  - (2) Commission approval of the above termination liability language is not intended to indicate that the Commission has sanctioned any particular legal result should a dispute arise between the parties. In the event of a dispute, the signators may pursue any legal remedies they deem appropriate to resolve the dispute.

**D. Features**

Optional Features

ValueLink and ValueLink Plus are available at the Terms and Conditions and at rates specified in Part 9 of the AT&T Ohio Guidebook.

## **2. COCOT-COIN LINE**

Effective March 19, 2016, Collect, Person to Person and Bill to Third Number call types are discontinued.

### **A. Description**

The COCOT Coin Line is an optional exchange access line for use with payphone service. The COCOT Coin Line is provided with central office based features and signaling functionality.

### **B. Definitions**

Call Screening - a screening feature that is provided with the Coin Line. This feature prevents toll fraud by restricting originating non-sent paid operator assisted calls to collect, credit card, or third-party billing.

Coin Control - the capability of collecting or returning coins deposited into the payphone.

Coin Rating - a rate obtained from a table entry built into the Traffic Operator Position Switch (TOPS) with which the coin line interfaces is in the central office.

Coin Supervision - the capability of recognizing and monitoring coins deposited into the payphone.  
End User - consumer making a call from the payphone.

Independent Payphone Provider ("IPP") - the customer of AT&T Ohio subscribing to the Coin Line.

---

**2. COCOT-COIN LINE (cont'd)**

**C. Terms and Conditions**

1. Unless otherwise specified, regulations and charges in this Tariff and the AT&T Ohio Guidebook are in addition to those set forth for COCOT Service in this Part.
2. The Coin Line offers central office based signaling required to enable coin rating, coin control, and coin supervision. The Coin Line also offers certain call screening (see definition above) designed to prevent fraudulent calls from being placed from the customer's payphone.
3. Coin sent paid interLATA calls from Coin Lines may be routed to any Interexchange Carrier selected by the customer which has the required coin signaling capabilities (i.e., coin recognition, coin control, etc.) that are required to complete the call.
4. Until such time as AT&T Ohio is required to provide dialing parity on an intraLATA basis, AT&T Ohio will carry both sent-paid intraLATA calls and operator-assisted intraLATA calls from COCOT coin lines. AT&T Ohio operator services rates, as specified in Part 11, as well as AT&T Ohio intraLATA toll rates, as specified in Part 9 of the AT&T Ohio Guidebook, will apply to end users. At such time that intraLATA dialing parity is established, the COCOT coin line customer may choose either its interLATA carrier, AT&T Ohio or an alternative intraLATA toll/operator services provider for the completion of intraLATA toll calls.
5. No adjustments to the usage rates charged pursuant to 6. following or any other refund will be made in the event of uncollected initial period or overtime coin charges applicable to end users.
6. The customer shall be responsible for payment of all charges for calls originating from or accepted by a Coin Line user.
7. Coin revenues collected at the customer's payphone are the property of the customer.
8. The Coin Line is available only from appropriately equipped central offices.
9. The customer's terminating equipment must be suitably equipped in order to utilize Coin Line features. Such equipment must meet the following interface specifications:

Ameritech Coin Line Interface Specifications: AM-TR-NIS-000095

These specifications are available at no charge by contacting:

APEX Support Team  
(734) 523-7348

10. Service charges and message rate service rates as specified in this Part apply to Coin Line service.

**2. COCOT-COIN LINE (cont'd)**

**D. Prices**

<u>Description</u>	<u>Access Area</u>	<u>Monthly Price</u>
Telephone Exchange Service Network Access Rates <sup>/1/</sup>		
Network Access, per Coin Line	A	-
Network Access, per Coin Line	B	\$ 8.32
Network Access, per Coin Line	C	13.47
Network Access, per Coin Line	D	15.26

2. Other Applicable Charges and Payments

In addition to the above rates, interstate End User Common Line (EUCL) charges as filed in Section 4 of Ameritech Operating Companies Tariff F.C.C. No. 2 are applicable.

/1/ In accordance with the Entry in Case No. 96-1310-TP-COI, dated November 26, 2002 and the Entry on Rehearing in Case No. 96-1310-TP-COI, dated January 16, 2003, the Network Access Rates are not subject to the resale discount. Telephone Exchange Service Network Access Rates are effective as of January 30, 2003.

