

SECTION 3 – DESCRIPTION OF SERVICES

3.1 Operator Toll Assistance Services

3.1.1 General

Callers may use Operator Toll Assistance Services to place intrastate calls from their presubscribed telephone line. Calls can originate from either tone-generating or rotary-dial instruments. Unless otherwise indicated in this Guidebook, all calls are billed in increments of one (1) minute subject to a minimum connect time (initial period) of one (1) minute. (C) (C)

3.1.2 Availability

Service is available to a Customer that subscribes to any of the Company's outbound Service offerings and Casual Callers that dial one of the Company's Toll Free Access Numbers.

3.1.3 Access Method

(A) Callers dialing one plus (1+) one of the Company's Toll Free Access Numbers over Switched Access lines will hear recorded messages that guide the caller. Callers may elect to use any of the billing options described in Section 3.1.5 (A), 3.1.5 (B) or 3.1.5 (C) of this Guidebook or may reach the operator for assistance. Callers placing a call from a tone-generating telephone may select one of the various Operator Toll Assistance Services options by pressing the appropriate key on their tone-generating telephone. The call will default to an operator for assistance if (1) the call originates from a rotary telephone or (2) the call originates from a tone-generating telephone and the caller fails to make a selection on its keypad.

(B) Unless otherwise indicated in this Guidebook, callers placing calls over Switched Access lines may also place Operator Toll Assistance Services from Off-Net locations by dialing:

- .1 00 from a presubscribed telephone line and request the long distance operator to complete the call or
- .2 0+ the called number from a presubscribed telephone line

(C) Unless otherwise indicated in this Guidebook, callers may also place Operator Toll Assistance Services from On-Net locations by dialing:

- .1 00 from a presubscribed telephone line and follow the prompts
- .2 0+ the called number from a presubscribed telephone line.

SECTION 3 – DESCRIPTION OF SERVICES

3.1 Operator Toll Assistance Services (continued)

3.1.6 Level of Automation

Operator Toll Assistance Services calls may be completed with or without assistance of an operator. There are three (3) levels of automation for Operator Toll Assistance Services. They are:

(A) Operator Dialed

An operator dialed call occurs when the person originating the call has the ability to dial all the digits necessary for call completion but instead asks the long distance operator to place the call. The operator dials the called number and the billing number. The operator dialed per call charge applies in lieu of the operator assisted per call charge.

The rates for the operator dialed per call charges in Section 4.1.1 or Section 4.1.2 of this Guidebook apply to Station-to-Station calls when the caller has the ability to dial all the digits necessary for call completion but instead asks the long distance operator to place the call. The operator dialed per call charge will not be applied to:

- .1 a call that cannot be completed by the caller due to equipment failure or trouble on the long distance network or
- .2 a call placed by a party identified as disabled and as a result of that disability cannot complete the call.

(B) Operator Assisted

An operator assisted call occurs when the person originating the call reaches an operator by utilizing an access method that involves dialing the called telephone number, but the operator collects the billing information to complete the call.

(C) Fully Automated

The fully automated rate applies if a call:

- placed by a party identified as disabled and as a result of that disability cannot complete the call and the caller requests operator assistance for call completion or
- cannot be completed by the caller due to equipment failure or trouble on the long distance network and the caller requests operator assistance for call completion.

SECTION 3 – DESCRIPTION OF SERVICES

3.1 Operator Toll Assistance Services (continued)

3.1.7 Application of Charges

- (A) There are two (2) rate elements which apply to Operator Toll Assistance Services, a usage charge and a per call charge. The rates for a particular call are determined by the level of automation used (operator dialed, operator assisted, or fully automated).

For certain Operator Toll Assistance Service calls, usage rates also vary depending on whether the call is classified as residential or business. The business rate per minute applies when the call is billed to a telephone number presubscribed to the Company for a Business Service. The residential rate per minute applies when a call is billed to a telephone number presubscribed to the Company for a Residential Service.
- (B) If a Customer, End User, or Casual Caller completes an Operator Toll Assistance Services call by dialing one plus (1+) any of the Group 2 Toll Free Numbers, the rates and charges contained in Section 4.1.1 (B) of this Guidebook apply.
- (C) If a Customer or End User completes an Operator Toll Assistance Service call via any Operator Toll Assistance Service access method described in Section 3.1.3 (B) or 3.1.3 (C) of this Guidebook, the rates and charges contained in Section 4.1.2 of this Guidebook apply to intrastate InterLATA calls and applies to intrastate IntraLATA service.
- (D) If a Casual Caller completes an Operator Toll Assistance Service call via any Operator Toll Assistance Services access method described in Section 3.1.3 (B).1 or 3.1.3 (B).2 of this Guidebook, the rates and charges contained in Section 4.1.2 of this Guidebook apply to InterLATA and IntraLATA calling.
- (E) If a Customer, End User or Casual Caller completes an Operator Toll Assistance Service call via any of the Group 2 Toll Free Access Numbers, this Guidebook applies to both intrastate InterLATA and intrastate IntraLATA calls.

3.2 Directory Assistance Services

3.2.1 General

Directory Assistance Service allows the Customer, End User or Casual Caller to request the telephone number or area code of a party located within the State but outside of the Customer's local calling area. The Directory Assistance operator provides assistance in locating business, residence, and government listings.

3.2.2 Availability

Assistance in obtaining an intrastate Directory Assistance listing is available to any Customer that has access to the Directory Assistance bureau via one of the access methods described in Section 3.2.3 of this Guidebook.

(C)

(D)

(D)

3.2.3 Access Methods

(A) General

Calls to directory assistance may be completed on a fully automated basis or may be completed with the assistance of an operator.

- .1 Customers who presubscribe to any of the Company's outbound Service offerings that utilize Switched Access to reach the long distance network may reach Directory Assistance on their presubscribed line by dialing:
 - .a 1 + area code + 555-1212
 - .b 0 + area code + 555-1212
 - .c 00 and request the long distance operator to connect the caller to Directory Assistance
 - .d one of the Company's Toll Free Access Numbers and request the long distance operator to connect the caller to Directory Assistance or by dialing the area code + 555-1212.
- .2 Reserved for Future Use
- .3 Customers, End Users, and Casual Callers may also reach directory assistance by dialing one of the Company's Toll Free Access Numbers. The call may be completed on a fully automated basis by dialing the area code + 555-1212. The caller may also request the long distance operator to connect the caller to Directory Assistance.

