CONCURRING, CONNECTING OR  
OTHER PARTICIPATING CARRIERS

None

SYMBOLS

The following are the only symbols used for the purposes indicated below:

- D - To signify reduction
- I - To signify increase
- C - To signify a change in text or regulation but no change in rate
- M - To signify matter moved to or from another location
- N - To signify new rate or regulation
- O - To signify omission
- T - Temporary rate or surcharge

---

TARIFF FORMAT

- A. Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the Tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.
- B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised page 14 cancels the 3rd revised page 14.
- C. Paragraph Numbering Sequence - There are six levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2.1
  - 2.1.1
  - 2.1.1 (A)
  - 2.1.1 (A).1
  - 2.1.1 (A).1.a
  - 2.1.1 (A).1.a.i
- D. Check Pages - When a Tariff filing is made with the Commission, an updated check page accompanies the Tariff filing. The check page lists the pages contained in the Tariff with a cross-reference to the current revision number. When new pages are added, the check page is changed to reflect the revision.