**2. COCOT-COIN LINE (cont'd)**

**D. Prices (cont'd)**

3. Other Optional Offerings

	<u>Non- recurring Charge</u>	<u>Monthly Rate</u>
<b>Outgoing Only Service</b>	-	-
<b>Restricted Coin Access (RCA)<sup>1/</sup></b>	\$212.00	\$0.82

Outgoing Only Service is an optional service offered to the customer who wishes to maximize payphone usage, or reduce the ability of an end user to conduct business from that location that prohibits incoming calls. Callers will hear a recording stating that the phone is not in service for incoming calls. It is the Payphone service provider's responsibility to state this restriction on the instruction card of the phone.

RCA is an optional service that provides for payphone telephone service where the coin collecting device can be disabled during certain hours at the IPP's discretion, to permit origination of Local calls, Extended Local calls and Message Toll calls to only be charged to a third number, a Company calling card, or placed on a collect basis.<sup>2/</sup> Calls to public emergency numbers such as 911 will continue to be permitted and provided free of charge. All end users placing calls using a coin during restricted hours will have their coins returned. They will hear a recording advising that the phone is not equipped for coin calls during certain hours. It is the Payphone service provider's responsibility to state this restriction on the instruction card of the phone.

/1/ In accordance with the Entry in Case No. 96-1310-TP-COI, dated November 26, 2002 and the Entry on Rehearing in Case No. 96-1310-TP-COI, dated January 16, 2003, the Network Access Rates are not subject to the resale discount. Telephone Exchange Service Network Access Rates are effective as of January 30, 2003.

/2/ Effective March 19, 2016, Collect, Person to Person and Bill to Third Number call types are discontinued.

### **3. CALL DETAIL SERVICE**

#### **A. Description**

Call Detail Service is a service that is available to Independent Payphone Providers (IPP), also known as Customer-Owned, Coin-Operated Telephone (COCOT) service providers. This service provides usage and billing information on certain calls which originate from their pay telephones. Call detail data is provided on the following types of originating calls:

- seven digit code 101XXXX access calls;
- seven digit code 950-1XXX or 950-0XXX access calls;
- 500 access calls;
- 800 and 888 access calls;
- 900 access calls

#### **B. Definitions**

Extended Message Record (EMR) Format

A Bellcore standard used widely in the telecommunications industry.

### **3. CALL DETAIL SERVICE (cont'd)**

#### **C. Terms and Conditions (cont'd)**

1. Call Detail Service for all call types may not be available from all company central office switches. All call data technically available from the switch will be provided to the customer in standard Extended Message Record (EMR) format. Special formatting or screening of certain calls or carriers only will require additional programming at additional charges as specified in the Prices section following. Call Detail Service is provided at the customer's request where equipment and facilities are available.
2. This data will be provided to the IPP customer every month on a per telephone number basis in an available medium that is most economically and technically efficient, and agreeable to both parties. Each Telephone number will be designated by its Automatic Number Identification (ANI).
3. If the information is provided on media provided by the Company, including Diskette or Magnetic tapes, the media remain the property of the Company and are furnished to the customer only on a temporary basis. Magnetic tape density and number of tracks used may vary from time to time.
4. The data will be provided in accordance with standard Bellcore EMR format. The Company makes no further guarantees regarding the completeness and/or accuracy of the call detail data provided through EMR format.
5. Unless otherwise specified, the provision and use of this service is subject to the same General Regulations as all other Telecommunications Services, including those specified in Tariff No. 20, Part 2 Section 2.

#### **D. Features**

##### Standard Features

The following data will be provided for each call:

1. the ANI 10 digit originating telephone number;
2. connect date;
3. connect time;
4. the 10 digit terminating telephone number;
5. call length (billable time);
6. carrier identification;
7. equal access dialing method (ind-21 EMR format);
8. record type (standard Bellcore EMR record identification);
9. carrier call length (conversation length).

**3. CALL DETAIL SERVICE (cont'd)**

**E. Prices**

1. Service Elements

<u>Description</u>	<u>Non-recurring Charge</u>	<u>Month to Month</u>	<u>Monthly Payment Term Payment Plans</u>	
			<u>12 Month</u>	<u>36 Month</u>
Initial network set up, per account	\$100.00	-	-	-
Per call record	-	\$.10	\$.07	\$.05

Customer requests which require special formatting or additional programming, including but not limited to those which are different than the standard Bellcore EMR format provided with the service, will be charged at a rate of \$240.00 per hour. This rate is in addition to the \$200.00 initial nonrecurring charge.