SECTION 3 – DESCRIPTION OF SERVICES

3.2 Directory Assistance Services (continued)

3.2.3 Access Methods (continued)

(B) Call Originates From Off-Net Location

Unless otherwise specified in this Guidebook, Customers, End Users or Casual Callers may also reach Directory Assistance via the following access methods:

- .1 1+ area code + 555-1212
- .2 0+ area code + 555-1212
- .3 00 and request the long distance operator to connect the caller to Directory Assistance
- .4 one of the Company's Toll Free Access Numbers and request the long distance operator to connect the caller to Directory Assistance or by dialing the area code + 555-1212.

(C) Call Originates From On-Net Location

Customers, End Users or Casual Callers may also reach Directory Assistance via:

- .1 1+ area code + 555-1212
- .2 0+ area code + 555-1212
- .3 00 and request the long distance operator to connect the caller to Directory Assistance
- .4 one of the Company's Toll Free Access Numbers and request the long distance operator to connect the caller to Directory Assistance or by dialing the area code + 555-1212.

3.2.4 Features

(A) Multiple Listings

Customers may receive up to two listings per request to Directory Assistance. Regardless of the access method used by the caller to reach Directory Assistance, the two listings requested by the caller may be for telephone numbers located within different area codes.

(B) Automated DACC

Automated DACC provides the caller an option of having an interactive automated system complete a call to the called telephone number listing received from Directory Assistance without the caller hanging up and originating a new call.

- .1 The Company will offer Automated DACC only where technical capability exists to terminate the call.

(B) (continued)

- .2 Reserved for Future Use
- .3 For Customers that subscribe to any of the Company's outbound Services that require Switched Access to reach the long distance network, Automated DACC is available for Directory Assistance accessed via 1 + area code + 555-1212. Automated DACC is blocked via all other access methods.
- .4 Automated DACC calls may not be completed via Group 2 Toll Free Access Numbers.
- .5 When two directory listings are requested, Automated DACC is available for completing the call to the first or second listing.
- .6 Once the caller is provided the desired telephone number, the caller is offered call completion.
- .7 Manual completion of the call from the Directory Assistance operator is not available.

(C) Call Completion By Long Distance Operator

Manual call completion may be required for disabled callers or for callers that originate calls from rotary telephones. These callers should contact the long distance operator for connection to the Directory Assistance operator and request the long distance operator stay on the line to complete the call.

3.2.5 Application of Charges

(A) General

- .1 Directory Assistance charges apply whether or not the Directory Assistance operator furnishes the requested telephone number(s) (e.g., the requested telephone number is unlisted, non-published or no record can be found).
- .2 Customers will be billed a charge for each request of two listings or portion thereof.
- .3 Any calls to Directory Assistance utilizing an operator will be billed the Directory Assistance charge plus the applicable operator services per call charges. If the Customer reaches a long distance operator and the long distance operator connects the Customer to Directory Assistance, the following charges apply:
 - .a Directory Assistance charge pursuant to Section 4.2 of this Guidebook and
 - .b operator dialed per call charge pursuant to Section 4.1.1 or Section 4.1.2 of this Guidebook.

If the long distance operator stays on the line to complete the call for the caller, usage charges also apply pursuant to Section 4.1.1 or Section 4.1.2 of this Guidebook.

3.4.1 MTS

(A) Business MTS

- .1 MTS is an intercity long distance Service available to Business Customers seven (7) days per week, twenty-four (24) hours per day, 365 days per year. With Business MTS, calls are originated from other than a payphone. The desired telephone number is dialed, the call is completed without the assistance of a live or automated operator, and the call is not billed to a number other than the originating number. Calls originate on switched facilities provided by LECs, CLECs or authorized access providers. Business MTS is available to Business Customers that presubscribe to the Company for long distance Service. If a Business Customer presubscribes to the Company for the provision of outbound long distance Service and does not select one of the Company's optional price plans, the Company will provision MTS Service on the Customer's initial order for Service.
- .2 Charges are usage sensitive and vary by day-of-week and time-of-day. Calls are billed in one (1) minute increments, with a minimum call duration of one (1) minute. Peak and off peak rates apply. The peak rate period is 8:00 a.m. to but not including 5:00 p.m., Monday through Friday. The off-peak rate period is all other times. The off-peak rates apply on the following holidays: New Year's Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day. Usage rates for MTS vary depending on whether the presubscribed line is classified as business or residential. Calls billed under this Service offering will not qualify for promotional rates.

(B) Residential MTS

- .1 MTS is an intercity long distance Service provided to Residential Customers seven (7) days per week, twenty-four (24) hours per day, 365 days per year. With MTS, calls are originated from other than a payphone. The desired telephone number is dialed, the call is completed without the assistance of a live or automated operator, and the call is not billed to a number other than the originating number. Calls originate on switched facilities provided by LECs, CLECs or authorized access providers.

Customers may subscribe to MTS service for the provisions of intraLATA only calling (local toll), interLATA only calling (interstate and intrastate), or intraLATA and interLATA calling combined.

.3 Reserved For Future Use

.4 For a specified MRC, the Customer receives a specific amount (block) of time for placing one plus (1+) Direct-Dialed outbound calls that originate from a line presubscribed to the Company. All usage in excess of the selected block of time will be billed at a fixed rate per minute. Any minutes not used in a billing cycle will not be carried over to the next billing cycle. No credits will be given for any unused minutes.

.5 Depending on the rate option selected by the Customer, block of time plans are available for night/weekend (off-peak) calling and anytime calling. The night/weekend or off-peak rate period is from 9:00 p.m. to but not including 7:00 a.m. Monday through Friday and 9:00 p.m. Friday to but not including 7:00 a.m. Monday.

.6 Total monthly usage in a given block of time is determine by measuring each call individually and rounding the call to the next full minute on a per-call basis. Calls are billed based on the rate in effect for the actual time-of-day rate period(s) during which the call occurs. Calls that cross rate period boundaries are billed the rate in effect in that boundary for each portion of the call.

