1. ESTABLISHING AND FURNISHING SERVICE

The following general regulations are applicable in addition to regulations, rates and charges specified in other sections of this tariff. Where reference is made in this tariff to regulations, rates and charges specified in other tariffs of the Company or in the AT&T Ohio Guidebook, such tariffs or Guidebook as they now exist, or as they may be revised, added to or supplemented, are hereby adopted and made a part of this tariff.

Any change in rates or regulations authorized by legally constituted authorities effects a modification of all contracts for service to that extent, without further notice.

Establishment of local and message toll telephone service shall take precedence over all other services, except as the public interest shall otherwise require.

1.1 Applications For Service

The Company will generally accept applications for service verbally during usual working hours on normal working days, however the Company reserves the right to require applications for service in writing on forms supplied by the Company.

The Company will accept orders from a customer's duly authorized agent upon demonstration of such agent's authority in a form satisfactory to the Company.

In addition and subject to the appropriate regulatory approvals, the Company may grandfather all services governed by this Tariff in certain geographic areas. Once grandfathered, such services will no longer be available for purchase and existing customers will no longer be able to move, add or change their existing service. (C)