2. Payment Plans

• **Term Payment Plans**

Call Detail Service is offered under Month-to-Month as well as 12 Month and 36 Month Term Payment Plans. Each customer's Term Payment Plan charge becomes fixed at the rate level specified below for the term selected at the time the contract for service is signed and is not subject to Company-initiated changes during the contract period.

**3. CALL DETAIL SERVICE (cont'd)**

**E. Prices (cont'd)**

3. Termination Charges

In the event of termination of the service provided under the 12 or 36 month Term Payment Plans during the contract period, the customer will be liable for a charge equal to the difference between the month-to-month rate and the contracted per-record rate times the sum of the number of records processed since the start of contract period. This termination charge shall upon any such termination immediately become due and payable in its entirety. This contract termination charge can also be expressed as follows:

$$\begin{aligned} &[(\text{month to month per record rate}) - (\text{Contract, Per record rate})] \\ &\quad \times \text{Number of records} \end{aligned}$$

where the number of records is equal to the sum of all records processed at the lower contracted rate since the start of the contract term.

Termination charges shall not apply whenever a customer selects to upgrade to a Call Detail contract of longer term.

Commission approval of the above termination liability language for Call Detail Service is not intended to indicate that the Commission has sanctioned any particular legal result should a dispute arise between the parties. In the event of dispute signatories to such contracts may pursue whatever legal remedies they deem appropriate to resolve the dispute.

1. GENERAL

The rates, charges and conditions for the provision of intrastate Carrier Access Service are as specified in the Ameritech Operating Companies Tariff F.C.C. No. 2, Access Services, as it now exists, and as it may be revised, added to or supplemented. The effectiveness of Section 4, End User Access Service, as applied to Intrastate Customers, has been suspended by the Public Utilities Commission of Ohio.

The rates, charges and conditions for the provision of intrastate Billing and Collection Service are as specified in the AMERITECH OPERATING COMPANIES TARIFF, F.C.C. NO. 1, BILLING AND COLLECTION SERVICES, as it now exists, and as it may be revised, added to or supplemented.

VOIP-PSTN TRAFFIC

This section applies to Toll Intrastate VoIP-PSTN traffic exchanged between the Telephone Company and the customer in time division multiplexing ("TDM") format that originates and/or terminates in Internet protocol ("IP") format. VoIP-PSTN traffic originates and/or terminates in IP format if it originates from and/or terminates to an end-user customer of a service that requires Internet protocol-compatible customer premises equipment. The transitional Intercarrier Compensation framework for VoIP-PSTN traffic adopted by the Federal Communications Commission in its Report and Order, Release No. 11-161 (Nov. 18, 2011) ("FCC Order") directed that this intrastate VoIP-PSTN traffic be billed employing interstate rates.<sup>(</sup>

The intrastate switched access rates in this tariff are the same as the interstate rates for Switched Access rate elements. Therefore, no percentage or VoIP factor is necessary to identify and rate the Toll Intrastate VoIP traffic, nor are modifications to the rates and/or billing necessary as a result of the Toll VoIP-PSTN provisions of the FCC Order.

ACCESS RATES FOR EXPANDED SERVICE AREAS

In accordance with Ohio Administrative Code Section 4901:1-17-14(E), AT&T Ohio's access reciprocal compensation rates for the termination and origination of intrastate switch access reciprocal compensation traffic will not exceed the current rates of the Incumbent Local Exchange Carrier in AT&T Ohio's respective Expanded Service Areas.

1. GENERAL (Cont'd)

- A. The rates, charges and conditions for the provision of intrastate Carrier Access Services are as specified in the following Sections of Ameritech's Tariff F.C.C. No. 2.

Section 1 - Application of Tariff

Section 2 - General Regulations

Section 3 - Carrier Common Line Access Service

Section 4 - End User Access Service and Presubscription

Section 5 - Ordering Options for Switched and Special Access Service

Section 6 - Switched Access Service

Section 7 - Special Access Service

Section 8 - Specialized Network Services

Section 9 - Directory Assistance Service

Section 10 - Federal Government Specialized Service or Arrangements

Section 11 - Special Facilities Routing of Access Services

Section 12 - Specialized Service or Arrangements

Section 13 - Additional Engineering, Additional Labor and Miscellaneous

Section 14 - Operating Territory of the Ameritech Operating Companies

Section 15 - Exceptions to Access Service Offerings

Section 16 - Satellite Television Reception and Transport Service

**1. EXCEPTIONS (cont'd)**

A. Switched Access Service (cont'd)

1. Rates and Charges (cont'd)

b. End-User Complex Line Ports

<u>Description</u>	<u>Rate</u>
(1) End-User Complex Line Port (EUCLP), per individual line or trunk	\$0.00
Centrex ISDN, per individual line or trunk	0.00
ISDN PRI, per individual line or trunk	0.00
Ameritech Digital Trunking, per individual line or trunk	0.00

**1. EXCEPTIONS (cont'd)**

A. Switched Access Service (cont'd)

1. Rates and Charges (cont'd)

c. Payphone Services Provider Line Identification Charge

(1) Rates associated with this offering will not apply intrastate.