3.4 Outbound Services-Switched Access (continued)

3.4.4 Business Outbound Services

For outbound Services provided via a Switched Access arrangement, Business Customers may subscribe to any of the Company's outbound Service offerings for the provision of (1) intrastate InterLATA and intrastate IntraLATA calling; (2) intrastate InterLATA calling only and select another company for the provision of the Customer's intrastate IntraLATA calling; or (3) intrastate IntraLATA calling only and select another company for the provision of the Customers's intrastate InterLATA calling.

(A) Business Default Plan for Hierarchical Billing -Switched

The Business Default Plan for Hierarchical Billing is a long distance Service available to Customers seven (7) days per week, twenty-four (24) hours per day, 365 days per year. With Business Default Plan for Hierarchical Billing, calls are originated from other than a public or semipublic coin telephone. The desired telephone number is dialed, the call is completed without assistance of a live or automated operator, and the call may not be billed to a number other than the originating number. Calls are originated on switched facilities provided by LECs, CLECs, or authorized providers. This Service is available for Customers utilizing Switched Access to reach the long distance network.

(C)

(D)

(D)

Business Default Plan for Hierarchical Billing is available to Business Customers that presubscribe to the Company for long distance Service and subscribe to a Hierarchical Billing account, as defined in Section 1 of this Guidebook. If the Customer presubscribes to the Company for the provision of outbound long distance Service and requests a Hierarchical Billing account and does not select one of the Company's Business Optional Calling Plans, the Company will provision the Business Default Plan for Hierarchical Billing Service on the Customer's initial order for Service.

Charges are usage sensitive and vary by day-of-week and time-of-day. Calls are billed with a thirty (30) second initial period and six (6) second subsequent periods. Peak and off-peak rates apply. The peak rate period is 8:00 a.m. to but not including 5:00 p.m., Monday through Friday. The off-peak rate period is all other times. The off-peak rates apply on the following holidays: New Year's Day, Independence day, Labor day, Thanksgiving day, and Christmas day.

(B) Calls billed under this Service offering will not qualify for promotional offerings.

3.6.2 Availability

(A) Area of Service

Area of Service allows a TFS Customer to block or allow calls to a given TFS Number based on the originating area of the caller. Area of Service blocking is dependent on valid ANI being delivered in the network. Calls placed from outside the Customer's Area of Service will receive an announcement informing the caller that calls cannot be completed from the caller's location. The call will then be terminated.

(D)
(D)

For TFS terminating via Switched Access, the Customer's minimum area of service is one intrastate area of service.

(B) Originating and Terminating Access

For Business Customers, Toll Free calls may originate on any type of access and may terminate via Switched Access lines to the Customer's location. For Residential Customers, Toll Free calls may originate on any type of access and may terminate via Switched Access lines to the Customer's location.

The customer may select a maximum Area of Service or may selectively block an area. Area of Service blocking is dependent on valid ANI being delivered in the network.
- .2 Calls placed from outside the Customer's Area of Service will receive an announcement informing the caller that calls cannot be completed from the caller's location. The call will then be terminated.

3.6.4 Rules and Regulations

(A) General

If any of the rules and regulations contained in Section 3.6 of this Guidebook, conflict with the rules and regulations contained in Section 6 of this Guidebook, the rules and regulations contained in Section 3.6 of the Guidebook will apply in lieu of the rules and regulations contained in Section 6 of this Guidebook.

(B) Limitations on Service

- .1 TFS is furnished upon the condition that the Customer contracts for adequate facilities to permit the use of this Service without injurious effect upon the Company or any service rendered by Third Party Vendors on behalf of the Company.
- .2 The availability of TFS Numbers from the Company is limited by the Company's ability to obtain TFS Numbers requested by the Customer from the national SMS database.
- .3 If the Company learns that an Applicant or Customer is attempting to sell, barter, trade, or otherwise transfer a TFS Number to another person, the Company may refuse to establish Service or may cancel Service without liability.
- .4 If a Customer's TFS Number is not used by callers other than for test calls to reach the Customer or Customer's designee within ninety (90) days of activation of the TFS Number or within any subsequent ninety (90) day period, the Company may, upon written notice, release the TFS Number without liability. (B) (continued)

.5 If a TFS Customer is found to be non-compliant in passing back appropriate answer supervision, the Company reserves the right to suspend Service temporarily and/or deny requests for additional Service without liability. The Company will give the Customer ten (10) calendar days' written notice via certified U.S. Mail of intent to suspend or deny Service due to such non-compliance.

.6 The Company may terminate or refuse to furnish TFS to any Applicant or Customer, without incurring any liability, if the use of the Service would interfere with or impair any Service offered by the Company.

(C) Use of Service

Nothing herein, or in any other provision of this Guidebook, or in any marketing materials issued by the Company shall give any person any ownership, interest, or proprietary right in any code or TFS Number issued by the Company to its Customers.

(D) Obligations of the Customer

.1 The Company reserves the right to require Business Customer(s) requesting TFS to supply the following information when requesting Service: an initial traffic forecast, identification of anticipated busy hour, identification of its geographical marketing target areas, and a schedule of marketing and promotional activities. A new traffic forecast may be required quarterly after Service is initiated.

.2 A Business Customer subscribing to TFS will provide not less than ten (10) business days' notice prior to implementation of special advertising or other new promotions likely to stimulate usage. The Company reserves the right to request traffic data, which depending on the forecast, may delay Service due to the addition of facilities.

.3 With respect to any Resp Org service or SMS Resp Org changes the Company provides to the TFS Customer, the Customer will indemnify and hold the Company harmless against any third party claims arising out of the execution of changes requested by the Customer.

3.6.4	Rules and Regulations (continued)	
(E)	Reservation of Number(s)	C
.1	The Company will accept a request from a prospective Business Customer for a particular TFS Number and will reserve such number on a first come, first serve basis. A TFS Number so requested, if found to be available, will be reserved for and furnished to the eligible Business Customer, providing the Business Customer:	
.a	subscribes to AT&T Long Distance Toll Free SM Service within forty-five (45) days of the reservation of said number; and	C
.b	provides acceptable credit information; and	
.c	uses the Service within an additional ninety (90) day period.	
	If a Business Customer who has received a Toll Free Number does not subscribe to and use the Service within the ninety (90) day period specified above, the Company reserves the right to make the number available for use by another Customer in accordance with the terms in this section.	
.2	If a TFS Number is changed by the Company for conditions beyond its reasonable control, nothing in any provision of this Guidebook or in any marketing materials issued by the Company or in any agreement between the Customer and the Company shall give any Customer, Applicant, assignee or transferees any ownership interest or proprietary right in any given TFS Number. An Applicant includes a prospective customer who has reserved a toll free telephone number hereunder.	
.3	A Customer who sells an ongoing operating business for which a TFS Number has been in use may transfer the right to continue to use the TFS Number(s) as long as (1) the Company is able to transfer such number under the Company's servicing agreement with vendors who provide a portion of the Service the Company offers to its Customer and (2) the transferee establishes credit pursuant to Section 6 of this Guidebook.

- .1 A Customer may request that the Company release its TFS Number(s) so that another long distance service provider may provide toll free service to a Customer. The Company will release a Customer's TFS Number(s) only upon the following occurrences:
 - .a there are no outstanding unpaid, unresolved or disputed payments or any other payments or indebtedness due and payable to the Company by the Customer or its successors or assignees relative to any communications service(s) or Services(s) provided by the Company; and
 - .b there are no unsatisfied liens or claims for property against which payment for such communications service(s) or Service(s) have been guaranteed or otherwise collateralized.
- .2 The Company reserves the right to withhold its authorization of such transfer of such Customer's TFS Number(s) until the Customer's indebtedness is resolved to the satisfaction of the terms and conditions of this Guidebook and any agreement(s) between the Customer and the Company.
- .3 The failure of the Customer to fulfill the terms and conditions of any agreement with the Company or the attempt to process a change of long distance service provider for the Customer's TFS Number(s) prior to the completion of a contract's terms and conditions (and/or before all payments and indebtedness have been paid or satisfied) shall cause the ownership of the TFS Number(s) to revert from the Customer to the Company, whereupon such Customer shall no longer possess the right to transfer such TFS Number(s) to any other long distance service provider and whereupon the Company shall have the right to reissue said number(s) at its sole discretion to any other party.
- .4 At the discretion of the Company, a cancelled TFS Number may be reestablished for the same Customer within four (4) months and; therefore, it cannot be selected by another Customer during that four (4) month period. After four (4) months, the TFS Number is returned to the pool where it can be selected by another customer under any Resp Org.

SECTION 3 – DESCRIPTION OF SERVICES

3.6 AT&T Long Distance Toll Free Services (continued)

3.6.4 Rules and Regulations (continued)

(G) Minimum Service Period

For Business Customers subscribing to TFS and making an MMC, the minimum Service period is one month. For Business Customers subscribing to TFS and making a MAC, the minimum Service period is the length of the term plan commitment. No minimum service periods apply to Residential Customers subscribing to TFS.

(H) Termination of TFS By Company

.1 If Service is terminated by the Company for violation of this Guidebook, the national SMS/800 data base allows the Company to retain control of all TFS Numbers disconnected for up to a 4-month period. If the Customer rectifies the violation to the satisfaction of the Company, the Company may, in its sole discretion, return the number to the control of the Customer. If the Customer does not rectify the violation within three (3) months, the Company may refuse to:

- .a reconnect the disconnected number for the previous Customer;
- .b transfer disconnected Customer to a third party identified by the Customer; and
- .c process any request to change the Resp Org from the disconnected Customer except as indicated in Section 3.6.4 (F) of this Guidebook.

.2 Reserved for future use.

.3 Customers that are direct-billed must provide the Company updated information within fifteen (15) days of a change in billing address and/or contact information. If the Customer fails to timely provide such updated information, the Company reserves the right to terminate Service on ten (10) days written notice to last know address/contact, and the Customer shall be responsible for any and all cancellation penalties.

(I) Application of Charges

Rates and charges are associated with the Customer's BTN. For an existing Customer who subscribes to TFS in the middle of a billing cycle, monthly recurring charges are prorated based on the amount of time the plan is in effect prior to the first bill. Calls terminating to Switched Access will be rated with switched rates.

(D)
(D)

Unless otherwise indicated in this Guidebook, if a Customer subscribes to any of the optional features described in Section 3.6.3 of this Guidebook, the rates and charges for those optional features are per TFS Number.

SECTION 3 – DESCRIPTION OF SERVICES

3.6 AT&T Long Distance Toll Free Services (continued)

C
D
|
|
D

3.6.5 Switched Access

(A) General

- .1 Toll free calls are originated from any point in the State on any type of access but are terminated via Switched Access lines to the Customer's location. The Customer's TFS Number terminates on the Customer's POTS number.
- .2 Service(s) are available to Customers who utilize Switched Access to reach the long distance network and whose terminating location has a ten (10) digit voice-grade telephone number.

(B) Availability

- .1 TFS is available to Business Customers that subscribe either to the Company (where available) or another long distance carrier as the presubscribed provider of 1+ long distance Service for the POTS telephone number associated with TFS. TFS is available to Residential Customers that subscribe to the Company as the presubscribed provider of 1+ long distance Service for the POTS telephone number associated with TFS.
- .2 If a Business Customer with a single POTS telephone number has combined Services, i.e. outbound and TFS, and chooses to move the outbound long distance service to another long distance carrier leaving only TFS, the Customer's TFS plan must be transferred to the Company's direct bill method. Otherwise, the Company may terminate Service pursuant to Section 6 of this Guidebook. If a Residential Customer chooses to move its outbound long distance service for the POTS telephone number associated with TFS to another long distance carrier leaving only TFS, the Company will terminate TFS pursuant to Section 6 of this Guidebook.

SECTION 3 – DESCRIPTION OF SERVICES

3.6 AT&T Long Distance Toll Free Services (continued)

3.6.5 Switched Access (continued)

(C) Billing

- .1 Customer Subscribes to Any of the Company's High Volume Toll Free Calling Plans
Customers subscribing to any of the Company's High Volume Toll Free Calling plans will be direct-billed.
- .2 Customer Subscribes to All Other TFS Requiring Switched Access To Reach the Long Distance Network
 - .a To enable the Company to bill the Customer for TFS on a LEC or CLEC bill, at least one of the Customer's WTNs associated with the Customer's TFS must be presubscribed to the Company for the provision of 1+ outbound long distance Service and the BAN for the TFS must be the same BAN as the WTN number associated with TFS.
 - .b The Customer will be LEC-billed if the Customer's local service is provided by an Affiliated LEC and CLEC-billed if the Customer's local service is provided by an Affiliated CLEC. The Customer will be direct-billed if the Customer's local service is provided by a non-Affiliated LEC or a non-Affiliated CLEC or if TFS is the only Service the Customer has.