Description	Monthly Price
PSP Line Identification, per line equipped	\$0.00

d. Service Provider Number Portability Service (SPNP) Monthly Charge

Interstate only, does not apply to the Ohio jurisdiction.

e. Local Number Portability (LNP) Query Service

Interstate only, does not apply to the Ohio jurisdiction.

**1. EXCEPTIONS (cont'd)**

C. IntraLATA Presubscription

1. General

IntraLATA Presubscription is a procedure whereby a subscriber designates to the Telephone Company the carrier which the subscriber wishes to be the carrier of choice for calls subject to IntraLATA Presubscription, as described in Paragraph C.2. following. Such calls are automatically directed to the designated carrier, without any specific codes or number being dialed or pulsed by the subscriber.

IntraLATA Presubscription will become effective subject to the terms of Sections 271(e)(2)(A) and 271(e)(2)(B) of the Telecommunications Act of 1996.

2. Calls Subject to IntraLATA Presubscription

The following calls ("usage calls") are subject to IntraLATA Presubscription:

- a. All IntraLATA message toll calls which are or would otherwise be governed by the provisions of the AT&T Ohio Guidebook, Part 9, Section 1.
- b. All calls originated by customers of Optional Calling Plans which are or would otherwise be governed by the provisions of the AT&T Ohio Guidebook, Part 9, Section 3, except as noted below.

Ameritech Ohio will implement intraLATA toll dialing parity coincident with either grant of authority by the FCC under Section 271 of the Telecommunications Act of 1996 and the certifications of Ameritech Communications, Inc. by the Public Utilities Commission of Ohio to provide interLATA services originating in Ohio or February 8, 1999, whichever occurs sooner.

---

**1. EXCEPTIONS (cont'd)**

C. IntraLATA Presubscription (cont'd)

3. Calls Specifically Excluded from IntraLATA Presubscription

All 0- calls, calls to 411, 911, Public Announcement Service calls (976-XXXX), and all local calls except as noted in Paragraph B.2. preceding, are specifically excluded from IntraLATA Presubscription.

Calls using the 500, 700, 800, 888 or 900 service access codes shall be routed in accordance with the North American Numbering Plan.

4. IntraLATA Presubscription Options

Option A - Subscriber selects the Telephone Company as the presubscribed carrier for all IntraLATA usage calls subject to IntraLATA Presubscription.

Option B - Subscriber selects their interLATA toll carrier as the presubscribed carrier for all IntraLATA usage calls subject to IntraLATA Presubscription and InterLATA usage calls.

Option C - Subscriber selects a carrier other than the Telephone Company as the presubscribed carrier for IntraLATA usage calls subject to IntraLATA Presubscription and a different carrier as the presubscribed carrier for all InterLATA usage calls.

Option D - Subscriber may select no presubscribed carrier for Intra and/or InterLATA usage calls, which will require the subscriber to dial a carrier access code to route all intraLATA and/or interLATA toll calls to the carrier of choice for each call.

**1. EXCEPTIONS (cont'd)**

C. IntraLATA Presubscription (cont'd)

5. Rules and Regulations

Subscribers of record on the effective date of this tariff will retain their current dialing arrangements until they request that they be changed.

Subscribers of record or new subscribers may select either Options A, B, C, or D as their IntraLATA Presubscription choice.

Subscribers may change their selected option and/or presubscribed carrier at any time subject to charges specified in Paragraph 6. following.

6. IntraLATA Presubscription Charges

a. Application of Charges

The Telephone Company will notify subscribers that IntraLATA Presubscription is available through Telephone Company bill inserts, no longer than 60 days following the effective date of IntraLATA Toll Presubscription. The notice will contain a description of IntraLATA Presubscription, how to select among presubscription choices, and related charges. There will be no charge for the initial selection made within 90 days of subscriber notification of IntraLATA Presubscription.