(E) Rating Inbound and Outbound Calls (D)

.1 Usage Rates

The Customer's usage rate for each call is based on (1) whether the call is outbound or inbound TFS; (2) the Customer's MAC; and (3) the length of the Customer's term plan (1-Year, 2-Years, or 3-Years).

(D)

(D)

.2 Billing Increments

Outbound and TFS calls

(D)

For Customers with a MAC, calls are billed in increments of one (1) second subject to a minimum connect time (initial period) of eighteen (18) seconds. This optional pricing plan is rated on an Aggregation ID basis if multiple BTN's are involved.

- (F) Billing

Customers subscribing to any of the AT&T High Volume Calling II Plus plans will be direct-billed.
- (G) Transfer of an Existing TFS to AT&T High Volume Toll Free Calling II Plus A

Customer request to transfer TFS to the AT&T High Volume Toll Free Calling II Plus will be processed as a request to cancel the Customer's existing TFS optional calling plan. To transfer TFS, the Customer must meet the availability requirements for the AT&T High Volume Toll Free Calling II Plus plan. Customer shall be responsible for any and all early termination charges.
- (H) Customers that commit to a MAC of \$600, \$2,400, \$6,000 or \$9,000 must maintain a minimum of two local access lines or Voice Grade Equivalent switched local exchange service from an Affiliate of the Company. Customers that commit to a MAC of \$12,000, \$18,000, \$24,000, \$30,000, \$42,000, \$60,000 or \$90,000 must maintain a minimum of four local access lines or Voice Grade Equivalent switched local exchange service from an Affiliate of the Company. Customers that commit to a MAC of \$120,000, \$180,000 or \$240,000 must maintain a minimum of six local access lines or Voice Grade Equivalent switched local exchange service from an Affiliate of the Company. If the Customer drops below the minimum number of local access lines stated above, the Customer will be moved to AT&T High Volume Calling Plan II as described in Section 3.7.2 of this Guidebook.

If the Customer is moved to AT&T High Volume Calling II or any alternative Service and the Customer's MAC and term plan commitment is equal to or greater than the MAC and term plan commitment for AT&T High Volume Calling II Plus, the Company will credit the Customer's account for the amount of any early termination charges as described in Section 6 of this Guidebook.
- (I) Upon expiration of their existing term plan agreement, Customers subscribing to HVCP II Plus who have a MAC of \$9,000 to \$240,000 will receive Out Of Term rates on a month to month basis. See Section 4.7.27 for the appropriate rates.

(D) Term Agreement¹ (C)

- .1 1-Year term agreements are oral agreements and do not require a signed agreement.
- .2 2-Year term agreements must be signed under any method accepted by the Company, including electronically, and must be received by Company within thirty (30) calendar days from the order date. If the Company does not receive the Customer's signed agreement within the thirty calendar (30) days, the term of the agreement shall default to a 1-Year term under the rates, terms and conditions of this plan.
- .3 If defaulted to a 1-Year term, the 1-Year term will start on the day the Company completes the change from a 2-Year term to a 1-Year term. The Company will endeavor to complete the change within thirty (30) calendar days after the expired due date for receipt of the signed agreement from the Customer.

.4 Term Renewals¹ (C)

.a 1-Year Term Agreements

1-Year term agreements for this plan will automatically renew on the first day after the initial or any renewal term has expired at the then current rates for this plan defined in Section 4.7.48 of this Guidebook. The term will automatically renew until:

.b 2-Year Term Agreements

- .i If the customer wishes to renew this plan for a new 2-Year term, the customer must notify the Company at least thirty (30) days prior to the expiration of their current term of their intention to renew for a new term.
- .ii Customers who fail to contact the Company within thirty (30) days prior to the expiration of their term to request a term renewal will remain on this plan and be billed on a month-to-month basis at the out of term rates defined in Section 4.7.48 of this Guidebook

This plan will remain in effect until either: (a) canceled or changed by the Customer; (b) the Customers terminates Service with the Company; (c) the Company no longer offers this plan to new Customers or to existing Customers moving to new locations or changing the number of access lines# under the BTN to which this plan applies; or (d) the Company notifies the Customer this plan is no longer available for auto-renewal; whichever occurs first.

- .5 The Customer is under no obligation to re-subscribe to the plan after completion of the initial or any renewal term period.

¹Effective August 31, 2021, the AT&T Business Unlimited CallingSM Option 2 plan will no longer be available to new customers. Existing customers may keep this service until they move locations, make changes to their service, or it is discontinued by the Company, whichever comes first. (E) Restrictions

- .1 All business access lines[#] and/or WTN's under the participating BTN must be provisioned on this plan. Customers found in violations shall forfeit eligibility for rates under this plan and will be moved to AT&T Business CallingSM unless an alternative Small Business plan is selected by the Customer.
- .2 This plan is only available for a single BTN. A Customer as a single business entity with more than one (1) BTN at the business entity's service locations is not eligible for this plan unless the subscription to an additional BTN is required for technical reasons by an Affiliate of the Company for the provisioning of DSL[#] service. DSL[#] service billed under a second BTN must be physically located at the same business premise as the original local service.
- .3 This plan may not be used in conjunction with the following: auto dialers, long distance Internet access, long distance Intranet access, call center applications including but not limited to autodialers, PBX trunks, ground start line or trunks, ISDN services, foreign exchange services, public telephone services, public access smart-pay phones, analog to digital conversion digital PBX services, WATS services, PBX/PABX/EABX services, non-square electronic key telephone systems, hybrid key telephone systems, predictive calling/dialing systems, automatic outbound dialing systems, any type of automatic call distribution system, or the functional equivalent of any such system listed above. If the Company determines that the Customer is in violation of above listed restrictions, the Customer shall forfeit eligibility for rates under this plan and will be moved to AT&T Business Calling unless an alternative plan is selected by the Customer.
- .4 Customers who cancel or discontinue any of the qualifying products, services, or features, or whose service is refused, cancelled, or discontinued by the Company or an Affiliate of the Company shall forfeit eligibility for rates under this plan. Customers continuing to subscribe to the Company may be moved to AT&T Business CallingSM.

(D)

Call Detail Suppression provides a summary of all zero-rated calls included in this calling plan, displaying ‘total minutes’ and ‘total number of calls’ in lieu of itemizing each call in the “Call Charges” section of the bill. The Call Detail Suppression is available at no additional charge. Customers who select this optional feature can request the itemized call detail of the Customers zero-rated calls for up to twenty-four (24) previous months’ bills at no charge. Activation and deactivation of the feature will begin on the Customers next billing cycle. Customers may add or remove the Call Detail Suppression optional features from the AT&T Business Unlimited Calling plan at no charge.

(D)

(G) Early Termination Fee/Under Utilization Fee (ETF/UUF)

1. Customers that subscribe to this plan combined with a term plan agreement, and who wish to: (a) change the length of a term plan agreement; or (b) change to another calling plan; must cancel their current term plan agreement and agree to a new term plan agreement with new begin/end dates unless otherwise indicated in this Guidebook.

Customers who cancel this plan prior to the expiration date of their current term plan agreement and who do not qualify under item numbers .2 and .3 below will be required to pay an ETF/UUF. The ETF/UUF shall be 50% of the full MRC rate in effect for this plan at the time of termination multiplied by the number of months remaining in the term.

.2 The Company will not charge an ETF/UUF when the Customer cancels an existing term plan agreement if at the same time the Customer agrees to a new term plan agreement for a different Business calling plan with an MRC or MMC from the Company.

.3 The Company will adjust to zero any ETF/UUF when:

.a the Customer cancels an existing term plan agreement with an MRC or MMC if at the same time the Customer agrees to replace some or all of their existing service with Internet Protocol (IP) service, Wireless, or any functionally equivalent service from an affiliate of the Company for the purpose of placing outbound and/or inbound live voice communications outside of the Customer's local calling area; or

.b the Customer provides notice to the Company of its intent to terminate this plan, or the term agreement for this plan, within thirty (30) calendar days prior to or thirty (30) calendar days after the automatic renewal of the term.

The Plan may be used for fax transmissions, excluding broadcast fax applications. If the Company determines that the Customer is in violation of the above listed restrictions, the Customer shall forfeit eligibility for rates under this plan and will be moved to AT&T Business Calling unless an alternative plan is selected by the Customer. Where customer has more than 10 calls to any single number of a duration of more than 3 hours each during a billing cycle or any single call of greater than 10 hours of duration, Customer will be presumed to be in violation of these restrictions. In such case, Customer may be asked to provide reasonable proof to the Company that it is not using the Service for a prohibited purpose. Failure to provide such proof to the Company shall be treated as a violation of the terms and conditions of this Plan.

(K) Customers subscribing to AT&T Business Unlimited Calling Advantage are eligible for the Call Detail Suppression optional feature. Call Detail Suppression feature provides a summary of all zero-rated calls included in this Business Optional Calling Plan, displaying ‘total minutes’ and ‘total number of calls’ in lieu of itemizing each call in the “Call Charges” section of the bill. The Call Detail Suppression optional feature is available at no additional charge. Customers who select this optional feature can request the itemized call detail of the Customers zero-rated calls for up to twenty-four (24) previous months’ bills at no charge. Activation and deactivation of the feature will begin on the Customers next billing cycle. Customers may add or remove the Call Detail Suppression optional feature from the AT&T Business Unlimited Calling Advantage at any time at no charge.

(D) Restrictions (C)

This plan is provided for standard voice calling involving live dialog between individuals. This plan is not intended for use as a substitute for dedicated or open circuits, or similar applications. This plan may not be used for data connections, including but not limited to, modem to modem calls, remote access applications, Internet access, or Intranet access (including access to corporate LANs). Additionally, this plan may not be used for dedicated point-to-point connections between equipment that leaves a circuit connected without a contemporary, continuous voice communication. The plan may not be used for auto dialers; PBX trunks; ground start line or trunks; ISDN service, including PRI; foreign exchange services; Remote Call Forwarding/Telebranch Service; public telephone service; public access smart-pay phones; analog to digital conversion digital PBX service, including local access provisioned via T-1 facilities; WATS service; PBX/PABX/EABX services; nonsquare electronic key telephone systems; hybrid key telephone systems; predictive calling/dialing systems; automatic outbound dialing systems; any type of automatic call distribution system; or the functional equivalent of any such systems listed above. This plan may be used for fax transmissions, excluding broadcast fax applications (which are prohibited). Where customer has more than 10 calls to any single number of a duration of more than 3 hours each during a billing cycle or any single call of greater than 10 hours of duration, Customer will be presumed to be in violation of these restrictions. In such case, Customer may be asked to provide reasonable proof to the Company that it is not using the Service for a prohibited purpose. Failure to provide such proof to the Company shall be treated as a violation of the terms and conditions of this Plan

- (E) If the Company determines that the Customer is in violation of any of the restrictions or terms and conditions of this plan as specified above, the Customer will forfeit eligibility for rates under this plan and will be moved to AT&T Business CallingSM Monthly unless an alternative plan is selected by the Customer. If moved to AT&T Business CallingSM Monthly, the rates associated with AT&T Business CallingSM Monthly specified in Section 4.7.15 of this Guidebook will apply in lieu of the rates specified in Section 4.7.65 of this Guidebook. (F) Call Detail Suppression (C)

Call Detail Suppression is an optional feature that provides a summary of all zero-rated calls included in this calling plan, displaying 'total minutes' and 'total number of calls' in lieu of itemizing each call in the "Call Charges" section of the bill. Call Detail Suppression is available at no additional charge. Customers who select this optional feature can receive the itemized call detail of their zero-rated calls, for up to twenty-four (24) previous months' bills, at no charge. Activation and deactivation of the feature will begin within the next billing cycle following Customer's request. Customers may add or remove the Call Detail Suppression optional feature from this plan at no charge.