New subscribers will be asked to select a carrier(s) at the time they place an order with the Telephone Company for a Telephone Company Network Access Line (see P.U.C.O. No. 20, Part 2, Section 1, for the definition of Network Access Line). If unable to make a selection at the time they place an order for the Telephone Company Network Access Line, new subscribers will be read a random listing of all available intraLATA carriers to aid in the selection. There will be no charge for the initial selection if the selection is made within 90 days of the initial order placement.

Until the new subscriber informs the Telephone Company of a choice for an intraLATA toll carrier, the new subscriber will be presubscribed to no intraLATA toll carrier, but rather will be required to dial a carrier access code to route the intraLATA toll call to the carrier of choice.

---

**1. EXCEPTIONS (cont'd)**

C. IntraLATA Presubscription (cont'd)

6. IntraLATA Presubscription Charges (cont'd)

a. Application of Charges (cont'd)

After the subscriber's initial selection, for any change thereafter, an IntraLATA Presubscription Charge, as set forth in Paragraph 6.b. following applies.

Subscribers may designate that they do not want to select a carrier. This choice is considered a valid presubscription selection and IntraLATA Presubscription Charges will apply to any subsequent change.

When the Telephone Company changes a subscriber's carrier assignment based on carrier-provided Subscriber Lists and a choice discrepancy occurs, and the carrier is unable to produce proper agency authorization, the carrier rather than the subscriber will be billed for IntraLATA Presubscription charges that apply for making that change and/or restoring the subscriber's original assignment.

Access Customer Billing Option - The Access Customer (AC) Billing Option is an agreement between the Telephone Company and the carrier under which the IntraLATA Presubscription charge is assessed to the carrier instead of being charged to the subscriber when the Telephone Company changes a subscriber's carrier assignment. The following two conditions must be met for the AC Billing Option to apply:

- (1) The IntraLATA Presubscription change must be requested via a carrier-provided subscriber list submitted in the Customer Account Record Exchange (CARE) format, or by the end user customer directly to the Telephone Company; and

**1. EXCEPTIONS (cont'd)**

C. IntraLATA Presubscription (cont'd)

6. IntraLATA Presubscription Charges (cont'd)

a. Application of Charges (cont'd)

- (2) The carrier submitting the IntraLATA Presubscription change has signed an AC Billing Option agreement.

When these conditions have been met, the subscriber will not be assessed the IntraLATA Presubscription Change charge for those IntraLATA Presubscription changes for which the carrier has agreed to pay the Intrastate Presubscription Change charge. The carrier participating in the AC Billing Option will be charged the IntraLATA Presubscription Change charge per line or trunk as set forth in Paragraph 6.b. following.

b. Nonrecurring Charges

Description	Nonrecurring Charge
(1) IntraLATA Presubscription Change Charge, per business or residence line, trunk or port	
- Manual change request	\$ 4.47
- Mechanized change request	1.45

These charges are billed on a per order basis to the usage subscriber of record for a Telephone Company Network Access Line, except as set forth in Paragraph 6.a. preceding.

**1. EXCEPTIONS (cont'd)**

C. IntraLATA Presubscription (cont'd)

6. IntraLATA Presubscription Charges (cont'd)

c. Waivers

Residence customers who select Ameritech as their intraLATA toll carrier, after the initial PIC selection order request, will be provided with an IntraLATA pre-subscription change charge credit to offset charges per section C.6.b. Residential customers are eligible to participate if they currently do not subscribe to Ameritech as their intraLATA toll carrier. Customer participation is limited to two presubscription changes per calendar year.

Business customers who select Ameritech as their intraLATA toll carrier, after the initial PIC selection order request, will be provided with an intraLATA toll credit to offset presubscription change charges per section C.6.b above. Business customers with nineteen or fewer exchange access lines may receive an annual maximum credit of up to \$165.00 per account. Business customers with twenty or more exchange access lines may receive an annual maximum credit of up to \$500.00 per account. Business customers are eligible to participate if they currently do not subscribe to Ameritech as their intraLATA toll carrier. Customer participation is limited to three presubscription changes per calendar year.

Credits associated with this offer will be provided to business customers with nineteen or fewer exchange access lines by a coupon that may be used to offset Ameritech intraLATA usage charges. Customers must redeem all coupons within ninety (90) days of issuance. Coupons may not be redeemed for cash and have no value until presented to Ameritech for redemption toward the Ameritech intraLATA toll usage.

Credits associated with this offer will be provided to business customers with twenty or more exchange access lines via a credit on their Ameritech bill. The credit is applicable only toward Ameritech intraLATA toll usage on the bill.