(G) Early Termination Fee/Under Utilization Fee (ETF/UUF) (C)

1. Customers that subscribe to this plan combined with a term plan agreement, and who wish to: (a) change the length of a term plan agreement; or (b) change to another calling plan; must cancel their current term plan agreement and agree to a new term plan agreement with new begin/end dates unless otherwise indicated in this Guidebook.

Customers who cancel this plan prior to the expiration date of their current term plan agreement and who do not qualify under item numbers .2 and .3 below will be required to pay an ETF/UUF. The ETF/UUF shall be 50% of the full MRC rate in effect for this plan at the time of termination multiplied by the number of months remaining in the term.

.2 The Company will not charge an ETF/UUF when the Customer cancels an existing term plan agreement if at the same time the Customer agrees to a new term plan agreement for a different Business calling plan with an MRC or MMC from the Company.

.3 The Company will adjust to zero any ETF/UUF when:

.a the Customer cancels an existing term plan agreement with an MRC or MMC if at the same time the Customer agrees to replace some or all of their existing service with Internet Protocol (IP) service, Wireless, or any functionally equivalent service from an affiliate of the Company for the purpose of placing outbound and/or inbound live voice communications outside of the Customer's local calling area; or

.b the Customer provides notice to the Company of its intent to terminate this plan, or the term agreement for this plan, within thirty (30) calendar days prior to or thirty (30) calendar days after the automatic renewal of the term.

¹This plan is no longer available to new Customers effective May 31, 2012. Existing customers may keep this plan until: (a) they move locations; and/or (b) make changes to their service; or (c) until it is discontinued by the Company, whichever occurs first. (N)

This rate option is available for a 1-Year or 2-Year term agreement. For the MRC specified in Section 4.7.68(D) of this Guidebook, the Customer receives a 5000 minute block of time for placing (1+) Direct-Dialed domestic outbound long distance calling or for both (1+) Direct-Dialed domestic outbound calling and inbound switched TFS calls. See Section 4.7.68(D) of this Guidebook for the per minute rate after the block of time has been used. (C)

3.7.69 All for Less[®] Unlimited

(A) This plan is an outbound calling and optional inbound Switched Toll Free Service (TFS) long distance calling plan. This plan is established at the BTN level. Aggregation of multiple BTNs is not available with this plan. If the Customer or Applicant selects a different long distance calling plan for specific WTNs, the Customer is required to establish a separate BTN for each variation.

(B) This plan is available to Business Customers who:

- .a utilize Switched Access to reach the long distance network for outbound calling and optionally, to receive calls from the long distance network for inbound TFS;
- .b subscribe to the Company for interLATA (interstate and intrastate) and intraLATA (local toll) Service for outbound long distance calling on each AT&T business access line# per service location, and may also subscribe to the Company's TFS for inbound long distance calling;
- .c currently or newly subscribe to and maintain a minimum of one (1) but no more than ten (10) business access lines# (i.e., BTNs and WTNs) from an Affiliated ILEC of the Company (excluding where that Affiliate is operating as a CLEC) on a single BTN account per service location;
- .d subscribe to this plan only on business access lines# subscribing to AT&T Business Local CallingSM# or Custom BizSaver II#, from Affiliated ILEC of the Company;
- .e commit to subscribe to this service for an initial one (1) year term agreement^{1,2}; or under the non-term rate option;
- .f request to be provisioned under this plan; and
- .g meet one or more of the qualification options defined in Section 3.7.69 (C) of this Guidebook.

[#]This service not offered out of this Guidebook.

¹The initial one (1) year term agreement is an oral agreement.

²Effective September 1, 2017, 1-Year terms are no longer available to new Customers. Existing Customers at the end of their current term may request to renew this plan for another 1-Year term, or they may continue to subscribe to this plan on the out of term month-to-month basis, until they move locations and/or make changes to their service, whichever occurs first.

3.7.69 All for Less[®] Unlimited (continued)

- (D) A single business entity with more than one BTN at the business entity's physical service location is eligible for this plan on one (1) BTN only, provided the total number of AT&T business access lines# do not exceed ten (10) at that location. Additionally, service under this plan is limited to one BTN with one (1) to ten (10) business access lines# per legal business entity.
- (E) The Customer may subscribe to this plan for outbound Service only, or for both outbound service and inbound TFS. Customer should specify at the time of ordering if the plan is to be used for outbound calling, or both outbound and inbound TFS calling. Customers subscribing to the plan receive unlimited domestic 1+ direct-dialed outbound calling. Where a Customer subscribes to TFS, inbound toll free calls may originate on any type of access and are terminated via Switched Access to the Customer's location. (See Section 3.6 of this Guidebook for optional features, rules, regulations, and general information regarding TFS; see Section 4.6 of this Guidebook for TFS MRC rates.)
- (F) Inbound Switched TFS are not included in the unlimited minutes of use. TFS calls are billed in increments of six (6) seconds subject to a minimum connect time (initial period) of thirty (30) seconds. TFS per minute rates associated with this plan are subject to change with prior notification to the customer.
- (G) Call Detail Suppression is an optional feature that provides a summary of all zero-rated calls included in this calling plan, displaying 'total minutes' and 'total number of calls' in lieu of itemizing each call in the "Call Charges" section of the bill. Call Detail Suppression is available at no additional charge. Customers who select this optional feature can receive the itemized call detail of their zero-rated calls, for up to twenty-four (24) previous months' bills, at no charge. Activation and deactivation of the feature will begin within the next billing cycle following Customer's request. Customers may add or remove the Call Detail Suppression optional feature from this plan at no charge.
- (H) At the end of a Customer's one (1) year term agreement, if the Customer does not re-subscribe for a new one (1) year term, or cancel services, they may continue with this plan on an out of term month-to-month basis at the out of term month-to-month rates defined in Section 4.7.69 of this Guidebook. Customers on out of term month-to-month rates may contact AT&T if they wish to move to the non-term rate option. (C)
(C)
- (I) This plan will remain in effect until either: (a) canceled or changed by the Customer; (b) the Customer terminates Service with the Company; (c) the Company no longer offers this plan to new Customers or to existing Customers moving to new locations or changing the number of access lines# under the BTN(s) to which this plan applies; or (d) the Company notifies the Customer this plan is no longer available, whichever occurs first.

(J) Early Termination Fee/Under Utilization Fee (ETF/UUF)

- .1 Customers that subscribe to this plan and who wish to change to another calling plan prior to the end of a term agreement must cancel the current term agreement and agree to a new term agreement with new begin/end dates unless otherwise indicated in this Guidebook.

Customers who cancel this plan prior to the expiration date of their current term agreement and who do not qualify under item Section 3.7.69(J) .2 of this Guidebook, will be required to pay an ETF/UUF. The ETF/UUF shall be 50% of the full MRC rate in effect for this plan at the time of termination multiplied by the number of months remaining in the term.

- .2 The Company will not charge an ETF/UUF:

- .a when the Customer cancels an existing term plan agreement if at the same time the Customer agrees to a new term plan agreement for a different Business calling plan with an MRC or MMC from the Company;
- .b when the Customer cancels this plan while under a term agreement if at the same time the Customer agrees to replace some or all of their existing service with Internet Protocol (IP) service, Wireless, or any functionally equivalent service from an Affiliate of the Company for the purpose of placing outbound and/or inbound live voice communications outside of the Customer's local calling area; or
- .c when the Company no longer offers this plan and the Customer moves to a new location or changes the number of access lines# under the BTN(s) to which this Plan applies; or (T)
- .d when subscribing to this plan under a non-term rate option. (N)

(K) Restrictions

This plan is provided for standard voice calling involving live dialog between individuals. This plan is not intended for use as a substitute for dedicated or open circuits, or similar applications. This plan may not be used for data connections, including but not limited to, modem to modem calls, remote access applications, Internet access, or Intranet access (including access to corporate LANs). Additionally, this plan may not be used for dedicated point-to-point connections between equipment that leaves a circuit connected without a contemporary, continuous voice communication. The plan may not be used for auto dialers; PBX trunks; ground start line or trunks; ISDN service, including PRI; foreign exchange services; Remote Call Forwarding/Telebranch Service; public telephone service; public access smart-pay phones; analog to digital conversion digital PBX service, including local access provisioned via T-1 facilities; WATS service; PBX/PABX/EABX services; non-square electronic key telephone systems; hybrid key telephone systems; predictive calling/dialing systems; automatic outbound dialing systems; any type of automatic call distribution system; or the functional equivalent of any such systems listed above. This plan may be used for fax transmissions, excluding broadcast fax applications (which are prohibited).

If the Company determines that the Customer is in violation of any of the restrictions or terms and conditions of this plan as specified above, the Customer will forfeit eligibility for rates under this plan and will be moved to AT&T Business CallingSM Monthly unless an alternative plan is selected by the Customer. If moved to AT&T Business CallingSM Monthly, the rates associated with AT&T Business CallingSM Monthly will apply in lieu of the rates specified in Section 4.7.69 of this Guidebook.

If, during a billing cycle, the Customer has more than 10 calls to any single number of a duration of more than 3 hours each or any single call of greater than 10 hours of duration, the Customer will be presumed to be in violation of these restrictions. In such case, Customer may be asked to provide reasonable proof to the Company that it is not using the Service for a prohibited purpose. Failure to provide such proof to the Company shall be treated as a violation of the terms and conditions of this Plan.

SECTION 3 – DESCRIPTION OF SERVICES

3.10 Miscellaneous

3.10.1 Account Codes^{1,2}

- (A) Account codes are an optional feature associated with outbound long distance Service that provides the Customer the ability to track usage by requiring the caller enter a string of digits ("digit string"). Account codes enable the Customer to obtain call detail from the Company which is sorted and summarized based on digits entered by the caller. See section 4.10.9 or the account code feature MRC.
- (B) The length of the string digits available to a Customer is limited and the number of digits is based on whether the call originates at an On-Net or Off-Net location. The Company controls the length of the string digits. The caller will be allowed three (3) attempts to enter a valid account code before the call is terminated.
- (C) The account codes are available on a mandatory basis only when placing a call, the caller must enter an account code for the call to complete.
- (D) The account codes are available on a validated and non-validated basis. If the Customer subscribes to the validated feature, the caller must enter specific account codes in order to complete the call. If the Customer subscribes to the non-validated feature, the caller may enter any digits as an account code as long as the string is the designated number of digits in length.

¹This feature is no longer available to new Customers effective January 12, 2015. Additionally, concurrent this change, the non-mandatory account code option is discontinued.

²Effective June 12, 2015, no changes will be allowed to Account Code configurations. Network facilities supporting Account Codes are being discontinued in some areas, which will impact the availability of this feature. Existing customers may continue with current Account Code configurations where network capability exists or until the Account Code billing feature is discontinued in its entirety by the Company.

3.10.2 Employee Rate Plans

(A) Employee AT Home Discount Plan also known as SBC@Home

.1 This plan is an outbound long distance optional calling plan available to eligible management employees and eligible retired employees (collectively referred to as “Employees”) of the Company that use Switched Access to reach the long distance network. This optional pricing plan is established at the BTN level. Employees may only subscribe to one optional calling plan per BTN.

.2 The Employee receives unlimited Direct Dialed intrastate IntraLATA, intrastate InterLATA and interstate MOUs when placing one plus (1+) Direct-Dialed outbound calls that originate from a residential telephone line presubscribed to the Company.

(D)
|
(D)

.3 This plan is for Employee residential use only, not for business use (including telemarketing or autodialing). This plan cannot be used for long distance access to the Internet. To continue receiving unlimited Direct-Dialed intrastate IntraLATA, intrastate InterLATA and interstate calling the Employee must subscribe to the Company as the provider for both intrastate and interstate services. If the Employee chooses another carrier to provide intrastate IntraLATA service, they will not receive unlimited intrastate IntraLATA calling from SBC Long Distance. Employees who no longer qualify for this plan, or misuse this service may be moved by the Company to JustCallSM I and the rates described in Section 4.4.3 (AG) of this Guidebook will apply.

(B) Discount Plan

A discount will be given to eligible non-management employees (upon agreement between the Company and unions, where necessary), eligible management employees, and eligible retired employees (upon agreement between the Company and unions, where necessary) that subscribe to any of the Company's Service offerings available to Residential Customers. The discount is applied to the total amount of the long distance bill including but not limited to intrastate, interstate, and International usage, taxes, and surcharges.
